Proverbs and the African Tree of Life Dorothy BEA Akoto-Abutiate,2014-08-07 In *Proverbs and the African Tree of Life* Dorothy BEA Akoto Abutiate juxtaposes chosen sayings from Proverbs and selected Ewe Folk proverbs using the agricultural metaphor of grafting which she calls a hermeneutic of grafting Though these two sets of sayings come from completely different cultural contexts Akoto argues that folk sayings proverbs which abound in Africa should be considered as an already mature established tree on to which a piece of the biblical tree is spliced or engrafted to produce hybridized fruits that have uniquely different tastes than the fruits of each tree individually This metaphorical grafting process allows the message of the Bible in Proverbs to be understood imbibed and appropriated in Africa

Wisdom's Root Revealed Greg Schmidt Goering,2009 This monograph interprets the theme of election in the book of Sirach Previous scholarship has often understood Ben Sira s worldview to be dualistic and has approached the sage s correlation of Wisdom and Torah as either a nationalization of Wisdom or a universalization of Torah By probing Ben Sira s ideas about election this book suggests that Ben Sira does not collapse the traditional sapiential dichotomy wisdom folly into a dualistic worldview and that his understanding of the relation between Wisdom and Torah proves to be far more subtle than previous interpretations have allowed The study demonstrates that the concept of election enables a profitable discussion of the relation of Wisdom and Torah in the thought of this pivotal Second Temple sage

Proverbs, Ecclesiastes & Song of Songs Dave Bland,2002 *Living under the Sun* Tomás Frydrych,2014-09-03 The difficulties that biblical

wisdom literature poses to the theologian are caused not only by its distinctiveness from other biblical traditions but also by the internal tensions within it The present book seeks to explore the nature and causes of these tensions The study carries out comprehensive comparison of the worldviews represented by Proverbs and Qoheleth and the worlds that these reflect looking at the aims and methods of their quest their epistemologies theological and cosmological perspectives and their anthropological and social views The conclusion of the enquiry throws new light on the dynamics of the tension between these two books questioning whether standard methods of Old Testament theology can do justice to the wisdom tradition and at the same time opening the door for new theological approaches to be devised

The Ethos of the Cosmos William P. Brown, 1999 Recent studies of the biblical story of creation try to uncover its roots in ancient Near Eastern myths or its compatibility with modern science and ecology In contrast this work by William Brown investigates how the various pictures of creation found in Scripture helped shape the ancient faith community's moral character Bridging the fields of biblical studies and ethics this interdisciplinary work demonstrates how certain creation traditions of the Old and New Testaments were developed from the community's moral imagination for the purpose of forming and preserving both Israel's and the early church's identity in the world Bringing to light insights largely overlooked by modern treatments of biblical ethics and creation The Ethos of the Cosmos ends by recommending the formative power of creation for the contemporary church

Secular, Sacred, More Sacred Stuart Brooking, Paul Branch, Federico G. Villanueva, 2021-10-06 The sacred secular divide continues to threaten the health of the global church disempowering lay Christians and undermining the call to integrate all aspects of life under the lordship of Christ Theological educators seeking a path out of this dichotomy will find themselves both challenged and encouraged by this collection of essays drawn from the 2018 ICETE conference in Panama City Within its four sections contributors explore biblical frameworks for integration urge seminaries to value identity formation as much as skill acquirement call for a robust theology of work and challenge theologians to consider their responsibility to the world beyond the church's borders Filled with thought provoking questions and practical suggestions this book is an excellent resource for all those pursuing a holistic approach to theological education

The Logic of Love Andrew J. B. Cameron, 2022-12-29 Overviewing what makes the intersection between emotion and ethics so confusing this book surveys an older wisdom in how to manage it using a range of Christian theologians and sources More important even than managing we begin to see a vision for a better set of affections to grow within and among us In

this vision emerges a practical and nuanced account of what the Christian tradition sometime summarises as love How may we recover a deep affection for what matters both within ourselves and together in groups This book also dialogues with a new movement in moral psychology social intuitionism Cameron argues that researchers in this discipline have interests and conclusions that sometimes overlap with Christian sources even where their respective lenses differ In this way the book overviews recent trends in moral psychology against a recent historical and contemporary cultural backdrop whilst assaying major sources in Christian theology that offer guidance on moral psychology

Rhetoric and Social Justice in Isaiah

Mark Gray,2006-04-19 Rhetoric ad Social Justice in Isaiah applies a literary methodology to the book of Isaiah in order critically to explore the nature and sources of the social justice encoded in the world created by the text After a close reading of Isaiah 1 16 17 Gray establishes grounds for a trajectory to Isaiah 58 preparatory to examining if it offers a deepening of the concept of social justice in the Isaianic corpus Gray raises the issue of divine reliability to assess the impact on the theme of social justice of the rhetoric of universal punishment by the divine prophetic voice He evaluates the ways the stark Isaianic dichotomy between reliance on God and anything of human origin is affected by trust in God being destabilized if trust in God is demonstrated to be difficult on account of legitimate doubts about divine justice then the way is opened for retaining an active human role in the search for justice Gray demonstrates the ways that social justice attains primacy in Isaiah the ways that humanity if given a role in pursuing social justice and the ways that Isaiah 58 impinges upon the idea of social justice within the book as a whole

Semantics and Poetics of the Righteous and the Wicked in the Psalms Kevin Foth,2024-12-15

In *Semantics and Poetics of the Righteous and the Wicked in the Psalms* Kevin Foth delves into the nuanced roles of the righteous and the wicked and explores their significance beyond conventional moral prototypes The study argues that the figures of the righteous and the wicked should be considered as part of the conventions of Hebrew psalmody By leveraging insights from lexical semantics of the terms and throughout the Hebrew Bible the study broadens the understanding of these terms in their multifaceted uses within poetic contexts The analysis further employs narratological theories about character and characterization to elucidate how the contrast between the righteous and wicked functions within 18 individual psalms By focusing on the specific contexts within psalms and embracing poetic diversity this study enriches the understanding of how these figures contribute to the literary features and theological messages woven throughout the Book of Psalms

Righteousness in the Book of Proverbs Sun Myung Lyu,2012 This study brings insights from character ethics in addition to the much discussed biblical scholarship on social justice in order to elucidate the concept of righteousness present in the book of Proverbs The author s choice of Proverbs as a wisdom text in relation to the concept of righteousness reflects the realization that previous scholarship has not dealt with righteousness as a concept in its own right but as a corollary to the issue of social justice Like character ethics Proverbs use its depiction of the righteous person as its prominent pedagogic device of moral discourse In other words instead of offering abstract statements about morality Sun

Myung Lyu portrays the life of the righteous person as the paradigm of moral life which is pregnant with numerous realizations into specific actions befitting diverse life situations What the righteous person embodies is righteousness the character in toto which encompasses yet transcends specific virtues and actions After presenting a comparative study of Proverbs with the Psalms and the ancient Egyptian wisdom texts the author concludes that despite many similarities and parallels Proverbs still stands out in its strong emphasis on character formation and internalization of virtues as foundations of morality in general and righteousness in particular

A Biblical Theology of Gerassapience Joel A. A. Ajayi, 2010 Ancient cultures such as that of the Hebrews commonly associated wisdom with advanced years In *A Biblical Theology of Gerassapience* the author investigates the validity of this correlation through an eclectic approach including linguistic semantic tradition historical and socio anthropological methods to pertinent biblical and extra biblical texts There are significant variations in the estimation of gerassapience or old age wisdom in each period of ancient Israel s life that is in pre monarchical monarchical and post monarchical Israel Throughout this study appropriate cross cultural parallels are drawn from the cultures of ancient Israel s neighbors and of modern societies such as the West African Yoruba tribe The overall results are bi dimensional On the one hand there are semantic elements of gerassapience such as the elusiveness of wisdom and the mild fluidity of old age Both terms have strong contextual affinity with minimal exceptions Thus the attribution of wisdom to old age is evident but not absolute in the Hebrew Bible Old Testament On the other hand gerassapience is depicted as primarily didactic through direct and indirect instructions and counsels of the elderly fostering the saging fear of Yahweh legacies On the whole socio anthropocentric tendencies of gerassapience that is of making old age a repertoire of wisdom are checked by theological warrants of theosapience Yahwistic wisdom Therefore in the Hebrew Bible the fear of Yahweh is also the beginning of growing old and wise
