

A large, three-dimensional sculpture of the word 'LOVE' in a bold, sans-serif font. The sculpture is made of a translucent material and is illuminated from within, casting a bright blue glow. It is positioned in a workshop or studio setting. In the background, there are various items on shelves, including what appears to be a white bag and some tools. A ceiling fan is visible above the sculpture. The floor is made of large, light-colored tiles.

Parkin,2011-06-03 Modern advertising has changed dramatically since the early twentieth century but when it comes to food Katherine Parkin writes the message has remained consistent Advertisers have historically promoted food in distinctly gendered terms returning repeatedly to themes that associated shopping and cooking with women Foremost among them was that regardless of the actual work involved women should serve food to demonstrate love for their

families In identifying shopping and cooking as an expression of love ads helped to both establish and reinforce the belief that kitchen work was women s work even as women s participation in the labor force dramatically increased Alternately flattering her skills as a homemaker and preying on her insecurities advertisers suggested that using their products would give a woman irresistible sexual allure a happy marriage and healthy children Ads also promised that by buying and making the right foods a woman could help her family achieve social status maintain its racial or ethnic identity and assimilate into the American mainstream Advertisers clung tenaciously to this paradigm throughout great upheavals in the patterns of American work diet and gender roles To discover why Food Is Love draws on thousands of ads that appeared in the most popular magazines of the twentieth and early twenty first centuries including the Ladies Home Journal Good Housekeeping Ebony and the Saturday Evening Post The book also cites the records of one of the nation s preeminent advertising firms as well as the motivational research advertisers utilized to reach their customers *The Giant's House* Elizabeth
