## Looking At Iran:

*Iran Looking East* Annalisa Perteghella, 2020-01-12 In February 2018 anticipating the US withdrawal from the JCPOA Iran's Supreme Leader Ayatollah Ali Khamenei declared a policy of preferring East over West thus paving the way for deeper cooperation with Asian powers such as China Russia and India Differently from the Look East policy promoted during the presidency of Ahmadinejad 2005-2013 the current Iranian strategy is not only functional to escape the US led isolation but it rather seems devoted to the consolidation of a block of power which can commit to security and economic schemes in alternative to the Western dominated ones This ISPI report aims to answer few crucial questions Which are the major initiatives promoted within Iran's Look East 2020 strategy To what extent will Tehran succeed in creating a solid Eastern block What will be the influence of the wider geopolitical context And finally what role is left for the EU

Iran and China Shirzad Azad, 2017-02-09 Because of their historical roles and politico economic significance in contemporary international politics Iran and China have perpetually been in the crosshairs of both policy circles and interested observers in almost every other part of the world Crucial interactions touching upon any aspect of Tehran Beijing ties from diplomatic and military links to economic and cultural connections have especially been in the limelight of such riveting inquisitiveness which has often given rise to a flurry of rash comments sensational claims and impetuous conclusions But a detached probe into critical developments involving Iran and China however elucidates this rather inconvenient eventuality that the relations between the two important countries are not essentially based on pivotal principles and clear cut commitments nor do their ties really rest on tenuous thoughts and flimsy foundations devoid of any common interests in short term or well conceived objectives in long run In the same way the two political systems in Tehran and Beijing may ultimately end up each contributing to a separate pole of power regionally and internationally rather than moving faithfully and steadfastly in lockstep with what it requires them to truly materialize their more recent aspiration and design to move toward achieving a very close strategic partnership

**Iran's Influence in Afghanistan** Alireza Nader, Ali G. Scotten, Ahmad Idrees Rahmani, Robert Stewart, Leila Mahnad, 2014-06-11 This study explores Iranian influence in Afghanistan and the implications for the United States after most U S forces depart Afghanistan in 2016 Iran has substantial economic political cultural and religious leverage in Afghanistan Although Iran will attempt to shape a post 2014 Afghanistan

United States. Congress. Senate. Committee on Foreign Relations, 2014 **Iran** Patricia L. Baker, Hilary Smith, Maria Oleynik, 2014 Previous edition published as by Patricia L. the two states with some fresh and prognostic thoughts      *East Asia and Iran Sanctions* Shirzad Azad,2022-05-17 This book explores how international sanctions on Iran reshaped the contours of East Asia's interactions with the Middle Eastern state. Almost all East Asian political entities from the industrialized and developed nations of Japan and South Korea to the communist and developing countries of China and North Korea have become major international partners of Iran over the past several decades. In addition, East Asian states were by and large thought to be among leading foreign beneficiaries of Iran sanctions and the overall impacts of sanctions in transforming both the scope and size of their rather multifaceted connections to the Middle Eastern country have been consequential. Despite its significance, academic studies about this topic have remained sparse and scattered. This book aims to partially fill that research lacuna by surveying all relevant information and data available in the archives of several languages including Chinese, English, Japanese, Korean, and Persian. While the book strives to cover the entire sanctions period, most of the analysis focuses on the past one and a half decades when Iran came under the severest sets of international sanctions. It was during this particular time period that international quandary over the Iranian nuclear program led to a slew of far-reaching penalties and stringent restrictions levied against Iranians by the United Nations and the United States. These recent waves of international sanctions and limitations transformed many quintessential characteristics of East Asia's interactions with Iran. Such sanctions induced critical developments and changes; moreover, they are bound to play an instrumental role in the direction and volume of exchanges between East Asian states and Iran in the coming years and decades.

*Russians in Iran* Rudi Matthee, Elena Andreeva, 2018-01-25 *Russians in Iran* seeks to challenge the traditional narrative regarding Russian involvement in Iran and to show that whilst Russia's historical involvement in Iran is longstanding, it is nonetheless much misunderstood. Russia's influence in Iran between 1800 and the middle of the twentieth century is not simply a story of inexorable intrusion and domination; rather, it is a complex and interactive process of mostly indirect control and constructive engagement. Drawing on fresh archival material, the contributors provide a window into the power and influence wielded in Iran not just by the Russian government through its traditional representatives but by Russian nationals operating in Iran in a variety of capacities, including individuals, bankers, and entrepreneurs. *Russians in Iran* reveals the multifaceted role that Russians have played in Iranian history and provides an original and important contribution to the history and international relations of Iran, Russia, and the Middle East.

**Iran's Quiet Revolution** Ali Mirsepassi, 2019-08-29 A new perspective on Iranian politics and culture in the 1960s and 1970s, documenting the Westoxification discourses adopted by the Pahlavi State.

**A Social History of Iranian Cinema, Volume 4** Hamid Naficy, 2011 In the fourth and final volume of *A History of Iranian Cinema*, Hamid Naficy looks at the extraordinary efflorescence in Iranian film and other visual media since the Islamic Revolution.

**Union** Jason Dowdeswell, 2023-02-07 When a military tyrant named Waxman receives covert communications from an agent believed lost in deep space, he prepares his army of giant soldiers for war with a faceless, deadly enemy known as the Shrie Shrie and an elusive driver.

named Cal Believing he has the upper hand Waxman dispatches his own army of giant soldiers to lay down a path for annihilation But his trust begins to waver when two of his strongest soldiers in Kayanai Blu and Iran Crowne begin to show signs of possible desertion or worse treason As Kayanai wrestles with his own conscience Waxman must entrust Jevan Khran another waxen soldier whose prodigal return has made her his confidant to keep both Kayanai and Iran to the task at hand Yet with her own unique ability to fly the enemy ships that can travel the distance of space with the speed of a mere thought she too finds herself cast under the quantum guise of being untrustworthy For like herself in this ability to fly alien technology endures Cal the one responsible for the ceasefire to the lost war Waxman so desperately wants restored And now Waxman will finish it      *Responding to Iran's Nuclear Ambitions* United States.
