The Performer's Tale Vanessa Morton, 2021-03-04. A vivid and compelling biography of Patience Collier, an actress whose career spanned a golden age of performance from the 1930s to the 1980s and an overview of theatre, film, TV and radio in Britain over half a century. Though Patience Collier's name has faded from public consciousness since her death in 1987, it still conjures cool memories of iconic television and film from the 1970s and 1980s: *Sapphire and Steel*, *Who Pays the Ferryman*, *Fiddler on the Roof* and *The French Lieutenant's Woman*. Fearsome, eccentric and unpredictable, Patience Collier was an actress whose perfectionism shone through in her every performance and who worked alongside many of the most celebrated actors and directors of her time. Drawing on Collier's diaries, letters and photographs as well as interviews with those who worked with her, Vanessa Morton paints a portrait of a gifted and eccentric woman weaving her way through the twentieth century and gives a panoramic overview of theatre, film, TV and radio in Britain over half a century. Part social history, part cultural history, *The Performer's Tale* is a richly entertaining account of an actor's life and times I never met Patience Collier. Now having read Vanessa Morton's richly entertaining book, I feel as if I did.

Split Screen Nation Susan Courtney, 2017-02-01. *Split Screen Nation* traces an oppositional dynamic between the screen West and the screen South that was unstable and dramatically shifting in the decades after WWII and has marked popular ways of imagining the U.S. ever since. If this dynamic became vivid in Quentin Tarantino's *Django Unchained* (2012), itself arguably a belated response to *Easy Rider* (1969), this book helps us understand those films and much more through an eclectic history of U.S. screen media from the postwar era. It deftly analyzes not only Hollywood films and television but also educational and corporate films, amateur films aka home movies and military and civil defense films featuring tests of the atomic bomb in the desert. Attentive to sometimes profoundly different contexts of production and consumption shaping its varied examples, *Split Screen Nation* argues that in the face of the Cold War and the civil rights struggle, an implicit, sometimes explicit opposition between the screen West and the screen South nonetheless mediated the nation's most paradoxical narratives: namely, land of the free, land of slavery, conquest and segregation. Whereas confronting such contradictions head-on could capsize cohesive conceptions of the U.S. by now familiar screen forms of the West and the South, split them apart to offer convenient, discrete and consequential imaginary places upon which to collectively project avowed aspirations and dump troubling forms of national waste. Pinpointing some of the

most severe yet understudied postwar trends fueling this dynamic including non theatrical film road trips feature films adapted from Tennessee Williams and atomic test films and mining their potential for more complex ways of thinking and feeling the nation Split Screen Nation considers how the vernacular screen forms at issue have helped shape how we imagine not only America's past but also the limits and possibilities of its present and future

Memoirs Tennessee Williams, 2015-06-22 For the old crocodile as Williams called himself late in life the past was always present and so it is with his continual shifting and intermingling of times places and memories as he weaves this story When *Memoirs* was first published in 1975 it created quite a bit of turbulence in the media though long self identified as a gay man Williams candor about his love life sexual encounters and drug use was found shocking in and of itself and such revelations by America's greatest living playwright were called a raw display of private life by The New York Times Book Review As it turns out thirty years later Williams look back at his life is not quite so scandalous as it once seemed he recalls his childhood in Mississippi and St Louis his prolonged struggle as a starving artist the overnight success of *The Glass Menagerie* in 1945 the death of his long time companion Frank Merlo in 1962 and his confinement to a psychiatric ward in 1969 and subsequent recovery from alcohol and drug addiction all with the same directness compassion and insight that epitomize his plays And of course *Memoirs* is filled with Williams amazing friends from the worlds of stage screen and literature as he often hilariously sometimes fondly sometimes not remembers them Laurette Taylor Gore Vidal Truman Capote Elia Kazan Marlon Brando Vivian Leigh Carson McCullers Anna Magnani Greta Garbo Elizabeth Taylor and Tallulah Bankhead to name a few And now film director John Waters well acquainted with shocking the American public has written an introduction that gives some perspective on the various reactions to Tennessee's *Memoirs* while also paying tribute to a fellow artist who inspired many with his integrity and endurance
