't Hart,Joost Jonker,Jan Luiten van Zanden,1997-09-11 Overview of the financial history of the Netherlands from the sixteenth century onwards A Cultural History of Race in Antiquity Denise Eileen McCoskey,2023-06-01 The era generally referred to as antiquity lasted for thousands of years and was characterized by a diverse range of peoples and cultural systems This volume explores some of the specific ways race was defined and mobilized by different groups including the Greeks Romans Egyptians Persians and Ethiopians as they came into contact with one another during this period Key to this inquiry is the examination of institutions such as religion and politics and forms of knowledge such as science that circumscribed the formation of ancient racial identities and helped determine their meanings and consequences Drawing on a range of ancient evidence literature historical writing documentary evidence and ancient art and archaeology this volume highlights both the complexity of ancient racial ideas and the often violent and asymmetrical power structures embedded in ancient racial representations and practices like war and the enslavement of other persons The study of race in antiquity has long been clouded by modern assumptions so this volume also seeks to outline a better method for apprehending race on its own terms in the ancient world including its relationship to other forms of identity such as ethnicity and gender while also seeking to identify and debunk some of the racist methods and biases that have been promulgated by classical historians themselves over the last few centuries **Roman Officers and English Gentlemen** Richard Hingley,2013-04-15 This landmark book shows how much Victorian and Edwardian Roman archaeologists were influenced by their own experience of empire in their interpretation of archaeological evidence This distortion of the facts became accepted truth and its legacy is still felt in archaeology today While tracing the development of these ideas the author also gives the reader a thorough grounding in the history of Roman archaeology itself Ethnology of the British Islands Robert Gordon Latham,1852 OCR Classical Civilisation GCSE Route 1 Ben Greenley,Dan Menashe,James Renshaw,2017-08-24 This textbook is endorsed by OCR and supports the
