Room At The Top:

Room at the Top John Braine, 2013 Description Movie Press Kits Weekly World News, 1988-09-06 Rooted in the creative success of over 30 years of supermarket tabloid publishing the Weekly World News has been the world's only reliable news source since 1979 The online hub www.weeklyworldnews.com is a leading entertainment news site **The Vietnam War Debate** Louis B. Zimmer, 2011-09-16 This book tells the story of how America's national leadership failed the nation and produced the greatest foreign policy disaster in American history to that time It is foremost however the story of a great man who tried to halt his nation's drift into what became an American tragedy It is also a story that has never before been told As the war escalated a variety of critics emerged to challenge the war policy and thus my book is about the national debate in which University of Chicago Professor Hans J Morgenthau emerged as the chief opponent of the war Morgenthau argued relentlessly in teach ins around the country in public debates and in hundreds of articles that Vietnam was never a threat to America's security and that the war should never have been fought In the history of the national debate on Vietnam it is Morgenthau who is the hero of the anti war movement and the centerpiece of my study Morgenthau had written the basic text on foreign policy Politics Among Nations and had established the field of international relations as an independent discipline of study His arguments against the war derive from these earliest writings and are elaborated in this book the principles of which remain valid today The war ended in 1975 as North Vietnamese troops marched into Saigon after over 58 000 American servicemen and millions of Vietnamese had died in the fighting The war could have been averted Morgenthau was ignored American policy makers misunderstood the nature of the civil conflict in Vietnam As Morgenthau told an interviewer in July 1965 What I have said recently I have been saying for years without anybody paying any attention

Shocking Representation Adam Lowenstein, 2005-11-09 In this imaginative new work Adam Lowenstein explores the ways in which a group of groundbreaking horror films engaged the haunting social conflicts left in the wake of World War II Hiroshima and the Vietnam War Lowenstein centers Shocking Representation around readings of films by Georges Franju Michael Powell Shindo Kaneto Wes Craven and David Cronenberg He shows that through allegorical representations these directors' films confronted and challenged comforting historical narratives and notions of national identity intended to soothe public anxieties in the aftermath of national traumas Borrowing elements from art cinema and the horror genre these directors disrupted the boundaries between high and low cinema Lowenstein contrasts their works often dismissed by contemporary critics with the films of acclaimed New Wave directors in France England Japan and the United States He argues that these New Wave films which were embraced as both art and national cinema often upheld conventional ideas of nation history gender and class questioned by the horror films By fusing film studies with the emerging field of trauma studies and drawing on the work of Walter Benjamin Adam Lowenstein offers a bold reassessment of the modern horror film and the idea of national cinema **Occupational Outlook Quarterly**, 1961 *A Dictionary of Proverbs* Jennifer
