Resurrection Rowan Williams, 1994 Combining biblical scholarship with references to contemporary literature philosophy and social psychological issues renowned theologian Rowan Williams shows how the resurrection keeps its meaning for us today Thoughtful textured prose with wonderful literary allusions *The Living Church* **Resurrection** Rowan Williams, 1982 **Resurrection** Rowan Williams, 1982 Easter Faith Gerald O'Collins, 2003 Belief in the resurrection of Jesus is central to the Christian faith But how sure can we be that this belief is well founded In *Easter Faith* one of the most distinguished Catholic biblical scholars and theologians of our time draws on a lifetime s study and research to review the evidence for the credibility of the resurrection The result is a lucid and elegant work that brings together biblical scholarship theology and lived experience into a unique and compelling portrait of the Easter faith of the Christian community

Desire, Gift, and Recognition Jan-Olav Henriksen, 2009-02-15 A major work in the philosophy of religion this book interprets the Jesus story in terms of postmodern philosophy particularly using Jacques Derrida s categories of desire gift and recognition Author Jan Olav Henriksen also attempts to reformulate Christology without resorting to such metaphysical concepts as substance transcendence etc While not denying traditional doctrines Henriksen explicates the meaning of Jesus life and death in ways that engage contemporary philosophy and challenge contemporary academic Christians to rethink the basics of their faith and he outlines the possibility of a post metaphysical Christology Henriksen s book is a clearly reasoned guide not only to the argument that Christology still has something to say to contemporary believers but also to ways in which theologians must learn to reconnect to everyday human experience *The Metaphysics of Historical Jesus Research* Jonathan Rowlands, 2015-10-15 In this book Rowlands interrogates the theological and philosophical foundations of the Quest for the historical Jesus from Reimarus to the present day culminating in a call for greater metaphysical transparency and diversity in the discipline This multidisciplinary approach to historical Jesus research drawing on historiography sociology philosophy and theology makes a significant and original contribution to the field Part I outlines the implicit role of metaphysical presuppositions in historical methodology by examining the concept of an historiographical worldview Part II provides an overview of the Quest for the historical Jesus demonstrating that the disparate historiographical worldviews operative in the Quest evidence a particular shared characteristic in that they might accurately be described as secular Rowlands study concludes with a call for a greater plurality and openness regarding the philosophical and theological presuppositions at work in historical Jesus research *The Metaphysics of Historical Jesus Research* is of interest to students and scholars working on New Testament studies and historical Jesus research **Elements of Christian Thought** Eugene F. Rogers, Jr., 2021-05-25 In the spring of 2020 as the coronavirus pandemic disrupted classrooms around the world teachers scrambled to convert their lectures and presentations into a format more conducive to online and distance learning For Eugene Rogers this meant transcribing as closely as possible the spoken lectures that have made his *Introduction to*

Christian Thought course at UNC Greensboro a course he has taught some forty times justly famous The result is this book an insightful winsome and engaging introduction to the history of Christian thought by a teacher at the height of his craft For Rogers the history of Christian thought is the story of a language it s Christianese if you will that participants use to frame their agreements and their disagreements alike From Anselm to Wyschogrod Rogers introduces us to the most interesting speakers of Christianese and their importance enabling us to both listen in on and take part in the living conversation about God s activity in and for our world

The Sparkle from the Coal Barbara Howard,2024-10-31 Perhaps one of the least appreciated aspects of Rowan Williams is his theology of imagination Seeking to fill this gap this book explores the imaginative impulse operative in Rowan Williams theology and poetry which centres around the notion of divine desire and the way in which imagination can reveal possibility even in the bleakest of circumstances Drawing on his poetic work as well as his theological writing the book explores how Williams theology leads us to a fresh understanding of the ways in which the renewing and enabling energy of the Holy Spirit is ever active within and beyond the Church in enabling human imaginations to cooperate with the divine energy of love in bringing creation to fulfilment

The Cambridge Companion to Jesus Markus Bockmuehl,2001-11-08 This Companion takes as its starting point the realization that Jesus of Nazareth cannot be studied purely as a subject of ancient history a man like any other man History literature theology and the dynamic of a living worldwide religious reality all appropriately impinge on the study of Jesus The two parts of the book roughly correspond to the interdependent tasks of historical description and critical and theological reflection It incorporates the most up to date historical work on Jesus the Jew with the bigger issues of critical method the story of Christian faith and study and Jesus in a global church and in the encounter with Judaism and Islam Written by seventeen leading international scholars the book encourages students of the historical Jesus to discover the vital contribution of theology and students of doctrine to engage the Christ of faith as Jesus the first century Jew

time and eternity and the ideas of thinkers including Aquinas Augustine and Barth Reveals broader insights about history memory and redemption Resonates beyond the field of theological inquiry by offering a broader analysis of war entirely relevant to our time Christology in the New Testament Prof. David L. Bartlett, 2017-08-15 New Testament writers offer varied and persuasive pictures of Jesus that seek to draw people into faith For David Bartlett New Testament Christology is not so much a set of doctrines as a variety of stories songs and scriptural interpretations that help Christian believers and Christian churches follow the Jesus they read about hear about and praise Early Christians framed and told stories shared teachings testified to encounters found solutions to problems acted out in faith and love and sang songs about and to Jesus Christ the resurrected one who represents and shares God's very self to repair and redeem a broken world Baptized by John the Baptist Embarrassingly crucified Teacher and interpreter of Torah Reformer Messiah Proclaimer and agent of a new Kingdom era Lord above and beyond Caesar's empire And most of all a suffering resurrected savior addressed through poetry songs stories titles and ongoing encounters with the community gathered by and in his name Bartlett takes readers on a quick look journey through the New Testament writers understanding of Jesus and his saving significance In the process he reminds Christians and those who would understand their founding documents that these differing context dependent portraits of Jesus are vehicles of a practical living faith They don't just say something they do something revealing an underlying conviction somehow God was in Jesus Christ reconciling the world to God's very self 2 Corinthians 5:19

Personalism and the Politics of Culture P. Grant, 1996-10-02 This book deals with interrelationships between literature and religion to examine the idea of the person in relation to the politics of culture Throughout Patrick Grant maintains that ideology separates value from fact spirit from matter and this separation depersonalises In a series of chapters dealing with body city others freedom and transgression and through a selection of texts from the New Testament to the Northern Irish poets he shows how literature spirituality and postmodern culture might jointly liberate persons in a society committed to democratic process and socialist values **The Church in the Modern World** Erin Brigham, 2014-12-31 The Church in the Modern World Fifty Years after Gaudium et Spes commemorates the fiftieth anniversary of the Second Vatican Council's Pastoral Constitution on the Church in the Modern World Featuring scholars from the Joan and Ralph Lane Center for Catholic Studies and Social Thought this book offers a future orientated analysis by highlighting contemporary social issues through the lens of Gaudium et Spes In part I authors examine the historical political and social significance of the document Part II presents interdisciplinary perspectives on current social issues in light of Gaudium et Spes and contemporary Catholic social thought The book covers such topics as immigration women in the Church environmental ethics human rights economic justice the Church in Africa and liberation theology **God and Difference** Linn Marie Tonstad, 2015-10-05 God and Difference interlaces Christian theology with queer and feminist theory for both critical and constructive ends Linn Marie Tonstad uses queer theory to show certain failures of Christian thinking about God gender and sexuality She employs

queer theory to dissect trinitarian discourse and the resonances found in contemporary Christian thought between sexual difference and difference within the trinity Tonstad critiques a broad swath of prominent Christian theologians who either use queer theory in their work or affirm the validity of same sex relationships arguing that their work inadvertently promotes gendered hierarchy This volume contributes to central debates in Christianity over divine and human personhood gendered relationality and the trinity and provides original accounts of God sexual difference and Christian community that are both theologically rich and thoroughly queer

The Difference Nothing Makes Brian D. Robinette, 2023-02-15 This book explores the doctrinal social and spiritual significance of a central yet insufficiently understood tenet in Christian theology creation from nothing In this original study Brian D Robinette offers an extended meditation on the idea of creation out of nothing as it applies not only to the problem of God but also to questions of Christology soteriology and ecology His basic argument is that creatio ex nihilo is not a speculative doctrine referring to cosmic origins but rather a foundational insight into the very nature of the God world relation one whose implications extend throughout the full spectrum of Christian imagination and practice In this sense it serves a grammatical role it gives orientation and scope to all Christian speech about the God world relation In part 1 Robinette takes up several objections to creatio ex nihilo and defends the doctrine as providing crucial insights into the gifted character of creation Chapter 2 underscores the contemplative dimensions of a theological inquiry that proceeds by way of unknowing Part 2 draws from the field of mimetic theory in order to explore the creative and destructive potential of human desire Part 3 draws upon the Christian contemplative tradition to show how the dark night of faith is a spiritually patient and discerning way to engage the sense of divine absence that many experience in our post religious post secular age The final chapter highlights creatio ex nihilo as an expression of divine love God s love for finitude for manifestation for relationship Throughout Robinette engages with biblical patristic and contemporary theological and philosophical sources including among others Ren Girard Karl Rahner and Sergius Bulgakov

Divine Communion Jay Emerson Johnson, 2013-10-01 Food sex and God these intertwine at the heart of Christian faith and practice This book invites Christian communities to reflect theologically and spiritually on the desire for God and the desire for sexual intimacy as the same fundamental desire for communion This is likewise God s own desire to be in communion with us which Christians celebrate whenever we share a simple meal of bread and wine at the Eucharistic table The longing for intimacy and its disruptions echo throughout our political contestations economic systems racial and ethnic conflicts and ecological crises In no small measure the vitality of Christian witness to the Gospel in the twenty first century depends on exploring the depths of desire itself in the ancient hope for Divine Communion made new

Jesus in the Theology of Rowan Williams Brett Gray, 2016-11-17 Brett Gray traces the portrayal of Christ that emerges throughout Williams diverse writings including in his engagements with literature and philosophy What emerges is a vision of Jesus that grows from the roots of the Christian tradition but is pronounced in a contemporary idiom and sensitive to modern concerns Although attentive to the broad sweep of the Christian tradition Williams Christology is also seen in this book to be a particular British artefact shaped in dialogue with thinkers such as Donald MacKinnon and Gillian Rose What is ultimately brought to the surface in this work is the profoundly hopeful if frequently under pronounced eschatology underlying Williams Christology Jesus is the last word changing creation s possibilities and summoning it into an endless and vivifying journey
