Resurgence Of East Asia 500 150 And 50 Year Perspectives:

The Resurgence of East Asia Giovanni Arrighi, Takeshi Hamashita, Mark Selden, 2003 The East Asian expansion since the 1960s stands out as a global power shift with few historical precedents The Resurgence of East Asia examines the rise of the region as one of the world's economic power centres from three temporal perspectives 500 years 150 years and 50 years each denoting an epoch in regional and world history and providing a vantage point against which to assess contemporary developments

A Confucian-Daoist Millennium? Reg Little, 2006 Routledge Handbook of New Media in Asia Larissa Hjorth, Olivia Khoo, 2015-11-06 While a decade ago much of the discussion of new media in Asia was couched in Occidental notions of Asia as a default setting for technology in the future today we are seeing a much more complex picture of contesting new media practices and production As new media becomes increasingly an everyday reality for young and old across Asia through smartphones and associated devices boundaries between art new media and the everyday are transformed This Handbook addresses the historical social cultural political philosophical artistic and economic dimensions of the region's new media Through an interdisciplinary revision of both new media and Asia the contributors provide new insights into the complex and contesting terrains of both notions The Routledge Handbook of New Media in Asia will be the definitive publication for readers interested in comprehending all the various aspects of new media in Asia It provides an authoritative up to date intellectually broad conceptually cutting edge guide to the important aspects of new media in the region as the first point of consultation for researchers advanced level undergraduate and postgraduate students in fields of new media and Asian studies

Chinese Culture, Western Culture Tai Ng, 2007-02 This book explores how complementary Chinese and Western cultures are how they should learn from each other to establish a dynamic balance and how institutions need constant redefinition and renewal in order to prosper By studying the history and development of thought and philosophy in these cultures it suggests lessons from our past that may shed light on current events and help us in handling future challenges The book presents answers to the following important questions Do Chinese people think differently from Westerners and if so how and why What are the key differences between Chinese and Western culture and why How did China become the most technologically advanced and sociologically sophisticated nation in the world until the seventeenth century and why did it ultimately decline What are the key characteristics of political institutions in historical China and Europe and how were they significant In this postmodern time and era of globalization what can we learn from Chinese culture and experiences As China rapidly industrializes what can it learn from the West without repeating some of the mistakes that Europeans and North Americans made in their periods of industrialization

An Economic History of China Richard von Glahn, 2016-03-10 The first comprehensive study of China's economic development across 3 000 years of history to be published in English

Adam Smith in Beijing Giovanni Arrighi, 2020-05-05 In the late eighteenth century the political economist Adam Smith predicted an eventual equalization of power between the West and the territories it had conquered In

this magisterial new work Giovanni Arrighi shows how China's extraordinary rise invites us to reassess radically the conventional reading of The Wealth of Nations He examines how recent US attempts to create the first truly global empire were conceived to counter China's spectacular economic success Now America's disastrous failure in Iraq has made the People's Republic of China the true winner in the US War on Terror China may soon become again the kind of noncapitalist market economy that Smith described an event that will reconfigure world trade and the global balance of power *The Battle for Asia* Mark T. Berger, 2004 This book is a history of the Asian region from 1945 to the present day which delineates the various ideological battles over Asia's development

Global Media Giants Benjamin Birkinbine, Rodrigo Gomez, Janet Wasko, 2016-07-01 Global Media Giants takes an in depth look at how media corporate power works globally regionally and nationally investigating the ways in which the largest and most powerful media corporations in the world wield power Case studies examine not only some of the largest media corporations News Corp The Microsoft Corporation in terms of revenues but also media corporations that hold considerable power within national regional or geolinguistic contexts Televisa The Bertelsmann Group Sony Corporation Each chapter approaches a different corporation through the lens of economy politics and culture giving students and scholars a thoughtful and data driven guide with which to interrogate contemporary media industry power

International Relations of Asia David Shambaugh, 2022-05-06 A 2023 Choice Reviews Outstanding Academic Title This is the most up to date and comprehensive volume on the international relations of Asia and the Indo Pacific The Asian region has become the fulcrum of international relations globally it is the most economically vibrant geostrategically significant socially and culturally diverse and militarily dangerous region in the world The world's leading great powers the United States and China jockey for primacy and vie for influence throughout the region while middle powers India Indonesia Japan and South Korea are extending their regional reach The ten member Association of Southeast Asian Nations ASEAN is collectively important in its own right but has also become the epicenter of US China regional competition While Australia New Zealand and the Pacific Islands largely operate in their own orbits Australia has assumed growing regional impact North Korea and Taiwan are both significant actors but they are also each tinderboxes of potential conflict While the region is geographically sprawling across the Indo Pacific it is tied together economically technologically and strategically No one working in or on Asia cannot afford to read this volume

Routledge Handbook of International Political Economy (IPE) Mark Blyth, 2009-06-02 The study of the International Political Economy IPE like the IPE itself is plural and unbounded Despite what partisans sometimes say rather than there being one way of studying the IPE that is the right way we find across the world great variation in IPE scholarship in terms of focus questions and methods How then can we make sense of this and understand the field as a whole rather than simply learn one part of it This Handbook is designed to address precisely this concern It maps the shifting boundaries and diverse theoretical commitments of IPE around the world It engages the geographical and theoretical diversity of the different versions of IPE found in North America the UK in

Asia and Australia and notes the absences of distinctive versions of IPE in Europe and Latin America The volume groups together the essential attributes and positions of each school inviting the reader to engage with and learn about IPE in all of its guises through this evolving global conversation Rather than adjudicate the one true version of IPE it argues that the intellectual diversity we see around the world is an essential and positive feature of the field With over twenty contributors from a wide range of countries Routledge Handbook of International Political Economy is an essential resource for all those with an interest in this complex and rapidly evolving field of study *Reopening the Opening of Japan* Lewis

Bremner, Manimporok Dotulong, Sho Konishi, 2023-10-30 The Opening of Japan has been central to the retelling of Japan's modern history *Reopening the Opening of Japan* fundamentally reconsiders what that historical moment entailed What did intensified connections between Japan and the world mean both inside and outside of the country and what does this tell us about Japan's historical significance on a global scale The chapters excavate a rich array of surprising cross border connections from the global trade in mummified mermaids to the Japanese Russian intellectual links underpinning the work of Akira Kurosawa Re thinking connectivity through non state transnational perspectives the book guides readers to new ways of doing and writing history Contributors are Lewis Bremner Natalia Doan Manimporok Dotulong Maki Fukuoka Eiko Honda Sho Konishi Mateja Kovacic Joel Littler Chinami Oka Yu Sakai Olga Solovieva and Warren Stanislaus **In Asian**

Waters Eric Tagliacozzo, 2024-10-29 A sweeping account of how the sea routes of Asia have transformed a vast expanse of the globe over the past five hundred years powerfully shaping the modern world In the centuries leading up to our own the volume of traffic across Asian sea routes an area stretching from East Africa and the Middle East to Japan grew dramatically eventually making them the busiest in the world The result was a massive circulation of people commodities religion culture technology and ideas In this book Eric Tagliacozzo chronicles how the seas and oceans of Asia have shaped the history of the largest continent for the past half millennium leaving an indelible mark on the modern world in the process Paying special attention to migration trade the environment and cities *In Asian Waters* examines the long history of contact between China and East Africa the spread of Hinduism and Buddhism across the Bay of Bengal and the intertwined histories of Islam and Christianity in the Philippines The book illustrates how India became central to the spice trade how the Indian Ocean became a British lake between the seventeenth and nineteenth centuries and how lighthouses and sea mapping played important roles in imperialism The volume ends by asking what may happen if China comes to rule the waves of Asia as Britain once did A novel account showing how Asian history can be seen as a whole when seen from the water *In Asian Waters* presents a voyage into a past that is still alive in the present **The Global in the Local** Xin Zhang, 2023-04-04 The story of

globalization in the nineteenth and early twentieth centuries as experienced by ordinary people in the Chinese river town of Zhenjiang Fear swept Zhenjiang as British soldiers gathered outside the city walls in the summer of 1842 Already suspicious of foreigners locals had also heard of the suffering the British inflicted two months earlier in Zhapu A wave of suicides and

mercy killings ensued rather than leave their families to the invaders hundreds of women killed themselves and their children or died at the hands of male family members British observers decried an Asian culture of ritual suicide In reality the event was sui generis a tragic result of colliding local and global forces in nineteenth century China Xin Zhang's groundbreaking history examines the intense negotiations between local societies and global changes that created modern China In the nineteenth and early twentieth centuries world historic political economic and technological developments transformed the textures of everyday life in places like Zhenjiang a midsize river town in China's prosperous Lower Yangzi region Drawing on rare primary sources including handwritten diaries and other personal writings Zhang offers a ground level view of globalization in the city We see civilians coping with the traumatic international encounters of the Opium War Zhenjiang brokers bankrolling Shanghai's ascendance as a cosmopolitan commercial hub and merchants shipping goods to market for the first time on steamships Far from passive recipients the Chinese leveraged resisted and made change for themselves Indeed *The Global in the Local* argues that globalization is inevitably refracted through local particularities Lives on the Left Francis Mulhern, 2011-11-07 The extended critical interview is especially flexible as a form by turns tenacious and glancing elliptical or sustained combining argument and counter argument reflection history and memoir with a freedom normally denied to its subjects in conventional writing formats *Lives on the Left* brings together sixteen such interviews from *New Left Review* in a group portrait of intellectual engagement in the twentieth century and since Four generations of intellectuals discuss their political histories and present perspectives and the specialized work for which they are often best known Their recollections span the century from the Great War and the October Revolution to the present ranging across Europe the Americas Africa and Asia Psychoanalysis philosophy the gendering of private and public life capital and class formation the novel geography and language are among the topics of theoretical discussion At the heart of the collection in all its diversity of testimony and judgement is critical experience of communism and the tradition of Marx relayed now for a new generation of readers *Lives on the Left* includes interviews with Georg Lukács Hedda Korsch Jean Paul Sartre Dorothy Thompson Jiri Pelikan Ernest Mandel Luciana Castellina Lucio Colletti K Damodaran Noam Chomsky David Harvey Adolfo Gilly Jo o Pedro St dila Asada Akira Wang Hui and Giovanni Arrighi *New Left Review* was founded in 1960 in London which has remained its base ever since In fifty years of publication it has won an international reputation as an independent journal of socialist politics and ideas attracting readers and contributors from every part of the world A Spanish language edition is published bi monthly from Madrid *Online at Asia Pacific* Larissa Hjorth, Michael Arnold, 2013 Locating intimacies of place and gender Seoul Spectres of mobile intimacy mobile media in crisis management of 3 11 Tokyo The place of intimate visualities Ba ling hou LBS and camera phones Shanghai Intimate distance sociality and identity in the face of diaspora Manila Generations mobile intimacy and political affect Singapore The place of the domestic smartphones women and labour Melbourne Intimate publics communities and networks in an age of mobile social media Topographies of the intimate mobile
