Rethinking The War On Drugs In Ireland Undercurrents:

Rethinking the War on Drugs in Ireland Tim Murphy, 1996 This paper presents an argument for the legalization of psychoactive drugs that are currently prohibited by law Drawing on international drug policy research the author examines the Irish policy in its historical medical social and political context The legitimacy of current policy is severely undermined by such an examination and the ineffectiveness of the war suggests that new options must be considered *Understanding Corruption in Irish Politics* Neil Collins, Mary O'Shea, 2000 Irish political life has experienced great turmoil in recent years because of the scale and intricacy of political corruption being uncovered by parliamentary and quasi judicial inquiries There is genuine popular amazement and growing cynicism towards the seemingly never ending wave of scandal and attendant tribunals To understand political corruption in Ireland this pamphlet examines the concept within a political science analytical framework that allows both historical and international comparison The book challenges the current explanations of political corruption particularly those that stress a turning away from a political golden age in the 1960s *Understanding Political Corruption in Irish Politics* chronicles political scandals in the 1990s looks at their causes and explains their consequences It also suggests reform strategies that will reduce the incentives drawing politicians towards corruption and increase the likelihood and expense of being detected **The British National Bibliography** Arthur James Wells, 1998

Defending Peace John Maguire, 2002 This text makes a contribution to the on going debate on Ireland's participation in a European peace keeping force the Nice Treaty and wider issues concerning democracy and the price of peace John Maguire makes use of a range of current and historical sources to show how democratic processes have to be protected in the face of US policy He argues that Ireland has to make mature and independent decisions based on the rights of its citizens to take a critical look at the price of defending peace *Irish Law Times*, 1997 *Ten Years of Irish Publishing*, 2000 CD ROM contains bibliographic listings with title author publisher pages price ISBN and date [Forthcoming Books](#) Rose Arny, 1995-02 **Pulling Out of the War** G. Kipp Gilmore-Clough, 1999 **Rethinking Our War on Drugs** Gary L. Fisher, **The Irish War on Drugs** Paul O'Mahony, 2008-10-15 There have been many trenchant critiques of drug prohibition by policy analysts economists jurists police chiefs and others These critiques have had little impact despite the cogency of their arguments and the abundant evidence that drug prohibition is a disastrous failure in its own terms This book dismantles the claims and defenses of prohibition using the implementation of prohibition in Ireland over the last thirty years as a case study In this period the drug problem has grown from a minor issue to one of the country's most serious social problems Irish policy which at the level of political rhetoric adheres to an outright war on drugs has since 1996 invested hugely in harm reduction and social justice projects in an attempt to achieve a more balanced approach Analyzing the empirical evidence on the effects of Irish drugs policy on crime health social and economic well being and crucially on the prevalence of drug use this book concludes that both the earlier more rigid form of prohibition and the recent pragmatic

compromise between prohibition and harm reduction have failed and argues for a radical new approach
