Rethinking Management Education For The:

Rethinking Management Education for the 21st Century Charles Wankel, Bob DeFillippi, 2002 Divided into four parts this title covers rethinking what we teach in management education rethinking management education in cyberspace rethinking management education for executives and critical reflections on management education for the 21st century

Rethinking Management Education Robert French, Christopher Grey, 1996-08-30 At a time of ever increasing debate about orthodox approaches to management education and their application in the post industrial era this innovative book brings together the work of authors actively engaged in developing new forms of education The introduction contrasts dominant utilitarian and functionalist conceptions of management education with various alternatives It argues the need for a critical and pluralistic form of management education whereby participants are introduced to the full diversity of appropriate perspectives and debates The remainder of the book echoes this commitment by exploring a range of approaches including those based in psychoanalysis critical theory and poststructuralism Throughout t

Managers Not MBAs Henry Mintzberg, 2005-06-02 In this sweeping critique of how managers are educated and how as a consequence management is practiced Henry Mintzberg offers thoughtful and controversial ideas for reforming both The MBA trains the wrong people in the wrong ways with the wrong consequences Mintzberg writes Using the classroom to help develop people already practicing management is a fine idea but pretending to create managers out of people who have never managed is a sham Leaders cannot be created in a classroom They arise in context But people who already practice management can significantly improve their effectiveness given the opportunity to learn thoughtfully from their own experience Mintzberg calls for a more engaging approach to managing and a more reflective approach to management education He also outlines how business schools can become true schools of management

The Future of Management Education Martin R. Fellenz, Sabine Hoidn, Mairead Brady, 2022-04-07 To remain relevant management education must reflect the realities that influence its subject matter management while at the same time addressing societal needs and expectations Faced by powerful drivers of change many of which are amplified by the immense turbulence caused by the COVID 19 pandemic in early 2020 an assessment of where management education stands and where it is going is timely This book brings together management education scholars practitioners and stakeholders to identify trends and to critically analyse key challenges from their respective perspectives They consider the requirements for providing relevant management education in the future and explore changes and opportunities around themes such as responsibility sustainability innovation competitive strategy and technological change The different perspectives of the authors contribute distinct insights and form a fascinating kaleidoscope of reflections on the present and predictions and prescriptions for the future of management education The result is a comprehensive volume that will be essential reading for scholars and administrators committed to the growth and development of management education It also will be of keen interest to management educators as well as

management learners who will shape and be shaped by the management education of the future The Routledge Companion to Reinventing Management Education Chris Steyaert,Timon Beyes,Martin Parker,2016-06-17 The position and role of the business school and its educational programmes have become increasingly prominent yet also questioned and contested What management education entails and how it is enacted has become a matter of profound concern in the field of higher education and more generally for the development of the organized world Drawing upon the humanities and social sciences The Routledge Companion to Reinventing Management Education imagines a different and better education offered to students of management entrepreneurship and organization studies It is an intervention into the debates on what is taught and how learning takes place demonstrating both the potential and the limits of what the humanities and social sciences can do for management education Divided into six sections the book traces the history and theory of management education reimagining central educational principles and outlining an emerging practice based approach With an international cast of authors The Routledge Companion to Reinventing Management Education has been written for contemporary and future educators and for students and scholars who seek to make a difference through their practice **Essential Readings in Management Learning** Christopher Grey,Elena Antonacopoulou,2004-09-28 This volume brings together some of the best writing published in the journal Management Learning since its re launch under this title in 1994 The selection very much reflects the mission of the journal to act as a showcase for innovative international and interdisciplinary work which covers a wide gamut of issues connected to management organizations learning and knowledge The field of management learning widely drawn in this way brings together some of the key preoccupations within several areas of management organization studies and social science more generally Learning and knowledge have become central themes within thee areas for several reasons both practical and theoretical These include the way that organizational learning is seen as a key source of competitive advantage and the wider analysis that individuals and organizations now inhabit a knowledge economy Theoretically recent years have seen emerging understandings of the social significance of communities of practice whilst learning in its many manifestations is increasingly seen as being imbricated in issues of power This latter points to one of the particular areas which has been a focus for the journal namely more critically orientated approaches to management learning This collection provides readings grouped under six key headings which reflect where some of the most influential and provocative work in the field has been done over recent years namely Organizational Learning and Learning Organizations Individual Learning Critical Approaches to Management Education and Learning Pedagogical Practice Globalization and Management Learning Beyond Management Learning Along with an editorial introduction this volume will provide a unique and invaluable resource for anyone studying or researching management learning and cognate areas by bringing together some of the best peer reviewed work in the field **Elgar Introduction to Organizational Discourse Analysis** Marco Berti,2017-01-27 Our knowledge and understanding of organizations is both enabled and constrained by invisible relationship

of power that are embedded in the ways in which we act and speak The notion of discourse has been used by many authors to describe and study these phenomena and this volume offers a succinct but comprehensive introduction to the vast field of critical organizational discourse analysis Targeted at graduate and doctoral students and at non specialist academic who need to familiarize with the academic debate on the subject the book harnesses the power of metaphors to describe the many faces of discourse
