Faith and Culture Emmanuel Osigwe, 2022-12-05 The recognition of the intersection of faith and culture has become a significant trend in contemporary theology Cultures are locations of divine activity The Sacramental Theology of Elochukwu Uzukwu in Light of Vatican II and Its Application in African Context brings freshness to the dominant Catholic sacramental thinking by offering an African appropriation of the Christian faith through African cultures It demonstrates the historical interaction of the Christian faith with multiple anthropologies that resonates with different peoples to celebrate rituals that convey divine activity This work engages the theology of Elochukwu Uzukwu a recent African sacramental liturgical theologian whose work reflects the elements of sacramental and liturgical renewal of the Second Vatican Council especially in its openness to a plurality of cultures This book retrieves resources from the African universe to offer a contextual appropriation of the interface between faith and African cultures It highlights the African view of the body in its expressive worship and significance of relationality as an undergirding existential philosophy of life Consequently it offers a flexible theological methodology that avoids polarities It provides an additional resource to the philosophical and theological approach to the perennial problem of duality and theologies constructed on this template This study moves beyond monocultural sacramental expression to engage symbols and indigenous resources to articulate an African sacramental theology

Christian Sacraments in a Postmodern World Kenan B. Osborne, 1999 Christian Sacraments in a Postmodern World offers a fresh perspective on the sacramental event by bringing together two generally unrelated subjects in a new way sacramental theology and postmodern philosophical thought Osborne shows in an innovative way how these two factors of third millennium life can be positively united to encourage powerful new thinking on the ways we Christians not only theorize about sacraments but also live sacraments Using a key section on sacraments from the Catechism of the Catholic Church and by employing foundational concepts of postmodern philosophy and several issues from medieval Franciscan philosophy the author develops a distinctly different approach to sacrament events Here is a visionary thoughtful work by a major theologian writer and educator It is sure to stir thinking and discussion among theologians philosophers liturgists and religious educators

Living Well and Dying Faithfully John Swinton, Richard Payne, 2009-11-10 Living Well and Dying Faithfully explores how Christian practices love prayer lament compassion and so on can contribute to the process of dying well Working on the premise that one dies the way one lives the book is unique in its constructive dialogue between theology and medicine as offering two complementary modes of care

Coram Deo Caryn D. Riswold, 2006-07-01 In order to adequately address the issues of atonement and christology we must understand how it is that we think about the relationship between God and the human being The way in which we understand and interpret the life and death of Jesus and his role within that relationship then impacts our theology of the sacraments particularly the eucharist Further the questions continue to confront and be confronted by my inescapable identity as a Lutheran Christian I use the term inescapable because I find myself working from and with theologies and theologians that are unabashedly critical of patriarchal religious doctrine and paternal theological construction yet I cannot be convinced that the tradition which formed me is irretrievable or irrelevant I am seeking to use Luther as one of my sources but I am working to reinterpret him and offer a more adequate constructive alternative that embodies what is useable in his tradition I find the potential for a liberating message within Christian theology and I find a critical theological resource in Luther from the Introduction

Worship by Faith Alone Zac Hicks, 2023-02-28 What does gospel centered worship look like for today's church Scholar worship leader and songwriter Zac Hicks contends that this idea can be found in Thomas Cranmer's theology of worship which was shaped by the Protestant principle of justification by faith alone and reflected in his 1552 edition of the Book of Common Prayer
