Equity in a Diverse Nation Gail L. Sunderman,2013-05-01 This book examines what equity means in a nation where the schools are becoming more diverse The authors consider how well our educational reform policies often framed in the language of equity and opportunity measure up to the challenges of achieving equity in a diverse nation While there is growing awareness of the increasing racial ethnic and socioeconomic diversity of the nation there is little recognition of how

these trends affect the schools particularly in formerly homogeneous communities At the same time inequalities in student achievement between different racial ethnic and socioeconomic groups persist even as educational policy has intensified the focus on the achievement gap These two challenges make definitions of equity and opportunity as urban problems obsolete and call for a critical examination of educational policy and reform from an equity perspective Central themes include the critical examination of how equity is conceived under the law and in policy the experiences of minority students in suburban schools and the impact of current reform policies and strategies for achieving greater educational opportunities for all students This book is designed for graduate and undergraduate courses in educational policy and policy analysis for policymakers interested in a critical examination of current reform policies and options and educational leaders and administrators struggling with the implementation of reform mandates From a policy perspective it includes a survey of the evolution of educational policies and reforms since the 1960s and traces the mix of legal and legislative legacies that have informed educational policy and equity It describes how trends in suburban diversification affect the schools something that has largely escaped the attention of educational reformers It provides school based and non school based remedies for achieving equity in diversifying suburban communities and articulates alternatives to the current accountability for performance approach It offers new and innovative analyses of current approaches to school reform including an analysis of how accountability tests can create the illusion of reducing the achievement gap and an examination of the paradoxes of federally funded compensatory policies that incorporate market based strategies Novel approaches such as social emotional learning and placed based college access strategies are examined through an equity lens *Equality in the Secondary School* Mike Cole,2009-10-22 Drawing on a wealth of knowledge from a diverse group of contributors this volume addresses the importance of going beyond equal opportunities The contributors provide a compelling argument for promoting equality in secondary schools Issues covered include social class race gender sexual orientation disability and special educational needs with reference to all subjects taught at secondary school level **Education, Equality and Human Rights** Mike Cole,2011-11-18 Education Equality and Human Rights addresses the issue of human rights and its relationship to education in the 21st century Each of the five equality issues of gender race sexuality disability and social class are covered as areas in their own right and in relation to education **Pedagogies of Difference** Peter Pericles Trifonas,2003-12-16 Peter Pericles Trifonas has assembled internationally acclaimed theorists and educational practitioners whose essays explore various constructions representations and uses of difference in educational contexts These essays strive to bridge competing discourses of difference for instance feminist or anti racist pedagogical models to create a more inclusive education that adheres to principles of equity and social justice **Actionable Research for Educational Equity and Social Justice** Wang Chen,Xu Li,Edward P. St. John,Cliona Hannon,2018-06-14 Actionable Research for Educational Equity and Social Justice advances a unique engaged approach to promoting educational equity and social justice in higher education across
