## **Romanians And Romania:**

**Romanians and Romania** Ioan Aurel Pop,1999 The volume provides a comprehensive yet brief analysis of the evolution of Romanian history and civilization from the first century BC to the present Its principal attraction to readers is the conceptual and analytical approach designed to provide an intelligent yet scholarly overview of Romanian history and a clear understanding of the problems facing the country rooted in that history in the post communist period of transition of the 1990s and most likely also in the new millennium Language and Travel Guide to Romania Rosemary Rennon,2007

Rosemary Rennon discovered Romania in 1993 when she went hunting for the small village where her father was born She was captivated by its scenery and by the simplicity of a country just awakening from its long communist nightmare Unfamiliar to many due to its long isolation Romania is comprised of five distinct regions resulting from both their unique landscapes and their historical populations of Dacians Romanians Germans Hungarians and Turks In addition to its rolling green hills and valleys with the arc of the Carpathian mountain chain in its centre the country s southeastern region on the Black Sea provides a massive wildlife refuge as well as miles of sandy beach resorts Its cities are filled with outstanding architectural gems and modern activities All this plus a fascinating turbulent history and the lovely Romanian tongue considered by many to be the original romance language belong to a culture one will never want to leave **United**

examines the building of the European nation which became Romania in 1859 The evolution of the Romanians in the century between the 1770s and the 1860s was marked by a transition from long established agrarian economic and social structures locked into an essentially medieval political system to a society moulded by urban and industrial values and held together by
