Roosevelt New Jersey Big Dreams In A Small Town What Time Did To Them:

A New Jersey Anthology Maxine N. Lurie, 2010-01-27 This anthology contains seventeen essays covering eighteenth century agrarian unrest the Revolutionary War politics in the Jackson era feminism and the women's movements slavery from the seventeenth to the nineteenth centuries strikes and labor struggles land use and regional planning issues Blacks in Newark the current political state of New Jersey and more The contributors are Michal R Belknap Patricia U Bonomi Lyle W Dorsett John P Dwyer Jim Fisher Charles E Funnell Steve Golin Bradley M Gottfried Paul E Johnson David L Kirp Mark Edward Lender Maxine N Lurie Richard P McCormick Mary R Murrin Larry A Rosenthal Amy Shapiro Warren E Stickle III Lorraine E Williams Giles R Wright Roosevelt, New Jersey Edwin Rosskam, 1972 Utopia, New Jersey Perdita Buchan, 2007-10-30 Utopia New Jersey For most people even the most satisfied New Jersey residents these words hardly belong in the same sentence Yet unbeknown to many history shows that the state has been a favorite location for utopian experiments for more than a century Thanks to its location between New York and Philadelphia and its affordable land it became an ideal proving ground where philosophical and philanthropical organizations and individuals could test their utopian theories In this intriguing look at this little known side of New Jersey Perdita Buchan explores eight of these communities Adopting a wide definition of the term utopia broadening it to include experimental living arrangements with a variety of missions Buchan explains that what the founders of each of these colonies had in common was the goal of improving life at least as they saw it In every other way the communities varied greatly ranging from a cooperative colony in Englewood founded by Upton Sinclair to an anarchist village in Piscataway centered on an educational experiment to the fascinating Physical Culture City in Spotswood where drugs tobacco and corsets were banned but where nudity was widespread Despite their grand intentions all but one of the utopias a single tax colony in Berkeley Heights failed to survive But Buchan shows how each of them left a legacy of much more than the buildings or street names that remain today legacies that are inspiring surprising and often outright quirky Jewish Agricultural Utopias in America, 1880-1910 Uri D. Herscher, 2018-02-05 This book is the first comprehensive treatment of America's Jewish farming utopias revealing the confluence of American and Jewish utopian traditions and measures the impact of the American experiments on the nascent kibbutz movement in Palestine Brook Farm Oneida Amana and Nauvoo are familiar names in American history Far less familiar are New Odessa Bethlehem Jehudah Cotopaxi and Alliance the Brook Farms and Oneidas of the Jewish people in North America The wealthy westernized leaders of late nineteenth century American Jewry and a member of the immigrating Russian Jews shared an eagerness to repeal the lengthy socioeconomic history in which European Jews were confined to petty commerce and denied agricultural experience A small group of immigrant Jews chose to ignore urbanization and industrialization defy the depression afflicting agriculture in the late 1800s and devote themselves to experiments in collective farming in America Some of these idealists were pious others were agnostics or atheists Some had the support of

American and West European philanthropists others were willing to go it alone But in the farming colonies they founded in Oregon Colorado the Dakotas Michigan Louisiana Arkansas Virginia and New Jersey among other places they were sublimely indifferent to the need for careful planning and thus had limited success Only in New Jersey close to markets and supporters in New York and Philadelphia were colonization efforts combined with agro industrial enterprises consequently these colonies were able to survive for as long as one generation [New Jersey Ethnic History](#) ,1986 [New Jersey](#) Maxine N. Lurie,Richard F. Veit,2012-11-07 New Jersey A History of the Garden State presents a fresh comprehensive overview of New Jersey s history from the prehistoric era to the present The findings of archaeologists political social and economic historians provide a new look at how the Garden State has evolved The state has a rich Native American heritage and complex colonial history It played a pivotal role in the American Revolution early industrialization and technological developments in transportation including turnpikes canals and railroads The nineteenth century saw major debates over slavery While no Civil War battles were fought in New Jersey most residents supported it while questioning the policies of the federal government Next the contributors turn to industry urbanization and the growth of shore communities A destination for immigrants New Jersey continued to be one of the most diverse states in the nation Many of these changes created a host of social problems that reformers tried to minimize during the Progressive Era Settlement houses were established educational institutions grew and utopian communities were founded Most notably women gained the right to vote in 1920 In the decades leading up to World War II New Jersey benefited from back to work projects but the rise of the local Ku Klux Klan and the German American Bund were sad episodes during this period The story then moves to the rise of suburbs the concomitant decline of the state s cities growing population density and changing patterns of wealth Deep seated racial inequities led to urban unrest as well as political change including such landmark legislation as the Mount Laurel decision Today immigration continues to shape the state as does the tension between the needs of the suburbs cities and modest amounts of remaining farmland Well known personalities such as Jonathan Edwards George Washington Woodrow Wilson Dorothea Dix Thomas Edison Frank Hague and Albert Einstein appear in the narrative Contributors also mine new and existing sources to incorporate fully scholarship on women minorities and immigrants All chapters are set in the context of the history of the United States as a whole illustrating how New Jersey is often a bellwether for the nation [Jews in American Agriculture](#) Irwin Weintraub,2024-10-14 This annotated bibliography documents Jews significant contributions to American agriculture as farmers ranchers scientists and teachers Works cited include periodicals books newspapers government publications theses and dissertations and other miscellaneous sources The work is indexed by title and subject [Ben Shahn: An Artist's Life](#) Howard Greenfeld,2019-08-10 Ben Shahn was born in Lithuania in 1898 and emigrated to New York with his family in 1906 Trained as a lithographer Shahn created social realist paintings of controversial subjects such as Sacco and Vanzetti He worked as an assistant to Diego Rivera on Rivera s Rockefeller Center mural and later created his own public murals in

Washington New York and New Jersey In 1935 Walker Evans invited him to join the New Deal's Farm Security Administration As a photographer Shahn documented the Depression in the American South with Evans and Dorothea Lange During the war years he worked for the Office of War Information OWI producing propaganda posters before returning to painting Toward the end of his life he worked as a commercial artist taught and wrote about art including *The Biography of a Painting* 1956 and *The Shape of Content* 1960 Howard Greenfeld's biography is the first complete life of the artist and is illustrated with 90 of his photographs pictures and paintings Howard Greenfeld's approach scrupulously balances the personal and the political to provide a rounded portrait gives a convincing sense of a determined individual making his mark as an immigrant in the turbulent America of depression and war social upheaval and reaction David Cohen *The New York Times* [Ben Shahn, On Nonconformity](#) Laura Katzman, 2025-05-27 A richly illustrated new exploration of the painting photography and illustration of the politically progressive American artist Ben Shahn *On Nonconformity* offers a fresh and wide ranging account of the work of Ben Shahn 1898 1969 a Jewish immigrant from Russian controlled Lithuania who became one of America's most prominent and prolific social viewpoint artists from the Great Depression through the Vietnam War Revealing why Shahn remains so relevant today the book examines his commitment to progressive political causes from combating fascism to fighting for civil rights Incorporating international perspectives it investigates his World War II poster art labor related work and engagement in postwar artistic debates It brings new insights to Shahn's social realist and documentary styles and their evolution into allegorical lyrical and often abstract idioms that embrace the philosophical and the spiritual And it demonstrates the underappreciated complexity of Shahn's layered visual language and how he experimented with modernist conceptual strategies often involving photography to create his paintings murals drawings prints posters illustrated books and commercial designs Shahn's guiding credo formulated in the Cold War asserted that nonconformity was the precondition for all significant art and great social change *Ben Shahn On Nonconformity* illuminates why the artist's work should be seen as a series of nonconformities driven by his steadfast dedication to social justice and humanistic values Published by the Jewish Museum New York and the Museo Nacional Centro de Arte Reina Sofía Madrid in association with Princeton University Press Exhibition Schedule The Jewish Museum New York May 23 October 12 2025

Re-envisioning the Everyday John Fagg, 2023-10-03 Often seen as backward looking and convention bound genre painting representing scenes of everyday life was central to the work of twentieth century artists such as John Sloan Norman Rockwell Jacob Lawrence who adapted such subjects to an era of rapid urbanization mass media and modernist art *Re-envisioning the Everyday* asks what their works do to the tradition of genre painting and whether it remains a meaningful category through which to understand them Working with and against the established narrative of American genre painting's late nineteenth century decline into obsolescence John Fagg explores how artists and illustrators used elements of the tradition to picture everyday life in a rapidly changing society whether by appealing to its nostalgic and historical

connotations or by updating it to address new formal and thematic concerns Fagg argues that genre painting enabled twentieth century artists to look slowly and carefully at scenes of everyday life and on some occasions to understand those scenes as sites of political oppression and resistance But it also limited them to anachronistic ways of seeing and tied them to a freighted history of stereotyping and condescension By surveying genre painting when its status and relevance were uncertain and by looking at works that stretch and complicate its boundaries this book considers what the form is and probes the wider practice of generic categorization It will appeal to students and scholars of American art history art criticism and cultural studies

Housing and Planning References, 1972 Kunst gegen Krieg und Faschismus Werner Hofmann, Florian Matzner, Ellen Spickernagel, 1999-01-01 In neuen Interpretationen werden bekannte Gemälde wie Picassos Guernica oder George Grosz Deutschland Ein Wintermorgen vorgestellt und mit bisher kaum beachteten künstlerischen Arbeiten konfrontiert die den Blick für die erstaunliche Bandbreite einer oppositionellen Kunst öffnen Den Schwerpunkt dieser Sammlung bilden Werke die zwischen 1937 und 1942 entstanden in die Exilländer führen und verschiedenartige Erfahrungen und Formen des Widerstands dokumentieren Untersucht werden auch künstlerische Reaktionen auf den Ersten Weltkrieg in Deutschland und auf den Faschismus in Österreich und anderen Ländern Weitere Beiträge widmen sich der unterschiedlichen Verarbeitung faschistischer Vergangenheit nach 1945 in Ost und Westdeutschland und im Ausland sowie auftritte Formulierungen die in der Folge der Kulturrevolution der sechziger Jahre entstanden sind Die 37 Werke fügen sich zu einem eindrucksvollen Kompendium engagierter Kunst die in das 19. Jahrhundert reicht und das 20. Jahrhundert mit internationalen Beispielen bis in die Gegenwart umspannt Darüber hinaus ermöglicht der Band durch die Mitarbeit zahlreicher renommierter WissenschaftlerInnen einen Einblick in die Methodenvielfalt heutiger kritischer Kunstgeschichte
