Romantic Writing and the Empire of Signs Karen Fang, 2010-02-02 Nineteenth century periodicals frequently compared themselves to the imperial powers then dissecting the globe and this interest in imperialism can be seen in the exotic motifs that surfaced in works by such late Romantic authors as John Keats Charles Lamb James Hogg Letitia Landon and Lord Byron Karen Fang explores the collaboration of these authors with periodical magazines to show how an interdependent relationship between these visual themes and rhetorical style enabled these authors to model their writing on the imperial project Fang argues that in the decades after Waterloo late Romantic authors used imperial culture to capitalize on the contemporary explosion of periodical magazines This proliferation of post Napoleonic writing often referencing exotic locales both revises longstanding notions about literary orientalism and reveals a remarkable synthesis of Romantic idealism with contemporary cultural materialism that heretofore has not been explored Indeed in interlocking case studies that span the reach of British conquest ranging from Greece China and Egypt to Italy and Tahiti Fang challenges a major convention of periodical publication While periodicals are usually thought to be defined by time this account of the geographic attention exerted by late Romantic authors shows them to be equally concerned with space With its exploration of magazines and

imperialism as a context for Romantic writing culture and aesthetics this book will appeal not only to scholars of book history and reading cultures but also to those of nineteenth century British writing and history **Conduct Literature for**

The Eighteenth-century Novel, 2001 *Biographical Misrepresentations of British Women Writers* Brenda Ayres, 2017-11-08 This book is an investigation of the biases contradictions errors ambiguities gaps and historical contexts in biographies of controversial British women who published during the long nineteenth century many of them left unchecked and perpetuated from publication to publication Fourteen scholars analyze the agenda problems and strengths of biographical material highlighting the flaws deficiencies and influences that have distorted the portraits of women such as Lady Mary Wortley Montagu Mary Wollstonecraft Mary Hays Sydney Owenson Letitia Elizabeth Landon Felicia Hemans Elizabeth Barrett Browning Caroline Norton Elizabeth Gaskell Charlotte Bront Lady Florence Dixie George Eliot and Edith Simcox Through exposing distortions this fascinating study demonstrates that biographies are often more about the biographer than they are about the biographee and that they are products of the time in which they are written

Madness and the Romantic Poet James Whitehead, 2017 *Madness and the Romantic Poet* examines the longstanding and enduringly popular idea that poetry is connected to madness and mental illness The idea goes back to classical antiquity but it was given new life at the turn of the nineteenth century The book offers a new and much more complete history of its development than has previously been attempted alongside important associated ideas about individual genius creativity the emotions

rationality and the mind in extreme states or disorder ideas that have been pervasive in modern popular culture More specifically the book tells the story of the initial growth and wider dissemination of the idea of the Romantic mad poet in the nineteenth century how and why this idea became so popular and how it interacted with the very different fortunes in reception and reputation of Romantic poets their poetry and attacks on or defences of Romanticism as a cultural trend generally again leaving a popular legacy that endured into the twentieth century Material covered includes nineteenth century journalism early literary criticism biography medical and psychiatric literature and poetry A wide range of scientific and pseudoscientific thinkers are discussed alongside major Romantic authors including Wordsworth Coleridge Blake Hazlitt Lamb Percy Bysshe Shelley Keats Byron and John Clare Using this array of sources and figures the book asks was the Romantic mad genius just a sentimental stereotype or a romantic myth Or does its long popularity tell us something serious about Romanticism and the role it has played or has been given in modern culture

Intellectual Politics and Cultural Conflict in the Romantic Period Alex Benchimol, 2016-05-23 Intellectual Politics and Cultural Conflict in the Romantic Period maps the intellectual formation of English plebeian radicalism and Scottish philosophic Whiggism over the long eighteenth century and examines their associated strategies of critical engagement with the cultural social and political crises of the early nineteenth century It is a story of the making of a wider British public sphere out of the agendas and discourses of the radical and liberal publics that both shaped and responded to them When juxtaposed these competing intellectual formations illustrate two important expressions of cultural politics in the Romantic period as well as the peculiar overlapping of national cultural histories that contributed to the ideological conflict over the public meaning of Britain's industrial modernity Alex Benchimol's study provides an original contribution to recent scholarship in Romantic period studies centred around the public sphere recovering the contemporary debates and national cultural histories that together made up a significant part of the ideological landscape of the British public sphere in the early nineteenth century

Law, Equity and Romantic Writing Michael Demson, Regina Hewitt, 2024-09-30 This provocative and timely volume examines the activity of seeking justice through literature during the age of revolutions from 1750 to 1850 a period which was marked by efforts to expand political and human rights and to rethink attitudes towards poverty and criminality While the chapters revolve around legal topics they concentrate on literary engagements with the experience of the law revealing how people perceived the fairness of a given legal order and worked with and against regulations to adjust the rule of law to the demands of conscience The volume updates analysis of this conflict between law and equity by drawing on the concept of epistemic injustice to describe the harm done to personal identity and collective flourishing by the uneven distribution of resources and the wish to punish breaches of order It shows how writing and reading can foment inquiries into the meanings of justice and equity and aid efforts to humanise the rule of law
