## Restored To Glory:

**Reading Romans in Context** Zondervan, 2015-07-28 Readers of Paul today are more than ever aware of the importance of interpreting Paul's letters in their Jewish context. In *Reading Romans in Context* a team of Pauline scholars go beyond a general introduction that surveys historical events and theological themes and explore Paul's letter to the Romans in light of Second Temple Jewish literature. In this non-technical collection of short essays beginning and intermediate students are given a chance to see firsthand what makes Paul a distinctive thinker in relation to his Jewish contemporaries. Following the narrative progression of *Romans* each chapter pairs a major unit of the letter with one or more thematically related Jewish text, introduces and explores the theological nuances of the comparative text and shows how these ideas illuminate our understanding of the book of *Romans*.

**The Campaign** Michael Hudson, 2020-03-12 Hope and Change or Make America Great Again these are just some of the recent promises political candidates have campaigned on to get elected. The temptation to put our trust in politicians and political parties is great. After all there have been some great men and women who have run for office and done good things. Yet even so we have an expectation that one day someone will come along who can really fix things. Election after election we keep waiting for that day to arrive. But what if that day has already come? What if that candidate has already come on the scene? What if someone ran for the highest office and was able to keep his campaign promises? Would you vote for that person? What would that campaign look like? Turns out it would look a lot like the Gospel of Mark. *The Campaign* Good News for a Partisan World looks at the Gospel of Mark like a political campaign. Mark comes complete with everything you need for a high stakes contest. It has a reform candidate, primaries, slogans, campaign rallies in different towns, grassroots support, campaign promises, a party platform, opposition from the establishment, debates, false accusations, bribes, election eve sabotage, an assassination, and of course a vote. Read this book and decide for yourself if *The Campaign* is really good news for a partisan world.
