RongRong and inri, 2005 *Making History* Wu Hung, 2008 This volume analyzes the cultural origins precedents influences and aspirations of the contemporary Chinese artists *A Designer's Decade of Contemporary Art in China* He Hao, 2014-12-30 Almost a Hundred Design Projects Ai Weiwei Xu Bing Araki Nobuyoshi Lin Tianmiao Wang Gongxin RongRong inri Liu Zheng Yue Minjun Miao Xiaochun Xu Weixin Zhang Dali Yang Fudong Tim Yip Chen Wenji Zhan Wang Yu Hong An Asian Trend in Contemporary Graphic Design An independent printmedia practitioner He Hao has been working with distinctive and representative artists in the Chinese contemporary art world including Ai Weiwei Xu Bing etc and designed more than 100 highquality books and catalogs since 2003 Recording the current state of art development in China his works have become an archive of significance He Hao s practice shows an Asian trend in today s graphic design the replacement of transplanted Modernism with a contemporaneity informed by the culture and lifestyle of contemporary China and the East An independent printmedia practitioner He Hao has been working with distinctive and representative artists in the Chinese contemporary art world including Ai Weiwei Xu Bing etc and designed more than 100 highquality books and catalogs since 2003 Recording the current state of art development in China his works have become an archive of significance He Hao s practice shows an Asian trend in today s graphic design the replacement of transplanted Modernism with a contemporaneity informed by the culture and lifestyle of contemporary China and the East He Hao s designs grow organically from the content His sole concern is the discovery and presentation of the content and his designs show no trace of his hand This approach might best be called essential design Xu Bing **Antinomies of Art and Culture** Okwui Enwezor, Nancy Condee, Terry Smith, 2009-01-16 Collection of essays by art historians and cultural theorists on what it means for art to be contemporary in the wake of postmodernism *Contemporary Chinese Art: Primary Documents* Wu Hung, 2010 Invaluable resource for anyone who wants to understand contemporary Chinese art one of the most fascinating art scenes of the late 20th and early 21st centuries **The Monk and the Demon**, 2004 Published to provide an insight into transformations that have **Building Globalization** Xuefei Ren, 2011-04-15 From the years 2004 to 2008 Beijing and Shanghai witnessed the construction of an extraordinary number of new buildings many of which were designed by architectural firms overseas Combining ethnographic fieldwork historical research and network analysis Building Globalization closely scrutinizes the growing phenomenon of transnational architecture and its profound effect on the development of urban space Roaming from construction sites in Shanghai to architects offices in Paris Xuefei Ren interviews hundreds of architects developers politicians residents and activists to explore this issue She finds that in the rapidly transforming cities of modern China iconic designs from prestigious international architects help private developers to distinguish their projects government officials to advance their careers and the Chinese state to announce the arrival of modern China on the world stage China leads the way in the globalization of architecture a process whose ramifications can

be felt from Beijing to Dubai to Basel Connecting the dots between real estate speculation megaproject construction residential displacement historical preservation housing rights and urban activism Building Globalization reveals the contradictions and consequences of this new global urban frontier

The Beijing Olympics: Promoting China Kevin Caffrey, 2013-09-13 The Beijing 2008 Olympic ceremonies were spectacular performances and technological accomplishments by the People's Republic of China However the audience in Beijing was only the most overt element of a global audience receiving the message of the Games For this global audience the Beijing performances were a harbinger of wider regional and international ambitions a message of intent that pointed to a larger Chinese plan to a degree not seen since the Ming dynasty New Chinese ambitions embrace both soft power and hard power The actor in this political drama of international scope is the Chinese state and its political ambitions on the world stage The Beijing Olympics can be seen as its opening act and the audience as global Rather than the kind of morality play that is typically used in China to educate the people in politics this new production a production on many levels was one aimed at audiences all around the world and one that was a calculated expression of realpolitik This book was previously published as a special issue of the International Journal of the History of Sport

China—Art—Modernity David Clarke, 2019-01-22 China Art Modernity provides a critical introduction to modern and contemporary Chinese art as a whole It illuminates what is distinctive and significant about the rich range of art created during the tumultuous period of Chinese history from the end of Imperial rule to the present day The story of Chinese art in the twentieth and twenty first centuries is shown to be deeply intertwined with that of the country's broader socio political development with art serving both as a tool for the creation of a new national culture and as a means for critiquing the forms that culture has taken The book's approach is inclusive In addition to treating art within the Chinese Mainland itself during the Republican and Communist eras for instance it also looks at the art of colonial Hong Kong Taiwan and the Chinese diaspora Similarly it gives equal prominence to artists employing tools and idioms of indigenous Chinese origin and those who engage with international styles and contemporary media In this way it writes China into the global story of modern art as a whole at a moment in intellectual history when Western centred stories of modern and contemporary culture are finally being recognized as parochial and inadequate Assuming no previous background knowledge of Chinese history and culture this concise yet comprehensive and richly illustrated book will appeal to those who already have an established interest in modern Chinese art and those for whom this is a novel topic It will be of particular value to students of Chinese art or modern art in general but it is also for those in the wider reading public with a curiosity about modern China At a time when that country has become a major actor on the world stage in all sorts of ways accessible sources of information concerning its modern visual culture are nevertheless surprisingly scarce As a consequence a fully nuanced picture of China's place in the modern world remains elusive China Art Modernity is a timely remedy for that situation Here is a book that offers a comprehensive account of the dizzying transformations of Chinese art and society in the twentieth and

twenty first centuries Breaking free of conventional dichotomies between traditional and modern Chinese and Western that have hobbled earlier studies Clarke s highly original book is exactly what I would assign my own students Anyone eager to understand developments in China within the global history of modern art should read this book Robert E Harrist Jr Columbia University Clarke s book presents a critically astute mapping of the arts of modern and contemporary China It highlights the significance of urban and industrial contexts migration diasporas and the margins of the mainland while imaginatively seeking to inscribe its subject into the broader story of modern art A timely and reliable intervention and indispensable for the student and non specialist reader Shane McCausland SOAS University of London **Yishu** ,2008
