Rethinking Evil:

Rethinking Evil, 2001 This innovative volume will be welcomed by moral and political philosophers social scientists and anyone who reflects seriously on the twentieth century's heavy burden of war genocide ethnic cleansing and other evidence of people's desire to harm one another *Rethinking Evil* María Pía Lara, 2001-11-30 This text examines evil in the context of a post metaphysical world a world that no longer believes in a God The question of how and why God permits evil events to occur is replaced by the question of how and why humans perform evil acts *Rethinking Evil* María Pía Lara, 2001-11-30 This text examines evil in the context of a post metaphysical world a world that no longer believes in a God The question of how and why God permits evil events to occur is replaced by the question of how and why humans perform evil acts

International Perspectives on Rethinking Evil in Film and Television Dilan Tüysüz, 2020 This publication explores evil as a philosophical concept and popular phenomenon in narratives of cinema and television and contributes to the literature and analysis in the book to share an understanding of the issue *Mishneh Todah* Nili Sacher Fox, David A. Glatt-Gilad, Michael J. Williams, 2009-06-30 Jeffrey H Tigay A M Ellis Professor of Hebrew and Semitic Languages and Literatures at the University of Pennsylvania master teacher and scholar extraordinaire conservative rabbi and lifelong student of Torah receives due ovation in this exceptional volume a tribute to his indelible impression on Jewish scholarship and pedagogy The volume is arranged according to Professor Tigay's primary topics of interest deuteronomic studies ancient Israelite religion and its Near Eastern context and ancient Israelite literary tradition The reader will enjoy diverse studies such as Gender Transformation and Transgression Contextualizing the Prohibition of Cross dressing in Deuteronomy 22 5 The Problem of Evil in the Book of Job and Linen and the Linguistic Dating of P and will value the erudition of scholars such as Moshe Greenberg Emanuel Tov Gary Rendsburg William Hallo and Baruch Levine In the customary appreciations and throughout the volume colleagues students and friends laud Professor Tigay's intellectual tenacity relational warmth pedagogical prowess and devotion to Torah A former student aptly speaks for those who know him best A scholar's immortality lies in his or her work It rests too in his or her students and in the respect won from his or her colleagues A Festschrift like this one for Jeff Tigay is merely a token of that legacy the acknowledgment by his students and colleagues that the work is indeed worth celebrating This legacy will surely be a boon and delight to the reader *Horrorism* Adriana Cavarero, 2009 Words like terrorism and war are no longer capable of encompassing the scope of contemporary violence With this book Cavarero effectively renders such terms obsolete She introduces a new word horrorism to capture the experience of violence

Remapping Reality John Aloysius McCarthy, 2006 This book is about intersections among science philosophy and literature It bridges the gap between the traditional cultures of science and the humanities by constituting an area of interaction that some have called a third culture By asking questions about three disciplines rather than about just two as is customary in research this inquiry breaks new ground and resists easy categorization It seeks to answer the following

questions What impact has the remapping of reality in scientific terms since the Copernican Revolution through thermodynamics relativity theory and quantum mechanics had on the way writers and thinkers conceptualized the place of human culture within the total economy of existence What influence on the other hand have writers and philosophers had on the doing of science and on scientific paradigms of the world Thirdly where does humankind fit into the total picture with its uniquely moral nature In other words rather than privileging one discipline over another this study seeks to uncover a common ground for science ethics and literary creativity Throughout this inquiry certain nodal points emerge to bond the argument cogently together and create new meaning These anchor points are the notion of movement inherent in all forms of existence the changing concepts of evil in the altered spaces of reality and the creative impulse critical to the literary work of art as well as to the expanding universe This ambitious undertaking is unified through its use of phenomena typical of chaos and complexity theory as so many leitmotifs While they first emerged to explain natural phenomena at the quantum and cosmic levels chaos and complexity are equally apt for explaining moral and aesthetic events Hence the title *Remapping Reality* extends to the reconfigurations of the three main spheres of human interaction the physical the ethical and the aesthetic or creative

The Force of the Example Alessandro Ferrara, 2008 During the twentieth century the view that assertions and norms are valid insofar as they respond to principles independent of all local and temporal contexts came under attack from two perspectives the partiality of translation and the intersubjective constitution of the self understood as responsive to recognition Defenses of universalism have by and large taken the form of a thinning out of substantive universalism into various forms of proceduralism Alessandro Ferrara instead launches an entirely different strategy for transcending the particularity of context without contradicting our pluralistic intuitions a strategy centered on the exemplary universalism of judgment Whereas exemplarity has long been thought to belong to the domain of aesthetics this book explores the other uses to which it can be put in our philosophical predicament especially in the field of politics After defining exemplarity and describing how something unique can possess universal significance Ferrara addresses the force exerted by exemplarity the nature of the judgment that discloses exemplarity and the way in which the force of the example can bridge the difference between various contexts Drawing not only on Kant's *Critique of the Power of Judgment* but also on the work of Hannah Arendt John Rawls Ronald Dworkin and Jürgen Habermas Ferrara outlines a view of exemplary validity that is applicable to today's central philosophical issues including public reason human rights radical evil sovereignty republicanism and liberalism and religion in the public sphere

Roberto Bolaño's Fiction Chris Andrews, 2014-07-29 Since the publication of *The Savage Detectives* in 2007 the work of Roberto Bolaño 1953-2003 has achieved an acclaim rarely enjoyed by literature in translation Chris Andrews a leading translator of Bolaño's work into English explores the singular achievements of the author's oeuvre engaging with its distinct style and key thematic concerns incorporating his novels and stories into the larger history of Latin American and global literary fiction Andrews provides new readings and interpretations of Bolaño's novels

including 2666 The Savage Detectives and By Night in Chile while at the same time examining the ideas and narrative strategies that unify his work He begins with a consideration of the reception of Bola o s fiction in English translation examining the reasons behind its popularity Subsequent chapters explore aspects of Bola o s fictional universe and the political ethical and aesthetic values that shape it Bola o emerges as the inventor of a prodigiously effective fiction making system a subtle handler of suspense a chronicler of aimlessness a celebrator of courage an anatomist of evil and a proponent of youthful openness Written in a clear and engaging style Roberto Bolano s Fiction offers an invaluable understanding of one of the most important authors of the last thirty years

The Emerald International Handbook of Feminist Perspectives on Women's Acts of Violence Stacy Banwell,Lynsey Black,Dawn K. Cecil,Yanyi K. Djamba,Sitawa R. Kimuna,Emma Milne,Lizzie Seal,Eric Y. Tenkorang,2023-08-02 Grounded in feminist scholarship this book upends normative accounts of femme fatale violence to focus beyond the misogyny and the sensationalism and unearth the motivation behind women s roles in homicide terrorism combat and even nationalist movements

The Making of a Postsecular Society Massimo Rosati,2016-03-03 Drawing on the thought of Durkheim this volume focuses on societal changes at the symbolic level to develop a new conceptualisation of the emergence of postsecular societies Neo Durkheimian categories are applied to the case of Turkey which in recent years has shifted from a strong Republican and Kemalist view of secularism to a more Anglo Saxon perspective Turkish society thus constitutes an interesting case that blurs modernist distinctions between the secular and the religious and which could be described as postsecular Presenting three symbolic case studies the enduring image of the founder of the Republic Atat rk the contested site of Ayasofia and the remembering and commemoration of the murdered journalist Hrant Dink The Making of a Postsecular Society analyses the cultural relationship that the modern Republic has always had with Europe considering the possible implications of the Turkish model of secularism for a specifically European self understanding of modernity Based on a rigorous construction of theoretical categories and on a close scrutiny of the common challenges confronting Europe and its Turkish neighbour long considered other with regard to the accommodation of religious difference this book sheds light on the possibilities for Europe to find new ways of arranging the relationship between the secular and the religious As such it will appeal to scholars of social theory the sociology of religion secularisation and religious difference and social change

Performance and Power Jeffrey C. Alexander,2013-08-26 Performativity has emerged as a critical new idea across the humanities and social sciences from literary and cultural studies to the study of gender and the philosophy of action In this volume Jeffrey Alexander demonstrates how performance can reorient our study of politics and society Alexander develops a cultural pragmatics that shifts cultural sociology from texts to gestural meanings Positioning social performance between ritual and strategy he lays out the elements of social performance from scripts to mise en sc ne from critical mediation to audience reception and systematically describes their tense interrelation This is followed by a series of empirically oriented studies that demonstrate how cultural pragmatics transforms

our approach to power Alexander brings his new theory of social performance to bear on case studies that range from political to cultural power Barack Obama s electoral campaign American failure in the Iraqi war the triumph of the Civil Rights Movement terrorist violence on September 11th public intellectuals material icons and social science itself This path breaking work by one of the world s leading social theorists will command a wide interdisciplinary readership *The Good Muslim* Mona Siddiqui,2012-06-11 In this thought provoking book Mona Siddiqui reflects upon key themes in Islamic law and theology These themes which range through discussions about friendship divorce drunkenness love slavery and ritual slaughter offer fascinating insights into Islamic ethics and the way in which arguments developed in medieval juristic discourse These pre modern religious works contained a richness of thought hesitation and speculation on a wide range of topics which were socially relevant but also presented intellectual challenges to the scholars for whom God s revelation could be understood in diverse ways These subjects remain relevant today for practicing Muslims and scholars of Islamic law and religious studies Mona Siddiqui is an astute and articulate interpreter who relays complex ideas about the Islamic tradition with great clarity These are important attributes for a book which charts the authors own journey through the classical texts and reflects upon how the principles expounded there have guided her own thinking and impacted her teaching and research

The Life and Thought of Hans Jonas Christian Wiese,2007 An analysis of the Jewish background of an eminent philosopher **For Love of the Father** Ruth Stein,2010 For Love of the Father provides a psychological explanation of the attraction of destructive and self destructive fundamentalism in terms of male longings **On Pain and Suffering** Abla Hasan,2024-04-08 Driven by a detailed hermeneutical investigation of the Qur anic story of creation this book questions the hybrid Biblical Qur anic narrative that gradually erased the lines that define the authentic Qur anic account Abla Hasan argues that humanity s divine status is the bedrock from which to investigate the meaning of human religiosity and address the problem of pain and suffering The detailed analysis in this book answers many linguistic and logical pending questions in the Qur an and is a serious departure from popular Muslim narratives that seek to alleviate our pain and suffering

Amidst Mass Atrocity and the Rubble of Theology Peter Admirand,2012-03-16 It is hubris to claim answers to unanswerable questions Such questions however as part of their burden and worth must still be asked investigated and contemplated How there can be a loving all powerful God and a world stymied by suffering and evil is one of the unanswerable questions we must all struggle to answer even as our responses are closer to gasps silences and further questions More importantly how and whether one articulates a response will have deep lasting repercussions for any belief in God and in our judgments upon one another Throughout this wide ranging interdisciplinary work Peter Admirand draws upon his extensive research and background in theology and testimonial literature trauma and genocide studies cultural studies philosophy of religion interreligious studies and systematic theology As David Burrell writes in the Foreword T he work s intricate structure organization and development will lead us to appreciate that the best one can settle for is a fractured faith

built on a fractured theodicy expressed in a language explicitly fragmented pluralist and broken **Transcendental Guilt** Sami Pihlström, 2011-03-17 In *Transcendental Guilt: Reflections on Ethical Finitude* Sami Pihlström argues that the concept of guilt is fundamental to moral philosophy and to our self-understanding as moral agents. As the author emphasizes the constitutive role played by this concept or by our capacity to experience the corresponding moral emotions, he labels the both ethically and metaphysically fundamental kind of guilt to be discussed transcendental guilt. However, the book does not merely illuminate this specific ethical concept. It also seeks to intensify our understanding of the nature of moral thought itself, especially of the seriousness of the moral point of view. Thus *Transcendental Guilt* poses a challenge to our ethical self-conceptions and also to our philosophical attempts to understand them. This book does not attempt a new ethical theory. Rather, it is critical of the very idea of ethical theory, especially if by ethical theory we mean a systematically organized structure setting universal or absolute moral norms and principles. Nor does Pihlström engage in metaethical theorizing about the meaning of ethical concepts. Rather, the book engages in moral reflection, which is something significantly broader than metaethical theorizing. In moral reflection, we are not establishing theoretically justified normative principles or constructing theories about the meaning of moral language; instead, we are reflecting on our finite human lives, our lives with other human beings, as presenting us with personal yet fundamental moral demands. Moreover, the moral reflection practiced in the book is both historically informed and philosophically systematic. Scholars, graduate or advanced undergraduate students, and general educated readers interested in fundamental issues in ethics will appreciate the novel perspective presented, which challenges mainstream ideas about moral theories and the foundations of ethical thought **Kantian Ethics, Dignity and Perfection** Paul Formosa, 2017-08-10 A clear and original perspective on Kantian ethics that focuses on the dignity, vulnerability, and perfectibility of human rational agency Human Struggle Mona Siddiqui, 2021-08-25 The first comparative work to explore how humankind seeks out the meaning of life amid suffering and struggle
