Rethinking The Churchs Mission

Jonathan S. Barnes

Rethinking The Church's Mission:

Rethinking the Church James Emery White, 2003-07-01 Why is it important to rethink the church Today many leaders focus on how their ministries can be run more efficiently But the foundational question according to James Emery White should be Why do we have this ministry and then Why do we do this ministry the way we do Is it effective Rethinking the Church helps pastors and lay leaders work through questions that must be answered if a church is to rethink evangelism discipleship ministry worship community and the structure of the church Break old molds check assumptions and be sensitive says White He uses the language and aims of seeker targeted churches but urges readers not to tie themselves to any model without understanding the individual purpose of their church Now thoroughly revised and expanded Rethinking the Church contains more emphasis and key material on how to move from rethinking to transition White blends biblical reflection and hands on experience and uses the early church as described in the Book of Acts as the ultimate example **RETHINKING**

THE CHURCH'S MISSION, 1965 *The Mission of the Church* Craig Ott, 2016-08-02 Leading Voices from across Christian Traditions Discuss the Mission of the Church What is the mission of the church Every seminarian and church leader must wrestle with that question No matter what designation a church uses to describe itself it must also think critically about why it exists and what it should be doing In this book five leading voices representing a range of Christian traditions engage in an enlightening conversation as they present and compare their perspectives on the mission of the church Each contributor offers his or her view and responds to the other four views Contributors include Stephen B Bevans Darrell L Guder Ruth Padilla DeBorst Edward Rommen and Ed Stetzer The book's format is ideal for classroom use and will also benefit pastors and church leaders **Rethinking Missio Dei among Evangelical Churches in an Eastern European Orthodox**

Context Vladimir Ubeivlc, 2016-09-30 Following a paradigm shift in his own personal understanding of mission Vladimir Ubeivlc proposes the adoption of mission principles based on missio Dei to meet the social and spiritual needs of people in Moldova Biblically grounded and insightful the lessons to be learned from this book apply far beyond Eastern Europe Dr Ubeivlc uses his knowledge from six years of research twenty years of pastoral ministry and a lifetime of experience to summarize the landscape of the Moldovan Evangelical and Orthodox churches and their historical approaches to mission His evaluation emphasizes the need for a biblical foundation to mission for Eastern European Evangelical churches This book's message is a timely scholarly reminder of the need to pursue holistic mission if the church of Jesus Christ is to be an authentic and effective vessel to bring transformation to people's lives and society **Writing the Holocaust** Jean-Marc

Dreyfus, Daniel Langton, 2011-09-01 Writing the Holocaust provides students and teachers with an accessibly written overview of the key themes and major theoretical developments which continue to inform the nature of historical writing on the Holocaust Holocaust studies is at a paradox while historians of the Holocaust defend it as a legitimate and well defined area of research they write against a complex political and ideological background that undermines any claim for it as a

normative field of historical study Writing the Holocaust offers a lucid enquiry into this complex field by demonstrating the impact of current theories from the humanities and social sciences upon the treatment of Holocaust studies **Rethinking the End of the World** B. L. Cooper,2015-06-01 Since the day Jesus ascended into heaven the church has eagerly awaited his second coming And during the intervening years too many Christians have focused their study of the Bible entirely on discovering the end time signs of his coming Does Jesus expect us to focus on dates and signs or does he want us to instead develop a healthy and mature apocalyptic spirituality as we await his coming and the culmination of his plan of redemption and restoration Many of today s Christians lack a basic understanding of apocalyptic spirituality or do not understand God s mission through the church Consequently they fail to see and appropriate the rich truths that can be learned and applied to their lives today Yes Revelation is a book for today This book begins by explaining how the historic misinterpretation of end time Biblical literature has distracted Christians from their true spiritual development and mission It then explains how developing a proper apocalyptic spirituality can lead believers to healthy applications of end time teachings Discover how apocalyptic Biblical literature can help you see the redemptive work that God has in store for us today while we await his imminent return Holocaust Theology Dan Cohn-Sherbok,2002-02-11 Where was God during the Holocaust And where has God been since Holocaust Theology provides a panoramic survey of the writings of more than one hundred leading Jewish and Christian thinkers on these profound theological problems Donald G. Bloesch Paul Maher,2007 Donald G Bloesch is among the most important American theologians of the 20th and early 21st centuries He calls himself a catholic evangelical and indeed his appeal is as wide as those terms imply His work has appeared in Catholic religious periodicals as well as many varieties of Protestant publications both mainstream and lesser known As a prolific author Bloesch s writing is scattered across a large number of journals many of which are difficult to access and reviews of his work appear in an even larger range of forums Donald G Bloesch A Research Bibliography collocates as many relevant resources on Bloesch s writing as possible The book provides a chronological listing and description of each work written by Bloesch as well as reviews of Bloesch s writing Each entry gives the title publication details and notes about the relationship of the item described to other publications Several indexes are also included giving a checklist of books by Bloesch a checklist of books to which Bloesch has contributed and a list of book reviews that Bloesch has written about other authors Finally there is an alphabetical index of titles names and periodicals cited in the bibliography making this the most comprehensive resource available on Bloesch **Rethinking Ministry** Christian Reformed Church,1999 Faith and Public Life Alfred Sebahene,2025-05-31 God s love in Jesus Christ for the salvation and recreation of all things is still the hope of the world This Christian affirmation is the reality that holds all things and holds all things together Yet in today s world it is easy to understand why the church is in pain and declining in its Christian and moral influence Rethinking Church in the 21st Century is the culmination of three years of exploration into the condition of the church around the world today Bringing together a diverse community of

Christian voices these essays offer reflections and admonitions to ignite the hearts of pastors and leaders during the dynamic vulnerable and hopeful times we face In this third volume the contributors explore how the church should be engaged in the public space in the face of the new opportunities and fundamental challenges confronting the global church today These realities missional expansion persistent barriers to human progress shifts in the composition and centre of gravity of world Christianity and a growing attention to the need for the church to embrace a radically different way of life call for a new approach to the role of faith in our public life to the different ways of witnessing to Christ and stewarding the mysteries of Christian faith With solid grounding in Scripture and critical reflection for authentic Christian public witness and mission this book speaks of how the gospel of Jesus Christ endlessly relates to the whole world and its reconciliation with God

Managing Nonprofit Organizations in a Policy World Shannon K. Vaughan, Shelly Arsneault, 2013-01-08 If nonprofits influence policy make policy are affected by policy and are subject to policy then shouldn't every nonprofit manager fully understand the policy world in which they operate In explicitly tying the policy realm to management skills Shannon Vaughan and Shelly Arsneault's foundational book sheds new light on how nonprofit managers can better navigate policymaking and regulatory contexts to effectively lead their organizations *Managing Nonprofit Organizations in a Policy World* provides a comprehensive overview of the nonprofit sector and the policy environment with a focus on skills and strategies managers can use to advance the causes of their organizations Abundant examples and rich case studies explore the complexity of the policy nonprofit relationship and highlight both management challenges and successes While coverage of the nuts and bolts is in here what sets this book apart is tying everyday management to the broader view of how nonprofits can thrive within the policy ecosystem

The Supper Ronald P. Hesselgrave, 2019-09-17 The Lord's Supper or Eucharist has often been a subject of intense debate in the church What is often lost in this debate is the significance of the relationship of the Eucharist to Jesus Last Supper with his disciples which was a Passover or Passover like meal Moreover the Last Supper connects back to various meals in Jesus earthly ministry And it looks forward to the great messianic banquet as fulfillment of Jewish expectations In exploring these connections this book focuses on the three motifs of new creation hospitality and hope in Christ Most significantly when we break the bread and drink the wine or juice together we are asserting the reality of the new creation in Christ affirming God's grace forgiveness and cruciform love which is to be embodied in the Christian community and anticipating the day when God's present and ongoing work of restoration justice and reconciliation will ultimately prevail The Supper then is basically a condensed summary of the story of God's plan of redemption Hesselgrave brings together biblical theological ethical and social insights in a way that deepens our understanding of the meaning and practical significance of biblical texts related to this central ordinance of the church

The Church in Mission Betril Ekstrom, 2016-06-01 What does it mean today to be a church totally committed to the gospel and fully engaged in God's mission What major religious and sociological trends in our world are affecting the role of the global church and local

churches How must we understand and be prepared to face these trends How do we define church in the twenty first century being faithful to the Scriptures and at the same time relevant to a generation that does not believe in the institutional church anymore What are some good models of missional churches in different regions of the world that will encourage and inspire those who long to see a church making difference in society and in the world These are some of the issues that the book you are holding in your hands addresses There are certainly no final answers and magical forms rather we present a broad and deep discussion on how the gospel should be lived out by Jesus followers in our time and through our communities Questions are raised and analyzed both from the perspective of a local church as well as from a global and general understanding of the Christian church Some of our examples will focus more on local realities others more on global challenges The first part of the book is dedicated to a biblical and theological reflection on gospel church and mission It includes Old and New Testament studies on the theological implications of being church based on the biblical narrative The second part deals with a variety of contemporary missiological issues related to the broader theme of church and mission Different perspectives from current discussions and dialogues around the globe are included covering both ideological reflections and practical aspects of being a mission shaped church The third part presents regional and national case studies that show the enormous creativity in church planting and engagement of local communities in their own societies Models applied in the secularized Europe are contrasted to ways of functioning as church in fast growing congregations in the global South

Power and Partnership

Jonathan S. Barnes, 2013-05-10 While the concept of partnership between churches in the Global North and South has been an ecumenical goal for well over eight decades realizing relationships of mutuality solidarity and koinonia has been to say the least problematic Seeking to understand the dynamics of power and control in these relationships this work traces the history of how partnership has been lived out both as a concept and in practice It is argued that many of the issues that are problematic for partnerships today can find their antecedents during colonial times at the very beginnings of the modern missionary movement For those interested in pursuing cross cultural partnerships today understanding this history and recognizing the use as well as the misuse of power is crucial as we seek genuine relationships of care and friendship in our fractured and divided world

The True Church and the Poor Jon Sobrino, 2004-10-29 Of Jon Sobrino's first book

Christology at the Crossroads the Church Times wrote It is radical without being reductionist It is relentless in its refusal to let us avoid the challenge of Jesus by sliding into theological or cultic abstractions It will stimulate illuminate and infuriate those whose minds are jaded by the current state of British theology And like all great theology it will bring you uncomfortably close to the living Jesus This second book also written out of the hell of El Salvador is if anything even more powerful and uncomfortable Dedicated To all men and women of El Salvador who have given their lives for the kingdom of God it took shape while Bishop Romero his priests Christian peasant leaders and catechists lived and died Doing theology in this situation requires that theology not only follows a specific method but that it also has a specific character Theology in

this situation becomes responsible Theologians do not arbitrarily decide to study this or that theme the theme is forced upon them by reality Theology becomes practical because its motivating concern is not pure thought nor even pure truth but rather the building of the kingdom of God and of a church that will be at the service of this kingdom Theology becomes evangelical in the true sense of that word it is done with pleasure in the Good News and with joy that there is salvation for the poor Finally theology becomes a response of gratitude because its starting point is the primordial Christian experience that something has been given to us What has been given to us is the mystery of God present in Jesus and in a church that is poor and is of the poor
