Ghosts, Holes, Rips and Scrapes Zachary Lesser, 2021-05-28 Four years before the publication of the First Folio a group of London printers and booksellers attempted to produce a collected works of William Shakespeare not in an imposingly large format but as a series of more humble quarto pamphlets For mysterious reasons perhaps involving Shakespeare s playing company the King s Men the project ran into trouble In an attempt to salvage it information on the title pages of some of the playbooks was falsified making them resemble leftover copies of earlier editions The deception worked for nearly three hundred years until it was unmasked by scholars in the early twentieth century The discovery of these Pavier Quartos as they became known was a landmark success for the New Bibliography and played an important role in establishing the validity and authority of that method of analysis While more recent scholars have reassessed the traditional narrative that the New Bibliographers wrote no one has gone back to look at the primary evidence the quartos themselves In *Ghosts Holes Rips and Scrapes* Zachary Lesser undertakes a completely fresh study of these playbooks Through an intensive bibliographical analysis of over three hundred surviving quartos Lesser reveals evidence that has gone entirely unseen before ghosts faint oily impressions produced when one book is bound next to another holes the tiny remains of the first simple stitching that held pamphlets together and rips and scrapes post production alterations of title pages This new evidence much of it visible only with the aid of enhanced photographic methods suggests that the Pavier Quartos are far more mysterious with far more consequential ramifications for book history and Shakespeare scholarship than we have thought **Printed on Paper** Jane Colbourne, Reba Fishman Snyder, 2009 **Journal of the American Institute for Conservation** American Institute for Conservation of Historic and Artistic Works, 2007 **The American Archivist** , 2007 Includes sections Reviews of books and Abstracts of archive publications Western and Eastern Europe **Introduction to Reference Sources in the Health Sciences** Jeffrey T.
