**Antiquarian Book Monthly Review**, 1989      **Decadence and Catholicism** Ellis Hanson, 1997 Romantic writers had found in Christianity a poetic cult of the imagination, an assertion of the spiritual quality of beauty in an age of vulgar materialism. The decadents, a diverse movement of writers, were the climax and exhaustion of this romantic tradition. In their art, they enacted the romance of faith as a protest against the dreariness of modern life. Ellis Hanson teases out two strands, eroticism and aestheticism, that rendered the decadent interest in Catholicism extraordinary. More than any other literary movement, the decadents explored the powerful historical relationship between homoeroticism and Roman Catholicism. Why, throughout history, have so many homosexuals been attracted to Catholic institutions that vociferously condemn homosexuality? This perplexing question is pursued in this elegant and innovative book. Late nineteenth-century aesthetes found in the Church a peculiar language that gave them a means of artistic and sexual expression. The brilliant cast of characters that parades through this book includes Oscar Wilde, Charles Baudelaire, J. K. Huysmans, Walter Pater, and Paul Verlaine. Art, for these writers, was a mystical and erotic experience. In decadent Catholicism, we can glimpse the beginnings of a postmodern valorization of perversity and performativity. Catholicism offered both the hysterical symptom and the last hope for paganism amid the dullness of Victorian puritanism.

and bourgeois materialism      *English Fiction of the Early Modern Period* Douglas Hewitt, 2014-05-22 This is an ambitious and fascinating analysis of early twentieth century English literature from Kipling Conrad Lawrence and Forster through figures like Joyce and Woolf to writers such as Evelyn Waugh There are chapters on the younger writers of the age as well as the more popular minor writers like Buchan and Dornford Yates      **New Society** ,1977      **The Alchemy of Laughter** G. Cavaliero, 1999-11-02 This is the only contemporary critical study to discuss the nature of comedy with exclusive reference to novels It examines the comic styles of novelists from Fielding and Jane Austen to Waugh and Agnus Wilson as well as less familiar writers such as Ronald Firbank and Sylvia Townsend Warner Distinguishing between different kinds of humour it shows how comedy works in practice under changing literary social and environmental conditions and is designed to interest academic and general readers equally      *Who's Who in Gay and Lesbian History Vol.1* Robert Aldrich, Garry Wotherspoon, 2005-10-25 Who's Who in Gay and Lesbian History From Antiquity to the Mid Twentieth Century is a comprehensive and fascinating survey of the key figures in gay and lesbian history from classical times to the mid twentieth century Among those included are Classical heroes Achilles Aeneas Ganymede Literary giants Sappho Christopher Marlowe Arthur Rimbaud Oscar Wilde Royalty and politicians Edward II King James I Horace Walpole Michel de Montaigne Over the course of some 500 entries expert contributors provide a complete and vivid picture of gay and lesbian life in the Western world throughout the ages      **Lesbian and Gay Writing** Mark Lilly, 2016-01-07 Part of a series which looks at contemporary criticism on neglected literary and cultural areas this book examines the conventional academic view of lesbian gay writing and has essays on lesbian writers as well as a section on gay men's writing All the critical essays are by lesbians or gay men
