## Look Out Cinder:

*Cinder's Trial* Eve Langlais, 2024-09-04 This Cinderella doesn't need a prince charming but she would like a happily ever after. Silly me, I thought I'd beaten the Grimm Effect when I ditched the old man who wouldn't stop chasing me at the ball. However, here I am decades later with my fairy godmother popping back in for round two. No thanks, I intend to marry for love and not because of a curse. Avoiding the marriage trap might be easier if I wasn't roped into acting as a liaison for a certain European prince. A good thing he's at least charming compared to his assigned protective Grimm Knight. The upcoming ball for the prince's birthday is turning into a chaotic mess with hundreds of Cinderellas showing up determined to lose their shoe. While I'm busy trying to screen them before they come near His Royal Highness, I'm being plagued by oddities, some of which are threatening my life. As the curse does its best to force me into playing my role, I am equally determined to fight it. The question is: will my refusal to conform ruin my chance at happiness? A twisted fairytale romance featuring a Cinderella who is determined to avoid marrying a prince.

A dark elf called Ston comes to their door with dire news: the other dark elves, once cast out of society and forced underground by humans, are gathering their strength and they plan to attack. With war looming, Casey must approach the underfae and secure an alliance with them. Then she must go into battle against the dark elves and the strange and deadly creatures under their command. But can Ston be trusted? One of Casey and Regan's oldest friends doesn't think so.
