Narrative Exchanges (Routledge Revivals) Ian Reid,2014-08-13

First published in 1992 Narrative Exchanges shows how a general model of communicative exchanges can be refined to deal with the complexities of narrative fiction Going beyond the two way structure of reciprocity it gives particular attention to the processes of framing substitution and dispossession by which written texts generate meaning The title provides an innovative way of combining narrative and exchange theory bringing the two areas of thought into a mutually critical relationship Using a wide variety of narrative texts literary and non literary canonical and non canonical authors discussed include Flaubert Achebe Mansfield Boccaccio Duras Daudet Moorhouse DeLillo and Wordsworth Drawing on perspectives from anthropology linguistics and education and combining accessible readings with theoretical debate Ian Reid makes a significant contribution to the debate about narrative theory

Exiled Royalties Robert Milder,2006-01-05 Exiled Royalties is a literary biographical study of the course of Melville s career from his experience in Polynesia through his retirement from the New York Custom House and his composition of three late volumes of poetry and Billy Budd Sailor Conceived separately but narratively and thematically intertwined the ten essays in the book are rooted in a belief that Melville s work as Charles Olson said must be left in his own life which for Milder means primarily his spiritual psychological and vocational life Four of the ten essays deal with Melville s life and work after his novelistic career ended with the *The Confidence Man* in 1857 The range of issues addressed in the essays includes Melville s attitudes toward society history and politics from broad ideas about democracy and the course of Western civilization to responses to particular events like the Astor Place Riots and the Civil War his feeling about sexuality and throughout the book about religion his relationship to past and present writers especially to the phases of Euro American Romanticism post Romanticism and nascent Modernism his relationship to his wife Lizzie to Hawthorne and to his father all of whom figured in the crisis that made for *Pierre* The title essay Exiled Royalties takes its origin from Ishmael s account of the larger darker deeper part of Ahab Melville s mythic projection of a larger darker deeper part of himself How to live nobly in spiritual exile to be godlike in the perceptible absence of God was a lifelong preoccupation for Melville who in lieu of positive belief transposed the drama of his spiritual life to literature The ways in which this impulse expressed itself through Melville s forty five year career interweaving itself with his personal life and the life of the nation and shaping both the matter and manner of his work is the unifying subject of Exiled Royalties

Literature and the Critics James Hogg,1974 **Romantic Generations** Robert F. Gleckner,2001 These essays express a common belief that the study of Romantic literature must be at once professionally serious and personally engaging Topics discussed range from Wordsworth to Lady Caroline Lamb and from Blake and Burke to the contemporary Irish poet Paul Muldoon Each essay also offers close readings of essential works on English and Irish Romanticism Introducing the collection is a tribute by the celebrated Romanticist Peter Manning **Books in Series** ,1980 The Cambridge History of Literary Criticism: Volume 5, Romanticism George Alexander Kennedy,1989 The history of the most hotly debated areas of literary theory including structuralism and deconstruction *The Moon's Dominion* Gavriel Reisner,1981 Posits a causal relationship between two themes in Lawrence s fiction usually thought to be unrelated the dominance of women and the conflict between the tale and the teller The connection is revealed in the course of a systematic analysis of the tale teller division in Lawrence s earlier novels **Knowledge and Indifference in English Romantic Prose** Tim Milnes,2003-02-27 This 2003 study sheds light on the way in which the English Romantics dealt with the basic problems of knowledge particularly as they inherited them from the philosopher David Hume Kant complained that the failure of philosophy in the eighteenth century to answer empirical scepticism had produced a culture of indifferentism Tim Milnes explores the way in which Romantic writers extended this epistemic indifference through their resistance to argumentation and finds that it exists in a perpetual state of tension with a compulsion to know This tension is most clearly evident in the prose writing of the period in works such as Wordsworth s Preface to Lyrical Ballads Hazlitt s Essay on the Principles of Human Action and Coleridge s Biographia Literaria Milnes argues that it is in their oscillation between knowledge and indifference that the Romantics prefigure the ambivalent negotiations of modern post analytic philosophy *Romantic Imperialism* Saree Makdisi,1998-04-16 The years between 1790 and 1830 saw over a hundred and fifty million people brought under British imperial control and one of the most momentous outbursts of British literary and artistic production announcing a new world of social and individual traumas and possibilities This book traces the emergence of new forms of imperialism and capitalism as part of a culture of modernisation in the late eighteenth and early nineteenth century and looks at the ways in which they were identified with and contested in Romanticism Saree Makdisi argues that this process has to be understood in global terms beyond the British and European viewpoint and that developments in India Africa and the Arab world up to and including our own time enable us to understand more fully the texts and contexts of British Romanticism New and original readings of texts by Wordsworth Blake Byron Shelley and Scott emerge in the course of this searching analysis of the cultural process of globalisation Choice Outstanding Academic Book of 1998 **National Union Catalog** ,1973 Includes entries for maps and atlases **Romanticism** Sharon Ruston,2007-04-05 Introductions to British Literature and Culture provide practical guides to key literary periods Guides in the series help to orientate students as they begin a new module or area of study providing concise information on the historical cultural literary and critical context and acting as an initial map of the

knowledge needed to study the literature and culture of a specific period This accessible introduction to Romanticism and its contexts from 1780 1820 includes an overview of the historical cultural and intellectual background including the romantic movement in culture political upheaval philosophy and religion and scientific development a survey of the developments in key genres including discussion of major writers such as Blake Wordsworth Coleridge Keats Shelley Byron Wollstonecraft Hemans and Smith concise explanations of key terms needed to understand the literature and criticism a guide to key critical approaches a chronology mapping historical events and literary works guided further reading including websites and electronic resources **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971**
