of the period are represented here from Edgeworth and Moore to Yeats and Synge but there are other often less noticed but hugely significant writers such as Charles Robert Maturin Dion Boucicault and May Laffan There are non Irish commentators on Ireland like Cobbett and Engels as well as a series of key Scottish figures including Burns and Scott in addition to lesser known or lesser noticed Scottish writers with strong Irish interests such as R M Ballantyne and Robert Tannahill whose work opens up new and promising avenues into Irish writing

Cosmo Innes and the Defence of Scotland's Past c. 1825-1875 Richard A. Marsden,2016-05-13 Today Scotland s history is frequently associated with the clarion call of political nationalism However in the nineteenth century the influence of history on Scottish national identity was far more ambiguous How then did ideas about the past shape Scottish identity in a period when union with England was all but unquestioned The activities of the antiquary Cosmo Innes 1798 1874 help us to address this question Innes was a prolific editor of medieval and early modern documents relating to Scotland s parliament legal system burghs universities aristocratic families and pre Reformation church Yet unlike scholars today he saw that editorial role in interventionist terms His source editions were artificial constructs that powerfully articulated his worldview and agendas emphasising Enlightenment inspired narratives of social progress and institutional development At the same time they used manuscript facsimiles and images of medieval architecture to foreground a romantic concern for the texture of past lives Innes operated within an elite associational culture which gave him access to the leading intellectuals and politicians of the day His representations of Scottish history therefore had significant influence and were put to work as commentaries on some of the major debates which exorcised Scotland s intelligentsia across the middle decades of the century This analysis of Innes s work with sources set within the intellectual context of the time and against the antiquarian activities of his contemporaries provides a window onto the ways in which the national past was perceived in Scotland during the nineteenth century This allows us to explore how historical thinkers negotiated the apparent dichotomies between Enlightenment and Romanticism whilst at the same time enabling a re examination of prevailing assumptions about Scotland s supposed failure to maintain a viable national consciousness in the later 1800s

Scotland Murray Pittock,2022-09-27 An engaging and authoritative

history of Scotland s influence in the world and the world s on Scotland from the Thirty Years War to the present day Scotland is one of the oldest nations in the world yet by some it is hardly counted as a nation at all Neither a colony of England nor a fully equal partner in the British union Scotland has often been seen as simply a component part of British

history But the story of Scotland is one of innovation exploration resistance and global consequence In this wide ranging deeply researched account Murray Pittock examines the place of Scotland in the world He explores Scotland and Empire the rise of nationalism and the pressures on the country from an increasingly monolithic understanding of Britishness From the Thirty Years War to Jacobite risings and today s ongoing independence debates Scotland and its diaspora have undergone profound changes This groundbreaking account reveals the diversity of Scotland s history and shows how after the country disappeared from the map as an independent state it continued to build a global brand

Intellectual Politics and Cultural Conflict in the Romantic Period Dr Alex Benchimol, 2013-04-28 Intellectual Politics and Cultural Conflict in the Romantic Period maps the intellectual formation of English plebeian radicalism and Scottish philosophic Whiggism over the long eighteenth century and examines their associated strategies of critical engagement with the cultural social and political crises of the early nineteenth century It is a story of the making of a wider British public sphere out of the agendas and discourses of the radical and liberal publics that both shaped and responded to them When juxtaposed these competing intellectual formations illustrate two important expressions of cultural politics in the Romantic period as well as the peculiar overlapping of national cultural histories that contributed to the ideological conflict over the public meaning of Britain s industrial modernity Alex Benchimol s study provides an original contribution to recent scholarship in Romantic period studies centred around the public sphere recovering the contemporary debates and national cultural histories that together made up a significant part of the ideological landscape of the British public sphere in the early nineteenth century
