Romanticism and the Re-Invention of Modern Religion Alexander J. B. Hampton, 2019-01-17 Early German Romanticism sought to respond to a comprehensive sense of spiritual crisis that characterised the late eighteenth century The study demonstrates how the Romantics sought to bring together the new post Kantian idealist philosophy with the inheritance of the realist Platonic Christian tradition With idealism they continued to champion the individual while from Platonism they took the notion that all reality including the self participated in absolute being This insight was expressed not in the language of theology or philosophy but through aesthetics which recognised the potentiality of all creation including artistic creation to disclose the divine In explicating the religious vision of Romanticism this study offers a new historical appreciation of the movement and furthermore demonstrates its importance for our understanding of religion today *Sexual Politics and the Romantic Author* Sonia Hofkosh, 1998-06-18 Exploring a range of early nineteenth century cultural materials from canonical poetry and critical prose to women s magazines and gift book engravings *Sexual Politics and the Romantic Author* offers new perspectives on the role of gender in Romanticism s defining paradigms of authorship The Romantic author s claim to individual agency is complicated by its articulation in a market system perceived to be impelled in large part by fantasies of female desire by what women read and write what they buy and sell how they look and where they look for pleasure These studies in the contested public spaces of literary labour elaborate the fundamental if invisible function of the woman as embodiment of authorial ambivalence in writing by Austen Byron Coleridge William Hazlitt Sarah Hazlitt Leigh Hunt Keats

Mary Shelley William Wordsworth and others Romanticism and Education David Halpin, 2007-06-07 In this original book David Halpin argues that an understanding of the Romantic roots of progressive education is a necessary condition for restoring to critical consciousness some important but currently neglected basic ideas about teaching and learning ideas about the importance of imaginative experience and its promotion ideas about the high status that should be conferred on childhood ideas about the importance of love and friendship in schooling ideas about the positive role that heroism can play in making learning more effective and ideas about viewing teaching as a critical vocation These themes are pursued in separate chapters each of which is illuminated by reference to the literary and intellectual contributions of four nineteenth century English Romantic writers William Hazlitt William Wordsworth Samuel Coleridge and William Blake This well written and illuminating book will stimulate fresh thinking about pedagogic reform It will be interesting reading for those studying for Masters and Doctoral degrees in education as well as academics researchers and policy makers working in the same field

The Literature of German Romanticism Dennis F. Mahoney, 2004 Sharply focused essays on the most significant aspects of German Romanticism This volume of sharply focused essays by an international team of scholars deals not only with the most significant literary philosophical and cultural aspects of German Romanticism one of the most influential albeit highly controversial movements in the history of German literature but also with the history and status of scholarship on the literature of the period The introduction and first section establish an overall framework by placing German Romanticism within a European context that includes its English counterpart Goethe and Schiller are considered as are the Jena Romantics The second section is organized according to the traditional distinctions between epic dramatic and lyric modes of writing while realizing that particularly in the Romantic novel there was an attempt to blend these three A final group of essays focuses on German literary Romanticism's relation to other aspects of German culture folklore studies politics psychology natural science gender presentation and representation music and visual art Contributors Gerhard Schulz Arnd Bohm Richard Littlejohns Gerhart Hoffmeister Ulrich Scheck Claudia Stockinger Bernadette Malinowski Fabian Lampart Klaus Peter Gabriele Rommel Martha B Helfer Kristina Muxfeldt Beate Allert Paul Bishop and R H Stephenson Nicholas Saul Dennis F Mahoney is Professor of German and Director of the European Studies Program at the University of Vermont

Romantic Moderns: English Writers, Artists and the Imagination from Virginia Woolf to John Piper Alexandra Harris, 2010-11-01 Winner of the 2010 Guardian First Book Award a groundbreaking reassessment of English cultural life in the thirties and forties In the 1930s and 1940s while the battles for modern art and modern society were being fought in Paris and Spain it seemed to some a betrayal that John Betjeman and John Piper were in love with a provincial world of old churches and tea shops Alexandra Harris tells a different story eclectically passionately wittily urgently English artists were exploring what it meant to be alive at that moment and in England They showed that the modern need not be at war with the past constructivists and conservatives could work together and even the Bauhaus migr L szl Moholy Nagy was beguiled into

taking photos for Betjeman's nostalgic An Oxford University Chest A rich network of personal and cultural encounters was the backdrop for a modern English renaissance This great imaginative project was shared by writers painters gardeners architects critics and composers Piper abandoned purist abstracts to make collages on the blustery coast Virginia Woolf wrote in her last novel about a village pageant on a showery summer day Evelyn Waugh Elizabeth Bowen and the Sitwells are also part of the story along with Bill Brandt and Graham Sutherland Eric Ravilious and Cecil Beaton **Friedrich Schlegel and the Emergence of Romantic Philosophy** Elizabeth Millán, 2012-02-01 This book addresses the philosophical reception of early German Romanticism and offers the first in depth study in English of the movement's most important philosopher Friedrich Schlegel presenting his philosophy against the background of the controversies that shaped its emergence Elizabeth Millán Zañaberto begins by distinguishing early German Romanticism from classical German Idealism under which it has all too often been subsumed and then explores Schlegel's romantic philosophy and his rejection of first principles by showing how he responded to three central figures of the post Kantian period in Germany Jacobi Reinhold and Fichte as well as to Kant himself She concludes with a comprehensive critique of the aesthetic and epistemological consequences of Schlegel's thought with special attention paid to his use of irony **Classic and Romantic German Aesthetics** J. M. Bernstein, 2003 This 2002 volume offers translations of major works of classic and romantic German aesthetics

Post-Political and its Discontents Japhy Wilson, 2015-04-29 Our age is celebrated as the triumph of liberal democracy Yet it is also marked by a narrowing of party differences a decline in voter participation a rise in nationalist and religious fundamentalisms and an explosion of popular protests that challenge technocratic governance and the power of markets in the name of democracy itself This book seeks to make sense of this situation by critically engaging with the influential theory of the post political developed by Chantal Mouffe Jacques Rancière Slavoj Žižek and others Through a multi dimensional and fiercely contested assessment of contemporary depoliticization The Post Political and Its Discontents urges us to confront the closure of our political horizons and to re imagine the possibility of emancipatory change Romanticism and Philosophy Sophie Laniel-Musitelli, Thomas Constantinesco, 2015-05-22 This volume brings together a wide range of scholars to offer new perspectives on the relationship between Romanticism and philosophy The entanglement of Romantic literature with philosophy is increasingly recognized just as Romanticism is increasingly viewed as European and Transatlantic yet few studies combine these coordinates and consider the philosophical significance of distinctly literary questions in British and American Romantic writings The essays in this book are concerned with literary writing as a form of thinking investigating the many ways in which Romantic literature across the Atlantic engages with European thought from 18th and 19th century philosophy to contemporary theory The contributors read Romantic texts both as critical responses to the major debates that have shaped the history of philosophy and as thought experiments in their own right This volume thus examines anew the poetic philosophy of Wordsworth Coleridge Blake Shelley and Clare also extending beyond poetry to consider other literary

genres as philosophically significant such as Jane Austen's novels De Quincey's autofiction Edgar Allan Poe's tales or Emerson's essays Grounded in complementary theoretical backgrounds and reading practices the various contributions draw on an impressive array of writers and thinkers and challenge our understanding not only of Romanticism but also of what we have come to think of as literature and philosophy

Late Europeans and Melancholy Fiction at the Turn of the Millennium Ian Ellison, 2022-04-01 This book is the first comparative study of novels by Patrick Modiano W G Sebald and Antonio Muñoz Molina Drawing on many literary figures movements and traditions from the Spanish Golden Age to German Romanticism to French philosophy via Jewish modernist literature Ian Ellison offers a fresh perspective on European fiction published around the turn of the millennium Reflecting on what makes European fiction European this book examines how certain novels understand themselves to be culturally and historically late expressing a melancholy awareness of how the past and present are irreconcilable Within this framework however it considers how backwards facing tradition oriented self consciousness burdened by a sense of exhaustion in European culture and the violence of its past may yet suggest the potential for re enchantment in the face of obsolescence

Orientalist Poetics Emily A. Haddad, 2017-03-02 Orientalist Poetics is the only book on literary orientalism that spans the nineteenth century in both England and France with particular attention to poetry and poetics It convincingly demonstrates orientalism's centrality to the evolution of poetry and poetics in both nations and provides a singularly comprehensive and definitive analysis of the aesthetic impact of orientalism on nineteenth century poetry Because it examines the poetry of the entire century across both national literatures the book is in a unique position to articulate the essential part orientalism plays in major developments of nineteenth century poetics Through probing discussions of an array of prominent nineteenth century poets including Shelley Southey Byron Hugo Musset Leconte de Lisle Wordsworth Hemans Gautier Tennyson Arnold and Wilde Emily A Haddad reveals how orientalism functions as a diffuse avant garde a crucial medium for the cultivation and refinement of a broad range of experimental positions on poetry and poetics Haddad argues that while orientalist poems are often viewed mainly as artefacts of European attitudes towards the East and imperialism poetic representations of the Islamic Orient also provide an indispensable matrix for the reexamination of such aesthetically fundamental issues as the purpose of poetry the value of mimesis and the relationship between nature and art Orientalist Poetics effectively bridges the gap between the analysis of poetics and the analysis of orientalism In showing that major poetic developments have roots in orientalism Haddad's book offers a valuable and innovative revisionist view of nineteenth century literary history
