Look Closer David R. Coon, 2013-12-17 In recent years the media landscape in the United States has followed a pattern similar to that of the physical landscape by becoming increasingly suburbanized Although it is a far cry from reality the fantasy of a perfect suburban life still exists in the collective imagination of millions of Americans This dream of suburban perfection is built around a variety of such ideologically conservative values and ideals as the importance of tradition the centrality of the nuclear family the desire for a community of like minded neighbors the need for clearly defined gender roles and the belief that with hard work and determination anyone can succeed Building on the relationships between suburban life and American identity **Look Closer** examines and interprets recent narratives that challenge the suburban ideal to reveal how directors and producers are mobilizing the spaces of suburbia to tell new kinds of stories about America David R Coon argues that the myth of suburban perfection popularized by postwar sitcoms and advertisements continues to symbolize a range of intensely debated issues related to tradition family gender race and citizenship Through close examinations of such films as *American Beauty* *The Truman Show* and *Mr Mrs Smith* as well as such television series as *Desperate Housewives* *Weeds* and *Big Love* the book demonstrates how suburbia is used to critique the ideologies that underpin the suburban American Dream

Rock-Bottom Blessings Karen Beattie,2013-01-01 What does it mean to live an abundant life Some might say living abundantly means living comfortably having the family you always dreamed of receiving accolades from your peers in short living a life that is commonly accepted by many as blessed But what if having an abundant

life is more than the good life Can we actually be blessed in the midst of serious disappointments and setbacks In *Rock Bottom Blessings* Karen Beattie makes the case that true abundance is found in the transformation that happens when we experience God's presence during periods of grief loss and disappointment With the help of her friends and her newfound Catholic faith she learns to trust that God's plan is better than hers Beattie began to see life's challenges as gifts to be accepted like all other gifts with reverence and gratitude Beattie's story makes abundantly clear it is the suffering death and resurrection of Christ the paschal mystery that can inspire us not only to find blessings in every season of our lives but to be utterly transformed by God's riches

Structuring Mind Sebastian Watzl, 2017 What is attention How does attention shape consciousness In an approach that engages with foundational topics in the philosophy of mind the theory of action psychology and the neurosciences this book provides a unified and comprehensive answer to both questions Sebastian Watzl shows that attention is a central structural feature of the mind The first half of the book provides an account of the nature of attention Attention is prioritizing it consists in regulating priority structures Attention is not another element of the mind but constituted by structures that organize integrate and coordinate the parts of our mind Attention thus integrates the perceptual and intellectual the cognitive and motivational and the epistemic and practical The second half of the book concerns the relationship between attention and consciousness Watzl argues that attentional structure shapes consciousness into what is central and what is peripheral The center periphery structure of consciousness cannot be reduced to the structure of how the world appears to the subject What it is like for us thus goes beyond the way the world appears to us On this basis a new view of consciousness is offered In each conscious experience we actively take a stance on the world we appear to encounter It is in this sense that our conscious experience is our subjective perspective
