Rethinking War And Peace:

Rethinking War And Peace Diana Francis,2004-05-20 An entirely modern argument for the irrelevance of war as a goal in international affairs *Rethinking War and Peace* Diana Francis,2004-05-20 Is war ever a just way to resolve conflict Diana Francis argues that it is not With passion and eloquence she mounts a head on challenge to the belief that war as an institution is either necessary or effective for good Refuting the notion that human nature condemns us to perpetual carnage she argues that we can change the ways we think and the systems we live by In a tightly reasoned discussion of the ethics of war and peace she asserts that war is a gross denial of the core values on which peace depends and that the Just War Theory has failed and deceived us The book explores alternative ways of confronting aggression and injustice showing that these are neglected but well proven Francis argues that our security can be enhanced by recognition of our shared responsibility for each other and our planet Practical solutions require a new level of participation in public affairs Recent events have shown that this is possible Francis outlines the steps we must take to bring about the radical shift so urgently needed

Rethinking Europe ,2019-07-01 The Thirty Years War 1618 1648 lies at the intersection of early modern and modern times Frequently portrayed as the concluding chapter of the Reformation it also points to the future by precipitating fundamental changes in the military legal political religious economic and cultural arenas that came to mark a new the modern era Prompted by the 400th anniversary of the outbreak of the war the contributors reconsider the event itself and contextualize it within the broader history of the Reformation military conflicts peace initiatives and negotiations of war

Imagining War and Peace in Eighteenth-Century Britain, 1690-1820 Andrew Lincoln,2023-11-23 Is war the opposite of peace or its necessary accomplice Exploring this question in relation to eighteenth century Britain Andrew Lincoln opens up complex paradoxical and enduring issues and shows how ideas and methods were developed to provide the British public with moral insulation from violence both overseas and at home *Living Nonviolently* Gabriel Moran,2011-03-31 Are human beings naturally violent Is war the fate of the human race Despite the depressing record of the past the world s future depends upon avoiding war and drastically reducing violence *Living Nonviolently* Language for Resisting Violence examines carefully the language of violence and war One of the first casualties of violence is language which in turn makes resistance to violence difficult to articulate In the first four chapters Gabriel Moran proposes distinctions for the interconnected ideas of force power aggressiveness violence and war not to invent a new and logical language but to ground the meaning of these terms in our human experience That revitalization of ordinary language depends upon an inclusive language of men and women adults and children human and nonhuman animals The fifth chapter locates the potential for both encouraging violence and resisting violence in the peculiar logic of religion Jesus Sermon on the Mount is commonly invoked by people who say that nonviolence may be an admirable ideal for a few people but it is irrelevant for most people and for all nations in this chapter Moran examines the widely misunderstood sermon in detail to

illustrate its potential for resisting violence For a conclusion he discusses practical means of education that are helpful to reaching some understanding of violence and resistance to violence Living Nonviolently is written for scholars in peace studies political philosophy or religious studies and for anyone who wishes to understand the roots of violence and war

The Ethics of War and Peace Helen Frowe, 2013-03 When is it right to go to war When is a war illegal What are the rules of engagement What should happen when a war is over How should we view terrorism The Ethics of War and Peace is a fresh and contemporary introduction to one of the oldest but still most relevant ethical debates It introduces students to contemporary Just War Theory in a stimulating and engaging way perfect for those approaching the topic for the first time Helen Frowe explains the core issues in Just War Theory and chapter by chapter examines the recent and ongoing philosophical debates on theories of self defence and national defence Jus ad Bellum Jus in Bello and Jus post Bellum the moral status of combatants the principle of non combatant immunity the nature of terrorism and the moral status of terrorists Each chapter concludes with a useful summary discussion questions and suggestions for further reading to aid student learning and revision The Ethics of War and Peace is the ideal textbook for students studying philosophy politics and international relations

Logics of War Therese Feiler, 2019-12-12 The modern ethics of war is a field of disparate competing voices based on often unexplored theological and metaphysical assumptions Therese Feiler approaches them from the borderline area between systematic philosophy and religious studies With reference to G W F Hegel and like minded thinkers the logic that negotiates Christ's mediation and immanent dialectics Feiler identifies the logic and problem of mediation as the core concern of political ethics Feiler unites five representative authors from now disparate strands of contemporary just war ethics testing whether they offer a meaningful possibility of mediation and subsequent reconciliation a sovereign realist and a cosmopolitan idealist a rationalist individualist an idealist Christian ethicist and finally an evangelical theologian Opening the just war debate for comparative critical engagement Feiler creates a fascinating study that locates a dynamic point at which faithful free political action can be wrestled from irony tragedy and melancholic inertia in the face of totalitarian suffocation

More Than Just War Charles Jones, 2013-03-12 This book raises questions about the just war tradition through a critical examination of its revival and by juxtaposing it with a literary phenomenology of war Recent public debate about war has leaned heavily on a just war tradition dating back many centuries This book examines the recent revival of that tradition in the United States and Britain arguing that it is less coherent and comprehensive as an approach to the ethical issues arising from war than is generally supposed and that it is inconsistent in important ways with the theology on which it was originally based A second line of criticism is mounted through close readings of modern texts in English from Britain Australia and the USA that together constitute a more subjective bottom up understanding of the moral dilemmas of military life In this second tradition the task of representing war is seen as more problematic and its rationality more questionable than in just war discourse Works by William Shakespeare Sir Walter Scott James Fennimore Cooper

Stephen Crane John Buchan Robert Louis Stevenson Joseph Conrad Tim O'Brien and Kurt Vonnegut are featured The book will be of great interest to students and scholars of security studies military studies theology and international relations

Understanding Peace Michael Allen Fox, 2013-11-12 *Understanding Peace A Comprehensive Introduction* fills the need for an original contemporary examination of peace that is challenging informative and empowering This well researched fully documented and highly accessible textbook moves beyond fixation on war to highlight the human capacity for nonviolent cooperation in everyday life and in conflict situations After deconstructing numerous ideas about war and explaining its heavy costs to humans animals and the environment discussion turns to evidence for the existence of peaceful societies Further topics include the role of nonviolence in history the nature of violence and aggression and the theory and practice of nonviolence The book offers two new moral arguments against war and concludes by defining peace carefully from different angles and then describing conditions for creating a culture of peace *Understanding Peace* brings a fresh philosophical perspective to discussions of peace and also addresses down to earth issues about effecting constructive change in a complex world The particular strength of *Understanding Peace* lies in its commitment to reflecting on and integrating material from many fields of knowledge This approach will appeal to a diverse audience of students and scholars in peace studies

philosophy and the social sciences as well as to general interest readers *The Law of War and Peace* Gina Heathcote, Sara Bertotti, Emily Jones, Sheri A. Labenski, 2021-01-28 *The Law of War and Peace* offers a cutting edge analysis of the relationship between law armed conflict gender and peace This book which is the first of two volumes focuses on the interplay between international law and gendered experiences of armed conflict It provides an in depth analysis of the key debates on collective security unilateral force the laws governing conflict terrorism and international criminal law While much of the current scholarship has centered on the UN Security Council's Resolutions on Women Peace and Security this two volume work seeks to move understandings beyond the framework established by WPS It does this through providing a critical and intersectional approach to gender and conflict which is mindful of transnational feminist and queer perspectives

The Present "Just Peace/Just War" Debate Ad de Bruijne, Gerard den Hertog, 2018-09-01 At first the end of the Cold War seemed to mark a period of relative rest However it became apparent that we have not reached the end of history As a matter of fact the world is confronted by new political constellations of so far unknown martial intensity Although Muslim terrorism and the revival of tribalism and nationalism are closely connected At the same time the international community proves mostly powerless as a result of the cooling relationship between East and West These developments offer challenging questions for Western societies Both in Germany and in the Anglo Saxon world debates on the concepts of Just peace Just war have intensified but mutual engagement between these contexts has remained scarce Against this background a conference was held in Apeldoorn in a Dutch interspace in 2016 in which ethicists from both contexts were involved The present volume contains the edited version of the seven contributions to this conference supplemented with four articles by

Aroussi,2017-05-30 At the time of its adoption in October 2000 United Nations Security Council resolution 1325 on Women Peace and Security WPS was hailed as a turning point for women involved in conflicts peacemaking peacekeeping and post conflict reconstruction Resolution 1325 required all efforts aimed at resolving conflicts and building peace to be inclusive gender sensitive and transformative for women In recent years National Action Plans NAPs on WPS have become one of the most commonly used tools by states to channel assess and monitor the implementation of resolution 1325 and other UN WPS resolutions This book presents an edited version of the proceedings of the NATO Advanced Research Workshop ARW on National Action Plans on Women Peace and Security held in Dublin Ireland in May 2016 The workshop brought together representatives from various states as well as academics and members of civil society and international organizations to discuss their experiences with NAPs and to critically reflect on the role of NAPs in supporting the implementation by states of the WPS framework The aim of this book is to disseminate the key arguments findings and recommendations which emerged from the discussions held at the ARW It includes a summary report which sets out key arguments and recommendations and offers a number of key papers from the ARW with the intention of contributing to academic and policy debates concerning gender and armed conflict and more particularly the WPS framework War on Peace Ronan Farrow,2018-04-24 A New

York Times Wall Street Journal Los Angeles Times and IndieBound bestseller Finalist for the Colby Award A new revised and updated edition of a modern classic of foreign policy a harrowing exploration of the collapse of American diplomacy and the abdication of global leadership by the winner of the 2018 Pulitzer Prize in Public Service US foreign policy is undergoing a dire transformation forever changing America s place in the world Institutions of diplomacy and development are bleeding

out after deep budget cuts the diplomats who make America's deals and protect its citizens around the world are walking out in droves. Offices across the State Department sit empty while abroad the military industrial complex has assumed the work once undertaken by peacemakers. We're becoming a nation that shoots first and asks questions later. In an astonishing journey from the corridors of power in Washington DC to some of the most remote and dangerous places on earth Afghanistan Somalia and North Korea among them acclaimed investigative journalist Ronan Farrow illuminates one of the most consequential and poorly understood changes in American history. His firsthand experience as a former State Department official affords a personal look at some of the last standard bearers of traditional statecraft including Richard Holbrooke who made peace in Bosnia and died while trying to do so in Afghanistan. Drawing on recently unearthed documents and richly informed by rare interviews with whistle blowers a warlord and policymakers including every living former secretary of state from Henry Kissinger to Hillary Clinton to Rex Tillerson and now updated with revealing firsthand accounts from inside Donald Trump's confrontations with diplomats during his impeachment and candid testimonials from officials in Joe Biden's inner circle *War on Peace* makes a powerful case for an endangered profession. Diplomacy Farrow argues has declined after decades of political cowardice shortsightedness and outright malice but it may just offer America a way out of a world at war.

The Spirit of the Quakers Geoffrey Durham, 2010-11-16 Who are the Quakers what do they believe and what do they practice The Religious Society of Friends also known as Quakers believes that everyone can have a direct experience of God. Quakers express this in a unique form of worship that inspires them to work for change in themselves and in the world. In *The Spirit of the Quakers* Geoffrey Durham himself a Friend explains Quakerism through quotations from writings that cover 350 years from the beginnings of the movement to the present day. Peace and equality are major themes in the book but readers will also find thought provoking passages on the importance of action for social change the primacy of truth the value of simplicity the need for a sense of community and much more. The quoted texts convey a powerful religious impulse courage in the face of persecution the warmth of human relationships and dedicated perseverance in promoting just causes. The extended quotations have been carefully selected from well known Quakers such as George Fox William Penn John Greenleaf Whittier Elizabeth Fry and John Woolman as well as many contemporary Friends. Together with Geoffrey Durham's enlightening and sympathetic introductions to the texts the extracts from these writers form an engaging often moving guide to this accessible and open hearted religious faith.

War and Peace Christine Kinealy, 2013-06-01 In *War and Peace Ireland* Since 1960 Christine Kinealy explores the political triumphs and travails in Ireland over the last five decades. *War and Peace* provides a thorough and up to date account of the unfolding of The Troubles the three decades of violence and social unrest between the Catholic nationalists and the Protestant unionists. In addition Kinealy examines the Republic of Ireland's entry into the European Union in 1973 its often contentious relationship with England and the changes in emigration during the period. Of additional interest to Kinealy is the effect of the women's

movement which has given rise to the election of two female presidents proving Ireland's ability to accept and internalize change

Rethinking Peace Mediation Turner, Catherine, Wählisch, Martin, 2021-01-11 Written by international practitioners and scholars this pioneering work offers important insights into peace mediation practice today and the role of third parties in the resolution of armed conflicts The authors reveal how peace mediation has developed into a complex arena and how multifaceted assistance has become an indispensable part of it Offering unique reflections on the new frameworks set out by the UN they look at the challenges and opportunities of third party involvement With its policy focus and real world examples from across the globe this is essential reading for researchers of peace and conflict studies and a go to reference point for advisors involved in peace processes

Territory, War, and Peace John A. Vasquez, Marie T. Henahan, 2023-04-14 This book presents a collection of new and updated essays on what has come to be known as the territorial explanation of war The book argues that a key both to peace and to war lies in understanding the role territory plays as a source of conflict and inter group violence Of all the issues that spark conflict territorial disputes have the highest probability of escalating to war War however is hardly inevitable much depends on how territorial issues are handled More importantly settling territorial disputes and establishing mutually recognized boundaries can produce long periods of peace between neighbors even if other salient issues arise While territory is not the only cause of war and wars arise from other issues territory is one of the main causes of war and learning how to manage it can in principle eliminate an entire class of wars This book will be of great interest to all students of war and conflict studies causes of war and peace international security and strategic studies John A Vasquez is Thomas B Mackie Scholar in International Relations at the University of Illinois Urbana Champaign He is author of *The Steps to War* 2008 with Paul Senese and *The War Puzzle Revisited* 2009 He has been president of the Peace Science Society International and the International Studies Association Marie T Henahan is Director of Internships and Lecturer Department of Political Science at the University of Illinois Urbana Champaign She is author of *Foreign Policy and Congress An International Relations Perspective* and co editor of *The Scientific Study of Peace and War*

Waging War, Planning Peace Aaron Rapport, 2015-03-19 In *Waging War Planning Peace* Aaron Rapport investigates how U S presidents and their senior advisers have managed vital noncombat activities while the nation is in the midst of fighting or preparing to fight major wars

The Palace of Crystal Harry Davis, 2007 In this work Davis looks at the careers of infamous psychopaths who eventually seized the leadership of their countries He examines the reasons for seeking high office and considers the stresses inherent in political leadership which may lead to disaster for entire regions or even on a global scale

Indigenous Peacebuilding in South Sudan Winnifred Bedigen, 2023-04-25 This book explores the indigenous peace cultures of the major ethnic groups in South Sudan Dinka Nuer Anuak and Acholi and analyses their contribution to resolving the civil war The book utilises qualitative narrative inquiry ethnographic methods to explore the indigenous institutions and customs customary laws beliefs and practices employed in resolving ethnic conflicts and argues

for their application in civil war resolution This book contributes to the decolonial literature knowledge by discussing the subtle norms the role of youth women and elders the concepts of resilience and proximity and their significance in peacebuilding The book shows that for sustainable peace to happen subtle roles and disputants indigenous knowledge should be part of national peace negotiation strategies This book will interest NGOs students and scholars of indigenous knowledge women youth conflict and peacebuilding African Studies and Development in the Horn of Africa and sub Sahara regions
