Through a Glass Darkly John Charles Hawley, 1996 These essays interdisciplinary in their approach demonstrate the variegation of the religious imagination from the broadest historical and denominational scope By examining the works of philosophers and theologians of poets painters and novelists from Saint Mark to Jacques Derrida and from Erasmus Loyola and Milton to Rouault and to Andrew Greeley the essayists seek to answer the question Jesus posed to His disciples Who do you say that I am and to anticipate the equally contentious query How do you say who I am The essays together explore the religious imagination through the question of transcendence using both the age old Christian imagination and the contemporary world wherein the divisions between religious cultures are less fixed an age of imaginative permeability where the absence of God is as present as the presence of God

**Gothic death 1740-1914** Andrew Smith, 2016-09-01 Gothic death 1740 1914 explores the representations of death and dying in Gothic narratives published between the mid eighteenth century and the beginning of the First World War The book investigates how eighteenth century Graveyard Poetry and the tradition of the elegy produced a version of death that underpinned ideas about empathy and models of textual composition Later accounts of melancholy as in the work of Ann Radcliffe and Mary Shelley emphasise the literary construction of death The shift from writing death to interpreting the signs of death is explored in relation to the work of Poe Emily Bront and George Eliot A chapter on Dickens examines the significance of graves and capital punishment during the period A chapter on Haggard Stoker and Wilde explores conjunctions between love and death and a final chapter on Machen and Stoker explores how scientific ideas of the period help to contextualise a specifically fin de siècle model of death

**Glas** Jacques Derrida, 1986 Glas also translated as Clang is a 1974 book by the French philosopher Jacques Derrida It combines a reading of Georg Wilhelm Friedrich Hegel's philosophical works and of Jean Genet's autobiographical writing One of Derrida's more inscrutable books its form and content invite a reflection on the nature of literary genre and of writing

**Veils** Hélène Cixous, Jacques Derrida, Geoffrey Bennington, 2001 This book combines loosely autobiographical texts by two of the most influential French intellectuals of our time Savoir by Hélène Cixous is an account of her experience of recovered sight after a lifetime of severe myopia Jacques Derrida's *A Silkworm of One's Own* muses on a host of motifs including his varied responses to Savoir

*The Gift of Death* Jacques Derrida, 1995-05-15 In *The Gift of Death* Jacques Derrida's most sustained consideration of religion to date he continues to explore questions introduced in *Given Time* about the limits of the rational and responsible that one reaches in granting or accepting death whether by sacrifice murder execution or suicide Derrida analyzes Patocka's *Heretical Essays on the History of Philosophy* and develops and compares his ideas to the works of Heidegger Levinas and Kierkegaard A major work *The Gift of Death* resonates with much

of Derrida's earlier writing and will be of interest to scholars in anthropology philosophy and literary criticism along with scholars of ethics and religion *The Gift of Death* is Derrida's long awaited deconstruction of the foundations of the project of a philosophical ethics and it will long be regarded as one of the most significant of his many writings *Choice* An important contribution to the critical study of ethics that commends itself to philosophers social scientists scholars of religion and those made curious by the controversy that so often attends Derrida *Booklist* Derrida stares death in the face in this dense but rewarding inquiry *Provocative Publishers Weekly* Adorno's Nonidentical and Derrida's Différance. For a Resurrection of Negative Dialectics Stefan Zenklusen, 2020-11-16 The virulent anti Hegelianism of French poststructuralism and its difficult confrontation with Jürgen Habermas has long obscured the closeness of Jacques Derrida's différance to Theodor W Adorno's Nonidentical Taking the overarching theme of identity and difference as a guide we can peel apart what unites and separates these two thinkers In so doing certain de-realizing effects of Derrida's entrapment in signs reveal themselves By contrast Adorno's social and cultural diagnosis when extrapolated to a post Fordian context is astonishingly fruitful Attempts to trivialize negative dialectics as a model of intellectual self understanding from a past age or as an esthetic reserve of ways of life are untenable The Gift of Death, Second Edition & Literature in Secret Jacques Derrida, 2008-04-01 *The Gift of Death* Jacques Derrida's most sustained consideration of religion explores questions first introduced in his book *Given Time* about the limits of the rational and responsible that one reaches in granting or accepting death whether by sacrifice murder execution or suicide Derrida analyzes Czech philosopher Jan Patocka's *Heretical Essays in the Philosophy of History* and develops and compares his ideas to the works of Heidegger Levinas and Kierkegaard One of Derrida's major works *The Gift of Death* resonates with much of his earlier writing and this highly anticipated second edition is greatly enhanced by David Wills's updated translation This new edition also features the first ever English translation of Derrida's *Literature in Secret* In it Derrida continues his discussion of the sacrifice of Isaac which leads to bracing meditations on secrecy forgiveness literature and democracy He also offers a reading of Kafka's *Letter to His Father* and uses the story of the flood in *Genesis* as an embarkation point for a consideration of divine sovereignty An important contribution to the critical study of ethics that commends itself to philosophers social scientists scholars of religion and those made curious by the controversy that so often attends Derrida *Booklist* on the first edition *Cinders* Jacques Derrida, 1991 Jacques Derrida's *Cinders* is among the most remarkable and revealing of this distinguished author's many writings *White* Derrida customarily devotes his powers of analysis to exacting readings of texts from Plato and Aristotle to Freud and Heidegger readers of *Cinders* will soon discover that here Derrida is engaged in a poetic self analysis Ranging across his numerous writings over the past twenty years Derrida discerns a recurrent cluster of arguments and images all involving in one way or another ashes and cinders First published in 1982 revised in 1987 and printed here in a bilingual edition *Cinders* enables readers to follow the development of Derrida's thinking from 1968 to the present as it defines itself as a persistent questioning of origins that invariably leads to

the thought of ash and cinder Written in a highly condensed poetic style *Cinders* reveals some of Derrida's most probing etymological and philosophical reflections on the relation of language to the human It also contains some of his most essential elaborations of his thinking on the feminine and on the legacy of the Holocaust in contemporary poetry and philosophy Uniquely accessible to readers who have only recently begun to read Derrida and essential for all those familiar with Derrida's work *Cinders* is an evocative and thoughtful contribution to our understanding of deconstruction
