Rethinking Productive Development Inter-American Development Bank,2014-09-04 Productive transformation requires seizing the opportunities available and opening new ones in a competitive world Rethinking Productive Development examines the market failures impeding transformation and the government failures that may make the policy remedies worse than the market illness To address market failures the authors propose a simple conceptual framework based on the scope and nature of the policy approach They then systematically analyze country policies through this lens in key areas such as innovation new firms financing human capital and internationalization to show the power of this way of thinking Still the book warns that policymakers cannot be sure what the right policy interventions are and must set up a process to discover them that calls for public private collaboration Recognizing that the risk of capture needs to be checked and that even the best policies will fail without the technical organizational and political capacity to implement them thebook concludes with ideas on how to design institutions fostering the right incentives and how to grow public sector capabilities over time

Caribbean Development in the New Multipolar World Order Dennis C. Canterbury,2021-08-26 This book addresses the subject of critical development alternatives for the Caribbean Community CARICOM states in a post neoliberal new multipolar world order based on competition and co operation by the United States the European Union China and Russia for natural resources and markets Neoliberal globalization has traditionally restricted economic and political activities in the Caribbean region to Western style free market capitalism and liberal democracy However through an exploration of the new multipolar world order which replaces the US led unipolar global order that existed since the collapse of the former Soviet Union the author argues that today the Caribbean Community states now have real economic and political options for development alternatives Through examining how countries such as China and Russia have risen to economic success in recent years the book seeks to explore how the Caribbean Community states might adopt such features which would allow them to formulate another development such as introducing measures which can bring about a reconciliation between resource use and endowment and reduce inequalities As such it will appeal to scholars of sociology and development studies with interests in the Caribbean region and world order

Financing Climate Futures Rethinking Infrastructure OECD,The World Bank,United Nations Environment Programme,2018-11-28 This report is a joint effort by the OECD UN Environment and the World Bank Group supported by the German Federal Ministry for the Environment Nature Conservation and Nuclear Safety It focuses on how governments can move beyond the current incremental approach to climate action

Development Administration in the Caribbean J. Walker,2002-05-22 A detailed and historical account of both theory and practice this book attempts to make sense of the loose and little understood field of development administration The book focuses on development administration over forty years and identifies key attributes of public bureaucracy which are associated with

bureaucratic performance The associations between bureaucracy's attributes and performance are employed in explaining development differences between Jamaica and Trinidad and Tobago over the period 1960-1995 Associations are explored at the macro level through aggregate data and at the micro level through fascinating case studies of the Industrial Development Corporations (IDCs) associated with economic growth and the Ministry of Education associated with women's empowerment The study establishes clear patterns of associations in the empirical cases and explores the implications of these findings for the theory of development administration

Rethinking Development Geographies Marcus Power, 2004-08-02 Development as a concept is notoriously imprecise, vague, and presumptuous Struggles over the meaning of this fiercely contested term have had profound implications on the destinies of people and places across the globe *Rethinking Development Geographies* offers a stimulating and critical introduction to the study of geography and development In doing so it sets out to explore the spatiality of development thinking and practices The book highlights the geopolitical nature of development and its origins in Empire and the Cold War It also reflects critically on the historical engagement of geographers with the Tropics, the Third World, and the South The dominant economic and political philosophies that shape the policies and perspectives of major institutions are discussed The interconnections between globalization and development are highlighted through an examination of local, national, and transnational resistance to various forms of development The text provides an accessible introduction to the complex and confusing world of contemporary global development Informative diagrams, cartoons, and case studies are used throughout While exploring global geographies of economic and political change *Rethinking Development Geographies* is also grounded in a concern with people and places, the view from below, the views of women, and the view from the South

Neoeextractivism and Capitalist Development Dennis C. Canterbury, 2018-05-15 The large-scale extraction of natural resources for sale in capitalist markets is not a new phenomenon but in recent years global demand for resources has increased leading to greater attention to the role of resource extraction in the development of the exporting countries The term neoeextractivism was coined to refer to the complex of state-private sector policies intended to utilize the income from natural resources sales for development objectives and for improving the lives of a country's citizens However, this book argues that neoeextractivism is merely another conduit for capitalist development reinforcing the position of elites with few benefits for working people With particular reference to the role of neoeextractivism within Latin America and the Caribbean, using Guyana as a case study, the book aims to provide readers with the tools they need to critically analyze neoeextractivism as a development model, identifying alternative paths for improving the human condition This book will be of interest to academics and students in the fields of international development, political economy, sociology, and globalization as well as to policymakers and political activists engaged in social movements in the natural resources sector

An Ethical Turn in Governance Pearson A. Broome, 2021-04-09 The recurring image throughout the developing world is one of the disintegration of civil order, debilitating leaders into a crisis of governance Not a day goes by without extensive media

coverage of some form of corruption perceived or real concerning the lack of productivity and or increasing incidences of fraud and unethical behavior

An Ethical Turn in Governance

The Call for a New Development Narrative posits that the intensification of this crisis is compatible with the root cause of capitalist modernization with its rapid and disorientating changes To mitigate the accompanying effects a call is made for re conceptualization of the search for a solution through incorporating and strengthening the value of an ethical consciousness in our thinking and policies of governance The idea is an urgent possibility perhaps even a controversial and ambitious proposal for countries to begin imagining how it might be brought about and what it would look like The central aim and objective is to move toward a framework for continued theory development and empirical research thereby offering a new narrative on governance and by extension development

Recognizing that the inclusion of an ethical turn in governance is fraught with difficulty because of the different opinions the relativism of different value systems and options identified often derived from the perspectives of various stakeholders a call is made for an interactive discourse in the public sphere The argument advanced is that a body politic with sensible social values germane to the policy process is the best way in which human conduct is ordered guided and appraised in order to live together in well functioning societies critical for the success of any democracy

OECD Regional Development Studies Rethinking Regional Attractiveness in the New Global Environment OECD, 2023-07-05

The Rethinking Regional Attractiveness in the New Global Environment report highlights lessons learned from multiple regional case studies from five EU countries Ireland Italy Portugal Spain and Sweden additional work with Latin American and Caribbean regions and a series of webinars and one on one dialogues on rethinking regional attractiveness The OECD s innovative multidimensional approach to assessing regional attractiveness considers global engagement beyond international connections and economic factors alone

European Bloc Imperialism

Dennis C. Canterbury, 2010 The reinvigorated debate on imperialism in the last two decades focuses on the means by which Euro American capital is currently spread around the globe and the different ways it pillages the wealth of the developing countries The Economic Partnership Agreements being foisted on the Africa Caribbean and Pacific countries by the European Union however has been under the radar of the debate on imperialism This book draws on the experiences of the Caribbean Forum EU EPA to fill that void by bringing into focus the economic partnership agreement as a conduit of European imperialism

Dennis C Canterbury Ph D 2000 in Sociology Binghamton University State University of New York is Associate Professor of Sociology at Eastern Connecticut State University He has published extensively on development issues including Neoliberal Democratization and New Authoritarianism Ashgate 2005

Blood, Bullets And Bodies Imani M. Tafari-Ama, 2017-06-11 Fifth Edition The true story of Blood Bullets and Bodies a critical multimedia expos about the factors subverting the political will to act in the best interest of the poor even when explicit just cause exists for such altruistic action to take place Blood Bullets and Bodies is a strange and paradoxical story that needs to be read as much as it needs to be told It is a riveting story of sex violence political intrigue and survival by any

means necessary The book is a literary mirror that provides a revealing and frightening reflection for a self destructing society to see itself profiled in the throes of its own possible demise Sure to stir controversy the new book contains a compelling rendition of the historical circumstances that have made crime and violence bullets blood and dead bodies the number one problem in late 20th and early 21st century Jamaica Despite the historic One Love Peace Concert and the Peace Truce in 1978 young gunmen seem to have gone wild ever since Using a variety of sophisticated methodological tools including literary sources oral interviews ethnographic studies and the lyrics of popular Reggae songs Imani Tafari Ama details the influences and implications of this violent social discourse for everyday performances of femininity and masculinity in Kingston s inner city environment as well as in the wider Jamaican society Tafari Ama s stated objective in publishing her thesis as a book is to separate fact from fiction in order to find real and enduring solutions that will reduce the distressing flood of blood bullets and bodies that is overflowing the streets of Kingston She hopes that by highlighting some of the facts and exposing much of the fiction about life below the poverty line her provocative book will be a catalyst in motivating the political and community willpower necessary to find and implement the real time solutions that she proposes in her suggested Options for Development

Conflicts of Interest Jamie Swift,Brian Tomlinson,2011-04-30 Ten activists scholars and writers analyze contemporary development issues linking Canada and the Third World

Rethinking the Fall of the Planter Class Christer Petley,2018-03-08 From the late eighteenth century the planter class of the British Caribbean were faced with challenges stemming from revolutions war the rise of abolitionism and social change By the nineteenth century this once powerful group within the British Empire found itself struggling to influence an increasingly hostile government in London By 1807 parliament had voted to abolish the slave trade an early episode in a wider drama of decline for New World plantation economies This book brings together chapters by a group of leading scholars to rethink the question of the fall of the planter class offering a variety of new approaches to the topic encompassing economic political cultural and social history and providing a significant new contribution to our rapidly evolving understanding of the end of slavery in the British Atlantic empire This book was originally published as a special issue of Atlantic Studies

Social Justice and Third World Education Timothy J. Scrase,2021-12-12 First Published in 1997 In much of the comparative education literature questions of educational inequality and lack of educational opportunity in the developing world stand as perplexing complex and difficult problems Yet while inequality in education remains one of the most researched and written about topics in the discipline the question of social justice and its relationship to education remains implicit This volume aims to reverse this trend to make the issue of social justice both in theory and practice central and explicit

Cross-Cultural Perspectives on Policy and Practice Jennifer Lavia,Michele Moore,2009-09-10 This book provides a space in which struggles for indigenous knowledge within communities are articulated valued heard and responded to The volume takes change as its focus yet acknowledges that the origins and significance of change are frequently found to be unsettling Contributors explore

different understandings of change that forge sustainable inclusive and just communities and examine issues related to citizenship resistance peacemaking critical literacies and second chance opportunities The authors seek to promote advocacy of change that recognises the importance of an informed engagement with cross cultural issues in order to foreground those missing perspectives that are often marginalised silenced ignored or denied All contributors are concerned with how the process of change can bridge the gap between social justice and exclusion and develop critical understandings of the implications of changing policy and practice for those within and working with the educational organisations and communities

Rethinking Modernity Gurinder K. Bhambra, 2023-02-16 The second edition of this influential book addresses how the experiences and claims of non European others have been rendered invisible to the standard narratives and analytical frameworks of sociological understandings of modernity In challenging the dominant Euro centred accounts of the emergence and development of modernity Bhambra puts forward an argument for connected histories in the reconstruction of historical sociology at a global level This updated version of the original published in 2007 adds a new preface which explores key themes that Bhambra has further developed over the intervening years specifically how the rethinking of modernity enables us to reconstruct sociology and a call for a reparatory sociology committed to the repair of the social sciences and the securing of global justice

The Mother Wave Andrea O'Reilly, Fiona Joy Green, 2024-09-01 Matricentric feminism seeks to make motherhood the business of feminism by positioning mothers needs and concerns as the starting point for a theory and politic on and for the empowerment of women as mothers Based on the conviction that mothering is a verb it understands that becoming and being a mother is not limited to biological mothers or cisgender women but rather to anyone who does the work of mothering as a central part of their life The Mother Wave the first ever book on the topic compellingly explores how mothers need a matricentric mode of feminism organized from and for their particular identity and work as mothers and because mothers remain disempowered despite sixty years of feminism The anthology makes visible the power of matricentric feminism as it is theorized enacted and represented to realize and achieve the subversive potential of mothers and their contributions to feminist theory and activism Contributors share the impact and influence of matricentric feminism on families and children culture art literature education public policy social media and workplace practices through personal reflections scholarly essays memoir creative non fiction poetry and photography The mother wave of matricentric feminism invites conversations with others and offers a praxis of feminism that aims to coexist overlap and intersect with others
