preface

Freed Persons in the Roman World Sinclair W. Bell, Dorian Borbonus, Rose MacLean, 2024-05-31 How were freed people represented in the Roman world This volume presents new research about the integration of freed persons into Roman society It addresses the challenge of studying Roman freed persons on the basis of highly fragmentary sources whose contents have been fundamentally shaped by the forces of domination Even though freed persons were defined through a common legal status and shared the experience of enslavement and manumission many different interactions could derive from these commonalities in different periods and localities across the empire Drawing on literary epigraphic and

archaeological evidence this book provides cases studies that test the various ways in which juridical categories and normative discourses shaped the social and cultural landscape in which freed people lived By approaching the literary and epigraphic representations of freed persons in new ways it nuances the impact of power asymmetries and social strategies on the cultural practices and lived experiences of freed persons Pharmakon Michael A. Rinella,2010-06-05 Pharmakon Plato Drug Culture and Identity in Ancient Athens examines the emerging concern for controlling states of psychological ecstasy in the history of western thought focusing on ancient Greece c 750 146 BCE particularly the Classical Period c 500 336 BCE and especially the dialogues of the Athenian philosopher Plato 427 347 BCE Employing a diverse array of materials ranging from literature philosophy medicine botany pharmacology religion magic and law Pharmakon fundamentally reframes the conceptual context of how we read and interpret Plato s dialogues Michael A Rinella demonstrates how the power and truth claims of philosophy repeatedly likened to a pharmakon opposes itself to the cultural authority of a host of other occupations in ancient Greek society who derived their powers from or likened their authority to some pharmakon These included Dionysian and Eleusinian religion physicians and other healers magicians and other magic workers poets sophists rhetoricians as well as others Accessible to the general reader yet challenging to the specialist Pharmakon is a comprehensive examination of the place of drugs in ancient thought that will compel the reader to understand Plato in a new way **A History of the Quests for the Historical Jesus, Volume 1** Colin Brown,Craig A. Evans,2022-11-08 A comprehensive two volume reassessment of the quests for the historical Jesus that details their origins and underlying presuppositions as well as their ongoing influence on today s biblical and theological scholarship Jesus life and teaching is important to every question we ask about what we believe and why we believe it And yet there has never been common agreement about his identity intentions or teachings even among first century historians and scholars Throughout history different religious and philosophical traditions have attempted to claim Jesus and paint him in the cultural narratives of their heritage creating a labyrinth of conflicting ideas From the evolution of orthodoxy and quests before Albert Schweitzer s famous Old Quest to today s ongoing questions about criteria methods and sources A History of the Quests for the Historical Jesus not only chronicles the developments but lays the groundwork for the way forward The late Colin Brown brings his scholarly prowess in both theology and biblical studies to bear on the subject assessing not only the historical and exegetical nuts and bolts of the debate about Jesus of Nazareth but also its philosophical sociological and theological underpinnings Instead of seeking a bedrock of facts Brown stresses the role of hermeneutics in formulating questions and seeking answers Colin Brown was almost finished with the manuscript at the time of his passing in 2019 Brought to its final form by Craig A Evans this book promises to become the definitive history and assessment of the quests for the historical Jesus Volume One covers the period from the beginnings of Christianity to the end of World War II Volume Two sold separately covers the period from the post War era through contemporary debates The Oxford Handbook of Early Christian Studies Susan

Gifts and Ritual Teresa Lee McCaskill, 2023-01-09 Paul's teaching about divine benefactions in Rom 12:6-8 extends the theme of worship that he establishes in Rom 12:1-2. Together these passages address a uniquely gentile dilemma that many in his audience faced as new Christ followers which was the challenge of finding acceptable replacements for former cultic activities that were woven through all of life's stages from birth to death. One of the chief shortcomings of the scholars that have written about Rom 12:6-8 is a failure to address what Paul's gentile audience might have brought to his teaching and how his alignment of gifts with ritual Rom 12:1-2 mirrored their polytheistic background. By analyzing examples from ancient texts and artifacts Teresa Lee McCaskill shows that all seven of the terms Paul uses in Rom 12:6-8 would have had recognizable cultic antecedents for first century worshipers in Rome. McCaskill presents a theoretical model that discusses how Paul's gentile audience might have viewed the charismata and considered them as examples of sanctioned practices to replace former rituals. She also weighs the effectiveness of these particular gifts for furthering Paul's missional objectives.
