Decker, 2017-07-05 Bodies mangled limbs broken skin flayed blood spilled from paintings to prints to small sculptures the art of the late Middle Ages and early modern period gave rise to disturbing scenes of violence Many of these torture scenes recall Christ's Passion and its aftermath but the martyrdoms of saints stories of justice visited on the wicked and broadsheet reports of the atrocities of war provided fertile ground for scenes of the body's desecration Contributors to this volume interpret pain suffering and the desecration of the human form not simply as the passing fancies of a cadre of proto sadists but also as serving larger social functions within European society Taking advantage of the frameworks established by scholars such as Samuel Edgerton Mitchell Merback and Elaine Scarry to name but a few *Death Torture and the Broken Body in European Art 1300 1650* provides an intriguing set of lenses through which to view such imagery and locate it within its wider social political and devotional contexts Though the art works discussed are centuries old the topics of the essays resonate today as twenty first century Western society is still absorbed in thorny debates about the ethics and consequences of the use of force coercion including torture and execution and about whether it is ever fully acceptable to write social norms on the bodies of those who will not conform      **Rome; Its Ruler and Its Institutions** John Francis Maguire, 1860      Light from the Ancient Past, Vol. 1 Jack Finegan, 2015-12-08 A photograph map or diagram illustrates the text for every site described in this pilgrimage to Palestine beginning with places connected with John the Baptist and proceeding to Bethlehem and Nazareth Samaria and Galilee Jerash Caesarea Jericho the Mount of Olives Jerusalem and Emmaus Each entry concludes with a brief bibliography of pertinent literature Professor Finegan's knowledge of Christian theology and history plus his command of the archeology and

H. C. Frend, 2014-04-15 Although the story of the triumphant rise of Christianity has often been told it was a triumph achieved through blood and tribulation The literal meaning of the term martyr meant witness but among early Christians it quickly acquired a harsher meaning one who died for the faith and that witness through death was responsible for many conversions including those of Justin Martyr who himself offered just such witness and perhaps even Tertullian Persecution was seen by early Christians as by later historians as one of the crucial influences on the development of the early church and Christian belief Why did the Roman Empire persecute Christians Why did thousands of Christians not merely accept but welcome martyrdom In his classic work Martyrdom and Persecution in the Early Church the late W H C Frend explores the mindset of Christians who suffered persecution as well as the motivations of those who persecuted them He shows the critical importance of Jewish ideas to early Christians heavily influenced as they were by the story of Daniel and the revolt of the Maccabean He argues that the Christian concept of martyrdom held in such high regard among early Christians can only be understood as springing from Jewish roots Frend explores a number of major persecutions to show both common themes and variations and examines also the relationship between the heavenly kingdom of Christ and the rule of the earthly emperor In doing so he shows how persecution formed an essential part in a providential philosophy of history that has profoundly influenced European political thought
