The Rommel Plot [sound Recording] Clive Egleton, 1981 Codename Foxhound a British agent operating behind the lines in Nazi occupied France has discovered a way to assassinate the Reich s top general Erwin Rommel the Desert Fox

At Rommel's Side Hans-Joachim Schraepler, 2009-07-27 Erwin Rommel Hitler s so called Desert Fox is possibly the most famous German Field Marshal of WWII He is widely regarded as the one of the most skilled commanders of desert warfare and in contrast to other leaders of Nazi Germany is considered to have been a chivalrous and humane officer The letters of his adjutant provide a unique picture of Rommel during his time in Libya Hans Joachim Schraepler was by Rommel s side in North Africa for ten crucial months in 1940 41 During that time he wrote to his wife almost every day In most cases the correspondence went via the usual channels but occasionally he used other methods to avoid the censor s gaze Through his letters Schraepler supplies a vivid image of the first phase of the North Africa campaign He covers the siege of Tobruk the capture of Benghazi and the

difficulties experienced by those fighting in Cyrenica and the wider North African theatre He also complains that the Italian were poor Allies lacking training and leadership and that Berlin regarded North Africa as a theatre of only secondary importance Schraepler also provides insights into Rommel s character his dynamism and tactical skill along with the growing cult of personality which seemed to surround him One of his unofficial tasks for example was to respond in Rommel s name to much of the fan mail that arrived at the Afrikakorps HQ Hans Albrecht Schraepler was only seven years old when his father died The cache of letters was held by his mother and remained untouched for sixty years His father s last letter found the day of his death remains unfinished

What Really Happened: The Death of Hitler Robert J. Hutchinson,2020-08-04 Think You Know Everything about the death of Hitler Think Again After World War II 50 percent of Americans polled said they didn t believe Adolf Hitler and Eva Braun had committed suicide in their bunker in 1945 as captured Nazi officials claimed Instead they believed the dictator faked his death and escaped perhaps to Argentina This wasn t a crazy opinion Joseph Stalin told Allied leaders that Soviet forces never discovered Hitler s body and that he personally believed the Nazi leader had escaped justice At least two German submarines crossed the Atlantic and landed on the coast of Argentina in July 1945 Plus there were numerous reports of top Nazi officials successfully fleeing to South America where there was a large German colony Incredible as it sounds the mystery surrounding Adolf Hitler s final days only deepened in 2009 when a U S forensic team announced that a piece of Hitler s skull held in Soviet archives was not actually Hitler s International interest increased further in 2014 when the FBI released previously classified files detailing investigations surrounding Hitler s possible escape And the following year The History Channel launched a three year reality TV series investigating if it was possible Hitler did somehow survive So what really happened Popular history writer Robert J Hutchinson author of *What Really Happened The Lincoln Assassination* takes a fresh look at the evidence and discovers once and for all the truth about Hitler s last week in Berlin Among the questions the book explores are What did surviving Nazi eyewitnesses really say about the F hrer s final days in the bunker and could they have been lying to aid Hitler s escape If Hitler didn t escape why did the Allies not find his body What about Hitler s proven use of body doubles Could Hitler have used a body double in the bunker while he and Eva Braun flew to safety in a long range aircraft that took off from a runway in Berlin s Tiergarten Why did the FBI continue to investigate reports of Hitler s survival for more than a decade after World War II reports that were only declassified in 2014 What about sensational claims in books such as *The Grey Wolf* that Hitler

and Eva Braun lived in an isolated chalet in the Andes and that Hitler died in 1962 Why were forensic tests on crucial physical evidence only conducted in 2016 more than 70 years after World War II ended And lots MORE *The Army That Never Was* Taylor Downing,2024-05-23 On 29 May 1944 General George S Patton gave a speech in the south east of England to the men of his Army in which he spoke of the American desire to win and of how losing was hateful to Americans As he rose to his crescendo he said how much he pitied those sons of bitches we are going up against by God I do On that same day General Omar Bradley gave a calmer speech in Somerset to the men of his Army about how much rested on the upcoming invasion of northern France and how vital their role was in achieving victory Apart from the very different tones of the speeches reflecting the opposite character of the two Army commanders there was another big difference Bradley was speaking to men who in a little over a week would be splashing ashore on the beaches of Normandy Patton was addressing an Army that didn't exist *The Army That Never Was* tells the story of the biggest deception operation of the Second World War the plan to mislead the Germans into thinking that the invasion of Europe would come at the Pas de Calais by inventing an entirely fake Army group in the south east of England Full of fascinating characters from the US Britain and Germany this compelling and propulsive narrative explores one of the most remarkable stories of the Second World War *Make Germany Great Again!* Andrew Sangster,2025-01-02 An exploration of German resistance to the Nazi regime examining both active opposition and passive resistance during World War II After the Second World War the Allies in referring to the German people used the term collective guilt which after minimal research appeared unfair There was active opposition to Hitler from the moment he led Germany into war which ranged from young teenagers to undergraduates to top level civil servants diplomats and to the highest ranks in the military As the moral depravity of the Nazi regime became apparent many Germans turned against the regime although there was always the dedicated fanatic They had become a repressed society watched by Himmler's SD and above all feared interrogation by the Gestapo what one German described as the silence of the graveyard This did not stop what may be called passive resistance which this book also explores using the work of German diarists who wrote their accounts not postwar with the benefit of hindsight but with genuine integrity at the time as events were unfolding This book explores not just the resistance culminating in the 20 July Plot and the divisions of opinions amongst the various resistance groups but also the reaction of the German public a question which the reader may feel obliged to ask where he or she may have stood under the circumstance of the day and under such a regime **German Ways of War** Jaimey Fisher,2022-08-12 *German Ways of War* explores the production of novel spaces and evocation of new affects in the war film genre between the 1910s and 2000s Beyond the conventional pairing of visuality and violence war films combine mobility landscape territory scales and topological networks into affective geographies that interweave narratively generated affect space and political processes *Victory in the West: The Battle of Normandy* Lionel Frederic Ellis,1962 Two volume British record of the victorious Allied campaign in North West Europe during World War II

The Hitler Years: Disaster, 1940-1945 Frank McDonough,2025-09-23 The Second Volume of a new chronicle of the Third Reich under Hitler s hand ending with his death and Germany s disastrous defeat In The Hitler Years Disaster 1940 1945 Frank McDonough completes his brilliant two volume history of Germany under Hitler s Third

Reich At the beginning of 1940 Germany was at the pinnacle of its power By May 1945 Hitler was dead and Germany had suffered a disastrous defeat Hitler had failed to achieve his aim of making Germany a super power and had left her people to cope with the endless shame of the Holocaust Despite Hitler's grand ambitions and the successful early stages of the Third Reich's advances into Europe Frank McDonough convincingly argues that Germany was only ever a middle ranking power and never truly stood a chance against the combined forces of the Allies In this second volume of The Hitler Years Professor Frank McDonough charts the dramatic change of fortune for the Third Reich and Germany's ultimate defeat
