Rock'n'Roll's Strangest Moments Mike Evans,2014-03-28 Rock music since its pre history in blues country music and 40s and early 50s pop through to the well publicised excesses of touring bands of today has left a legacy of thousands of weird and wonderful stories in its wake We ve all read about the Who s Keith Moon driving a Rolls Royce into a hotel swimming pool but far more bizarre tales of on the road mayhem have never been widely told Likewise Svengali like managers have manipulated starstruck musicians since rock began though hanging your well known client from a third floor window was a less usual way of ensuring their loyalty And just where was the stalled hotel lift in which all four Beatles according to legend were turned on to marijuana There are the unsung heroes of rock pioneering eccentrics who helped make the music what it is and ended up as mere footnotes in the history books Men such as UK producer Joe Meek who created seminal classics from a bed sit above a cleaners on the Holloway Road and the New York DJ who originally coined the phrase rock n roll and died in alcoholic poverty Not to mention the stories behind the stars when Debbie Harry was a Playboy Bunny Paul Simon wrote Homeward Bound on Widnes railway station in Lancashire and the Gallagher brothers so they claim were petty thieves

Further Adventures of a Grumpy Old Rock Star Rick Wakeman,2010-01-26 What do Postman Pat Tommy Cooper Norman Wisdom and George Best have in common with being abandoned in a Costa Rican jungle after a severe bout of flatulence Indeed how are they also connected to trying to buy an Australian brewery just to get a beer owning twenty two cars an American soccer team and a Swiss mail order pornography company The common feature is of course a certain Richard Wakeman The Further Adventures of a Grumpy Old Rock Star takes you the privileged reader on a trip of absurd excess a cultural car crash of side splitting hilarity and an unforgettable glimpse again into the life of one of Britain s most legendary showmen rock stars and all time great raconteurs

Rock Bottom Pamela Des Barres,1996-09-15 The dark moments of rock history fascinate and tantalize like the pathos of Greek tragedy The bottom sinks lower the air seems colder the bad endings when they are bad seem beyond bad The unlucky

practitioners of our most thriving form of communal experience seem to hit rock bottom in ways only the most glamorous among us can publicly see. The stories remain obscure half seen in the shadowlands. In her familiar style Pamela Des Barres shines light on the people whose art remains the background music to our popular culture. Des Barres asks: What comes first, the addiction or the rock and roll? The first apparent rock and roll death occurred on Christmas Eve in 1959 when Johnny Ace blew his head off in a game of Russian Roulette between shows. Buddy Holly's four-seater plane crashes. Marvin Gaye's father shoots his son. Kurt Cobain puts a gun to his head. The headlines tell it all: ROCK SINGER FACES MANSLAUGHTER CHARGE, JAMES BROWN ADDICTED TO PCP, BASSIST FOR BAND HOLE FOUND DEAD. The messed-up lives, the burned-out golden boys and girls, the violence, the route toward rock bottom: Des Barres has a line on the souls of the public figures who lived desperate private lives to entertain us all.

Experiential Marketing Wided Batat, 2019-01-10. Why do some brands make us feel good while others frustrate us? What makes us engage with certain brands, rebuy the same products, return to the same store, or revisit the same destination over and over again? Is there a framework underlying how past and lived shopping experiences can affect our future experiences, our buying decisions, and our brand loyalty? In this exciting new book, Wided Batat introduces readers to the new customer experience framework and the era of the Experiential Marketing Mix. She introduces the concept of the 7Es: Experience, Exchange, Extension, Emphasis, Empathy, Emotional touchpoints, Emic, Etic. A process, a tool that focuses on the consumer as a starting point in marketing strategies. By using these, companies can design suitable emotional and profitable customer experiences in a phygital context: physical place and digital space, including both offline and online digital experiences. Batat argues that a traditional product-centric should be replaced by the appropriate mix of 7Es based upon a more consumer experience-centric logic. *Experiential Marketing* is a guide to building experiences consumers cannot forget. It will be of interest for CEOs, brand managers, marketing and communication professionals, students, and anyone eager to learn more about how to design the ultimate customer experience in a new phygital. In this book, Professor Batat combines theory and practice and gives readers an overview of the origins and the rise of the customer experience logic, the 7Es of the new experiential marketing mix, and the challenges for the future.

Shout It Out Loud James Campion, 2015-10-01. How does an underground oddity become a cultural phenomenon? For over 40 years, the rock band Kiss has galvanized the entertainment world with an unparalleled blitz of bravado, theatricality, and shameless merchandizing, garnering generations of loyally rabid fans. But if not for a few crucial months in late 1975 and early 1976, Kiss may have ended up nothing more than a footnote. *Shout It Out Loud* is a serious examination of the circumstance and serendipity that fused the creation of the band's seminal work, *Destroyer*, including the band's arduous ascent to the unexpected smash hit *Alive*, the ensuing lawsuits between its management and its label, the pursuit of the hot

young producer a grueling musical boot camp the wildly creative studio abandon the origins behind an iconic cover the era's most outlandish tour and the unlikely string of hit singles Extensive research from the period and insights into each song are enhanced by hundreds of archived materials and dozens of interviews surrounding the mid 70s era Kiss and its zeitgeist New interviews with major principals in the making of an outrageously imaginative rock classic animate this engaging tale The Compton Press Julian Berry,2019 The Compton Press was like much of the 1960s a happening It began not with a grand design but with a passion for letterpress printing This passion was very infectious and people were drawn to the mix of compositors machine minders proof readers editors and typographers initially based in a converted cowshed and coach house in Compton Chamberlayne Wiltshire We stubbornly clung onto our liking for letterpress and this led to our eventual demise but for the 12 years that we lasted we printed over 500 editions of books published over 100 and produced many journals and uncountable items of jobbing printing **Rock & Roll in Kennedy's America** Richard Aquila,2022-11-29 The author tells an unconventional history of rock roll in the early 1960s one that argues that Buddy Holly's death in 1959 was not the day the music died that teenagers of the early 1960s were not as rebellious as we'd like to believe and that the consensus politics and Cold War culture of this era were much broader based than we usually assume
