*Competency-based Resumes* Robin

Kessler, Linda A. Strasburg, 2005-01-01 This book shows today's job candidates a new more targeted way to write resumes to get them back on the same playing field with the best employers and improve their odds of winning the job they want. The system an employer uses when filling jobs has changed significantly in the past few years and it is still evolving. Rather than simply looking at an applicant's past jobs, companies are instead looking at candidate's experiences in certain key areas including measurable work habits and the personal skills known as competencies used to achieve objectives at work. Competency Based Resumes offers you a new and effective way to create resumes that emphasize the knowledge, skills, and abilities that you have and employers need.
