Arnold,Michael J. Graetz,Alicia H. Munnell,2010-12-01 In his 1998 State of the Union address President Clinton challenged
Americans to a public debate about how to fix the long term financial problems of Social Security This annual volume of the
National Academy of Social Insurance provides a framework for that debate Competing reform proposals reflect contrasting
views about the nature of the Social Security problem and how to solve it This book examines issues about privatization
national savings and economic growth the political risks and realities in reforms lessons from private pensions developments
in the United States and the efforts of other advanced industrial countries to adapt their old age pensions to an aging
population It also poses philosophical arguments about collective versus individual responsibility and the implications of
market risks and political risks for stable and secure retirement income policy The contributors are Theo Angelis Michael J
