**The Tail of the Dragon** Marcia B. Siegel, 1991 In The Tail of the Dragon Marcia B Siegel and Nathaniel Tileston track the evolution of new dance in New York during the rich and crucial transitional period from the mid 1970s to the early 1980s

Siegel one of America's most important dance critics and Tileston an accomplished dance photographer focus on the choreographers who were propelled into rebellion against conventional modern dance by the Judson Dance Theater and other countercultural movements born of the 1960s. This collection of Siegel's writing compiled from reviews in *Soho Weekly News* and *New York Magazine* as well as from longer essays and notebook pieces forms an insightful commentary occasionally wry always perceptive on the absorption of a radical art form by the mainstream. From minimalism improvisation street dancing body awareness and poor theater experimental strategies these young rebels identified and adopted personal styles of movement and dancemaking from that they turned gradually to tamer more accessible work marked by virtuosic dancing proscenium ready repertoires and touring companies. Included in this story are the principal players in the postmodernist dance movement Merce Cunningham Twyla Tharp Trisha Brown David Gordon now well known internationally as leaders of dance in the 1990s. Siegel also looks at artists who worked steadily but less visibly influential ones who drifted out of dance and unknowns who have gained prominence. The dances described here are formal and outlandish scruffy and beautiful endearingly fallible and icily perfect. In rightfully celebrating the importance of dances long forgotten *The Tail of the Dragon* produces a vibrant portrait of a generation of dance.

**Songs for the Spirits** Barley Norton, 2010-10-01 *Songs for the Spirits* examines the Vietnamese practice of communing with spirits through music and performance. During rituals dedicated to a pantheon of indigenous spirits musicians perform an elaborate sequence of songs a songscape for possessed mediums who carry out ritual actions distribute blessed gifts to disciples and dance to the music's infectious rhythms. Condemned by French authorities in the colonial period and prohibited by the Vietnamese Communist Party in the late 1950s mediumship practices have undergone a strong resurgence since the early 1990s and they are now being drawn upon to promote national identity and cultural heritage through folklorized performances of rituals on the national and international stage. By tracing the historical trajectory of traditional music and religion since the early twentieth century this groundbreaking study offers an intriguing account of the political transformation and modernization of cultural practices over a period of dramatic and often turbulent transition. An accompanying DVD contains numerous video and music extracts that illustrate the fascinating ways in which music evokes the embodied presence of spirits and their gender and ethnic identities.

*Games and Dances* William Albin Stecher, 1926      **Games & Dances** William Albin Stecher, 1912      *Music and Memory in the Ancient Greek and Roman Worlds* Lauren Curtis, Naomi Weiss, 2021-10-28 In Greek mythology the Muses are Memory's daughters.
