Verse Drama in England, 1900-2015 Irene Morra, 2016-10-20 Verse Drama in England 1900 2015 provides a critical and historical exploration of a tradition of modern dramatic creativity that has received very little scholarly attention Exploring the emergence of a distinctly modern verse drama at the turn of the century and its development into the twenty first it counters common assumptions that the form is a marginal fundamentally outdated curiosity Through an examination of the extensive and diverse engagement of literary and theatrical writers directors and musicians Irene Morra identifies in modern verse drama a consistent and often prominent attempt to expand upon revitalize and redefine the contemporary English stage Dramatists discussed include Stephen Phillips Gordon Bottomley John Masefield James Elroy Flecker T S Eliot W H Auden Ronald Duncan Christopher Fry John Arden Anne Ridler Tony Harrison Steven Berkoff Caryl Churchill and Mike Bartlett The book explores the negotiation of these dramatists with the changing position of verse drama in relation to constructions of national and communal audience aesthetic challenge and dramatic heritage Key to the study is the self conscious positioning of many of these dramatists in relation to an assumed mainstream tradition and the various critical responses that that positioning has provoked The study advocates for a scholarly revaluation of what must be identified as an influential and overlooked tradition of aesthetic challenge and creativity **Poetry Review** Stephen Phillips, Galloway

**Twentieth Century Drama** Simon Trussler, 1983-04-01 A compendium of information on all the main events, individuals, political groupings and issues of the 20th century. It provides a guide to current thinking on important historical topics and personalities within the period and offers a guide to further reading.

*Twentieth-Century British Authors and the Rise of Opera in Britain* Dr Irene Morra, 2013-04-28 This book is the first to examine in depth the contributions of major British authors such as W. H. Auden and E. M. Forster as critics and librettists to the rise of British opera in the twentieth century. The perceived literary values of British authors as much as the musical innovations of British composers informed the aesthetic development of British opera. Indeed, British opera emerged as a simultaneously literary and musical project. Too often operatic adaptations are compared superficially to their original sources. This is a particular problem for British opera which has become increasingly defined artistically by the literary sophistication of its narrative sources. The resulting collaborations between literary figures and composers have crucial implications for the development of both opera and literature. *Twentieth Century British Authors and the Rise of Opera in Britain* reveals the importance of this literary involvement in operatic adaptation to literature and literary studies to music and musicology and to cultural and theoretical studies.

**Letters of Basil Bunting** Basil Bunting, 2022 An edition of the letters of the poet Basil Bunting 1900-1985 to recipients including Ezra Pound, T. S. Eliot, Harriet Monroe, William Carlos Williams, Louis Zukofsky, Ted Hughes, George Oppen, Allen Ginsberg, Donald Davie and Tom Pickard.

Reviews and Essays of Austin Clarke Austin Clarke, 1995 Austin Clarke is widely regarded as one of 20th century Ireland's most important poets. In this selection of nearly fifty essays and reviews written over Clarke's long career he demonstrates that he is an astute and provocative literary critic as well. Having grown up in Dublin when the excitement of the Irish Literary Revival was still running high, Clarke knew many of the principal figures of that movement personally and his readings of Yeats, Joyce, Synge, O'Casey, Lady Gregory, George Moore and others enjoy the advantages of an insider's point of view. Moreover, committed in his own poetry to the basic assumption that fuelled the Literary Revival that the most productive course for Irish literature lay in the direction not of England but of Ireland, Clarke in his criticism provides a way of understanding and judging the Revival's major writers in terms of their relationships to Ireland's rich literary and cultural traditions. At the same time, these essays call attention to a number of distinctly Irish but often overlooked writers working on the margins of the revival. As Yeats observed more than once, the Irish, for all the contributions that they have made to modern fiction, poetry and drama, have fallen somewhat short in the genre of literary criticism. Austin Clarke's essays and reviews, many of which were written under a pseudonym and so not attributed to Clarke for years, go a long way towards filling that
