Romantic Vision And The Novel:

Romantic Vision and the Novel Jay Clayton, 2009-07-02 In this important contribution to the poetics of fiction Dr Jay Clayton examines the way the Romantic visionary moment alters narrative structure in the novel This study provides the first account of the relationship between Romanticism and the English novel giving detailed attention to the formal issues of genre and representation as well as to the social and ethical assumptions that govern apparently formal considerations Informed by literary psychoanalytic and narrative theory *Romantic Vision and the Novel* is written in a clear and forceful style that will help many readers come to terms with these difficult subjects Through detailed and original interpretations of works by Richardson Austen Emily Bronte Dickens George Eliot and Lawrence Clayton establishes the importance for what they can reveal about each other and for what their relationship reveals about the larger functional of literature in society

Romantic Vision Robert Godwin-Jones, 1995 **The Romantic Sublime and Middle-Class Subjectivity in the Victorian Novel** Stephen Hancock, 2013-10-31 This study follows the aesthetic of the sublime from Burke and Kant through Wordsworth and the Shelleys into Thackeray Dickens Eliot and Hardy Exploring the continuities between the romantic and Victorian periods that have so often been rather read as differences the book demonstrates that the sublime mode enables the transition from a paradigm of overwhelming power exemplified by the body of the king to the pervasive power of surveillance utilized by the rising middle classes While the domestic woman connected with the rise of the middle class is normally seen as beautiful the book contends that the moral authority given to this icon of depth and interiority is actually sublime The binary of the beautiful and the sublime seeks to contain the sublimity of womanhood by insisting on sublimity's masculine character This is the book's most important claim rather than exemplifying masculine strength the sublime marks the transition to a system of power gendered as feminine and yet masks that transition because it fears the power it ostensibly accords to the feminine This aesthetic is both an inheritance the Victorians receive from their romantic predecessors and more importantly a broad historical phenomenon that questions the artificial boundaries between romantic and Victorian [The Cambridge Companion to Fiction in the Romantic Period](#) Richard Maxwell, Katie

Trumpener, 2008-02-21 While poetry has been the genre most closely associated with the Romantic period the novel of the late eighteenth and early nineteenth centuries has attracted many more readers and students in recent years Its canon has been widened to include less well known authors alongside Jane Austen Walter Scott Maria Edgeworth and Thomas Love Peacock Over the last generation especially a remarkable range of popular works from the period have been re discovered and reread intensively This Companion offers an overview of British fiction written between roughly the mid 1760s and the early 1830s and is an ideal guide to the major authors historical and cultural contexts and later critical reception The contributors to this volume represent the most up to date directions in scholarship charting the ways in which the period's social political and intellectual redefinitions created new fictional subjects forms and audiences **The Oxford Handbook**

of the Victorian Novel Lisa Rodensky, 2013-07-11 Much has been written about the Victorian novel and for good reason The cultural power it exerted and to some extent still exerts is beyond question The Oxford Handbook of the Victorian Novel contributes substantially to this thriving scholarly field by offering new approaches to familiar topics the novel and science the Victorian Bildungsroman as well as essays on topics often overlooked the novel and classics the novel and the OED the novel and allusion Manifesting the increasing interdisciplinarity of Victorian studies its essays situate the novel within a complex network of relations among for instance readers editors reviewers and the novelists themselves or among different cultural pressures the religious the commercial the legal The handbook's essays also build on recent bibliographic work of remarkable scope and detail responding to the growing attention to print culture With a detailed introduction and 36 newly commissioned chapters by leading and emerging scholars beginning with Peter Garside's examination of the early nineteenth century novel and ending with two essays proposing the last Victorian novel the handbook attends to the major themes in Victorian scholarship while at the same time creating new possibilities for further research Balancing breadth and depth the clearly written nonjargon laden essays provide readers with overviews as well as original scholarship an approach which will serve advanced undergraduates graduate students and established scholars As the Victorians get further away from us our versions of their culture and its novel inevitably change this Handbook offers fresh explorations of the novel that teach us about this genre its culture and by extension our own [The Cambridge Companion to British Romantic Poetry](#) Maureen N. Jane Austen and the Romantic Poets William Deresiewicz, 2005-01-05 This elegant and thoughtful work offers an important new way of understanding Jane Austen by defining the fundamental impact and influence of British Romanticism on her later novels In comparing the earlier and later phases of Austen's career Deresiewicz addresses an important yet neglected issue regarding her work the longstanding critical consensus that Austen's last three novels *Mansfield Park* *Emma* and *Persuasion* represent far greater artistic achievements than do her first three *Northanger Abbey* *Sense and Sensibility* and *Pride and Prejudice* *Jane Austen and the Romantic Poets* offers a rich account of the differences between the two phases of Austen's career In doing so it contextualizes her later novels within the British Romantic movement and the works of Wordsworth Coleridge Scott and Byron Through close readings of *Mansfield Park* *Emma* and *Persuasion* Deresiewicz reveals the importance of Romantic ideas in Austen's later work considering the ways in which the novels investigate hidden mechanisms of psychic and affective life including substitution ambiguous relationships and widowhood Deresiewicz's innovative approach and its emphasis on Romanticism opens up new perspectives on Austen's later novels by exploring their patterns of imagery narrative logics and social and historical dimensions

Novel-Poetry Emily Allen, Dino Franco Felluga, 2024-09-05 *Novel Poetry* examines the verse novel a hybrid genre that emerged in the middle decades of Britain's nineteenth century to make a larger claim about the nature of genre and formal structures for time action and identity that cross genres The volume uncovers trajectories of literary influence that structure our approach to literature and affect how we shape our lives lives which are often constrained by cause and effect and narrative driven ways of approaching time and possibility *Novel Poetry* tracks an alternative way of thinking about time and event that was inspired

by the French Revolution popularized by Lord Byron and explored by experimental Victorian poets such as Elizabeth Barrett Browning Robert Browning Arthur Hugh Clough and George Meredith The volume turns to the work of philosophers Alain Badiou Jean Pierre Dupuy and Slavoj Žižek to theorize this alternative mode which it aligns with the futuristic The temporality of the future anterior disrupts both the novel's realist chronologies and the expressivist lyric's cult of the moment thus liberating possibilities for collective action Ranging widely across romantic lyric poetry Victorian novels and nineteenth century and contemporary literary theory Novel Poetry asks what alternative structures and temporalities does a focus on either realistic narrative or the lyric moment occlude Are there ways of thinking about lived experience and personal or collective agency that do not conform to traditional models ways that the verse novel might help us to explore What might be gained today from trying to think about ourselves and our world outside of established frameworks that are now so naturalized as to feel almost inescapable This is an open access title available under the terms of a CC BY NC ND 4.0 licence

The Taming of Romanticism Virgil Nemoianu, 1984 Looking at a broad spectrum of writers English French German Italian Russian and other East Europeans Virgil Nemoianu offers here a coherent characterization of the period 1815 1848 This he calls the era of the domestication of romanticism The explosive visionary core of romanticism is seen to give way after the defeat of Napoleon to an expanded and softer version reflecting middle class values This later form of romanticism is characterized by moralizing efforts to reform society a sentimental yearning for the tranquility of home and hearth and persistent faith in the individual alongside a new skepticism shattered ideals and consequent irony Expanding the application of the term Biedermeier which has been useful in describing this period in German literature Nemoianu provides a new framework for understanding these years in a wider European context

The Irish Expatriate Novel in Late Capitalist Globalization Joe Cleary, 2021-11-11 This study of contemporary Irish expatriate fiction offers a boldly original world facing rather than nation focused overview of the contemporary Irish novel Chapters examine how Irish narrative deals with the United States in a time of declining global

hegemony a rising China and Asia a thwarted and turbulent Global South and a European Union that has decisively reshaped Ireland in the last half century The author argues that in a late capitalist world defined by volatile economic and cultural globalizations the Irish novel is struggling to imagine new ways to narrate the country's relationship to the world capitalist system and to find new place for Irish writing in the world literary system Looking at a rapidly changing Ireland in a rapidly changing international order Joe Cleary offers new readings of novels by Colm Tóibín Anne Enright Joseph O'Neill Deirdre Madden Mary Costello Naoise Dolan Aidan Higgins Colum McCann Ronan Sheehan and Ronan Bennett Literature for a Society of Equals Daniel S. Malachuk, 2023-09-29 Literature for a Society of Equals defends modern equality and seeks its best literature It accuses equality's supposed friends on the left of attenuating this world redefining relationship into a collection of rights and goods to distribute secularizing it even as the right keeps sacralizing hierarchies and optimistically handing it over to time to make it happen In contrast loyal to equality as modernity's revolutionary invention the writers examined here from Mary Shelley to Gwendolyn Brooks to Ta Nehisi Coates envision relational equality as lately recovered by philosophers like Elizabeth Anderson and historians like Pierre Rosanvallon Literary scholars need to reread these pessimist egalitarians too though for the discipline has failed them in the same three ways i.e. attenuating and secularizing these writers' portraits of equality but most of all insisting the sympathy generated by reading these texts will with enough time expand the circle of humanity For students and teachers of literature at the university level this volume is a guide to those writings that champion equality as relational sacred and ours not time's to realize

Romanticism and Postromanticism Claudia Moscovici, 2007-02-09 Claudia Moscovici asserts in Romanticism and Postromanticism that the Romantic heritage far from being important only in a historical sense has philosophical relevance and value for contemporary art and culture With an emphasis on artistic tradition as a continuing source of inspiration and innovation she touches upon each main branch of philosophy aesthetics epistemology and ethics The book begins by describing some of the most interesting features of the Romantic movement that still fuel our culture It then addresses the question How did an artistic movement whose focus was emotive expression change into a quest for formal experimentation And finally Moscovici considers the aesthetic philosophy of postromanticism by thinking through how the Romantic emphasis upon beauty and passion can be combined with the modern and postmodern emphasis on originality and experimentation
