Rosa Luxemburg Contraceptives Cooperative A Primer On Communist Civilization:

The Rosa Luxemburg Contraceptives Cooperative Leopold Tyrmand,1971 **Why Marx Was Wrong** Lawrence Eubank,2011-11-02 The subject of this book is the negative assault on democratic capitalism embodied in Capital A Critique of Political Economy Marx s great work devoted to delineating the crimes and inequities of capitalist societies and market economies The book is a systematic step by step analysis of Marx s logic It is a deconstruction of the arguments and deductions by which he reaches his main conclusion that capitalism is corrupt in its essential nature and that capitalists gain wealth not by any legitimate means but by appropriating unpaid labor or surplus value from the working masses Despite the disappearance of the Soviet bloc and the waning of Communist zealotry that is still a widely believed doctrine Marx s accusation against capitalism and the course of argumentation by which he arrives at it together form the subject of the present volume **Congressional Record** United States. Congress,1972 **The Establishment Responds** K. Fahlenbrach,M. Klimke,J. Scharloth,L. Wong,2012-01-02 This volume fills this gap by examining the many ways in which political parties the business world foreign policymakers and the intelligence community experienced confronted and even actively contributed to domestic and transnational forms of dissent **Unfinished Utopia** Katherine A. Lebow,2013-06-12 Unfinished Utopia is a social and cultural history of Nowa Huta dubbed Poland s first socialist city by Communist propaganda of the 1950s Work began on the new town located on the banks of the Vistula River just a few miles from the historic city of Krak w in 1949 By contrast to its older neighbor Nowa Huta was intended to model a new kind of socialist modernity and to be peopled with new men themselves both the builders and the beneficiaries of this project of socialist construction Nowa Huta was the largest and politically most significant of the socialist cities built in East Central Europe after World War II home to the massive Lenin Steelworks it epitomized the Stalinist program of forced industrialization that opened the cities to rural migrants and sought fundamentally to transform the structures of Polish society Focusing on Nowa Huta s construction and steel workers youth brigade volunteers housewives activists and architects Katherine Lebow explores their various encounters with the ideology and practice of Stalinist mobilization by seeking out their voices in memoirs oral history interviews and archival records juxtaposing these against both the official and unofficial transcripts of Stalinism Far from the gray and regimented landscape we imagine Stalinism to have been the fledgling city was a colorful and anarchic place where the formerly disenfranchised peasants youth women hastened to assert their leading role in building socialism but rarely in ways that authorities had anticipated *Catalog of Copyright Entries.
