Rebuilding the Temple Robert P. Vande

Kappelle,2022-04-21 As the Bible indicates our lives are a construction zone for our bodies are temples of the divine Spirit Formed initially in the image of God human beings lost intimacy with God through corruption rebellion or neglect In response the divine Creator loves us back into relationship providing means of grace to help restore us to wholeness beginning with our body and continuing through our mind soul and spirit As buildings need cleaning maintenance and ongoing care so our inner temple needs spiritual stimulus cleaning and care Rebuilding the Temple is the fourth book in Vande Kappelle s series on spirituality and the arts Books in this series reinforce the essential principle underlying all authentic spirituality Go deep in any one place and you will meet the infinite aliveness that is God for God is everywhere Whereas earlier books consider the connection of spirituality with creative arts such as poetry film music theater drama dance and modern literature this volume takes readers on a journey through classic Christian literature beginning with the Bible and continuing through inspirational works written by diverse spiritual mentors such as Augustine Dante Luther Calvin Teresa of Avila George Fox Blaise Pascal Henri Nouwen A W Tozer John McLaren John Shelby Spong Richard Rohr and Marcus Borg Reading their works reminds us that Christian literature is most practical and inspirational when it takes a narrative approach to theology interpreting the spiritual journey through the ongoing stories of people and communities rather than trying to capture timeless truths analytically or through rational argumentation Like its companion texts Wading on Water Deep Splendor and Deeper Splendor this volume is useful for individual or group study Each chapter concludes with questions suitable for discussion or reflection

series is based on the conviction that God is still speaking to all who will listen and that the Holy Spirit makes the Word a living and authoritative guide for all who want to know and do God's will The Crusade of Ramon Llull Numa Gomez, 2022-09-16 A thirteenth century priest in the Iberian Peninsula reaches out to Muslims and Jews in order to convert them to Christianity This was a time of great conflict between the Abrahamic faiths so any communication between adherents was usually difficult and sometimes hostile Ramon Llull believed this theological gap could be overcome through logic and Scripture Approaches to Teaching the Romance of the Rose Daisy Delogu, Anne-Hélène Miller, 2023-03-21 One of the most influential texts of its time the Romance of the Rose offers readers a window into the world view of the late Middle Ages in Europe including notions of moral philosophy and courtly love Yet the Rose also explores topics that remain relevant to readers today such as gender desire and the power of speech Students however can find the work challenging because of its dual authorship by Guillaume de Lorris and Jean de Meun its structure as an allegorical dream vision and its encyclopedic length and scope The essays in this volume offer strategies for teaching the poem with confidence and enjoyment Part 1 Materials suggests helpful background resources Part 2 Approaches presents contexts critical approaches and strategies for teaching the work and its classical and medieval sources illustrations and adaptations as well as the intellectual debates that surrounded it Christian Humanism in Shakespeare Lee Oser, 2022-05-06 Shakespeare Lee Oser argues is a Christian literary artist who criticizes and challenges Christians but who does so on Christian grounds Stressing Shakespeare's theological sensitivity Oser places Shakespeare's work in the radical middle the dialectical opening between the sacred and the secular where great writing can flourish According to Oser the radical middle was and remains a site of cultural originality as expressed through mimetic works of art intended for a catholic small c audience It describes the conceptual space where Shakespeare was free to engage theological questions and where his Christian skepticism could serve his literary purposes Oser reviews the rival cases for a Protestant Shakespeare and for a Catholic Shakespeare but leaves the issue open focusing instead on how Shakespeare exploits artistic resources that are specific to Christianity including the classical Christian rhetorical tradition The scope of the book ranges from an introductory survey of the critical field as it now stands to individual chapters on A Midsummer Night's Dream The Merchant of Venice the Henriad Hamlet and King Lear Writing with a deep sense of literary history Oser holds that mainstream literary criticism has created a false picture of Shakespeare by secularizing him and misconstruing the nature of his art Through careful study of the plays Oser recovers a Shakespeare who is less vulnerable to the winds of academic and political fashion and who is a friend to the enduring project of humanistic education Christian Humanism in Shakespeare A Study in Religion and Literature is both eminently readable and a work of consequence
