Literature James Fitzmaurice-Kelly, 2022-09-16 In *A History of Spanish Literature* James Fitzmaurice Kelly meticulously charts the evolution of Spanish literature from its medieval roots to the contemporary canon. This comprehensive study is distinguished by its analytical depth, offering insights into key literary movements, notable authors, and seminal works. Fitzmaurice Kelly's writing is imbued with scholarly rigor and an accessible style, making intricate themes of Spanish literary history engaging for both academic and general audiences. Positioned within the broader context of European literary tradition, the book also examines the sociopolitical influences that have shaped the literary landscape of Spain. James Fitzmaurice Kelly was a prominent scholar and literary critic whose passion for Spanish literature stemmed from his own experiences in the Spanish-speaking world. His extensive research, along with his fluency in Spanish, allowed him to delve deeply into the cultural and historical nuances of the region. This dedication to authenticity and comprehension underpins his analysis as he draws connections across diverse literary periods and genres, illustrating the rich tapestry of Spain's literary heritage. I highly recommend *A History of Spanish Literature* to anyone seeking to understand the intricacies of Spanish literature. Whether you are an academic, a student, or a lover of literature, Fitzmaurice Kelly's work serves as an invaluable resource illuminating the profound impact of Spanish writers on the global literary scene. Elena Aragon de McKissack, 2014-04-23 First published in 2000, this study compares two urban schools based on their ability to provide an effective education for Hispanic students. Broderick High School began as an elite Anglo-dominated institution and evolved into a school whose student body was 82% Hispanic. It is large, public, and with a history of sporadic racial tension, walkouts, and a high dropout rate for Hispanic students. Escuela Tlatelolco is small, private, and Chicano-centric. Founded in 1970 by Rodolfo Corky Gonzales, a leader of the Chicano Civil Rights Movement, it was designed to provide Chicano students the opportunity to reinforce pride in their language, culture, and identity. Through interviews of administrators, teachers, graduates, and students at both schools, as well as personal observations, a significant difference was discovered between the experiences and attitudes of those who attended the public school in the 1960s through 1980s and those who graduated in the 1990s. As the public school increased Hispanic administration, teaching, and operating staff and changed its curriculum to include Hispanic history, Hispanic students expressed a greater degree of satisfaction and fulfillment.

Original Narratives of Early American History : Spanish Explorers in the Southern United States 1528-1543 Vacandard, E. (Elphège), Original Narratives of Early American History Spanish Explorers in the Southern United States 1528 1543 There are few Spanish narratives that are more unsatisfactory to deal with by reason of the lack of directions distances and other details than that of Cabeza de Vaca consequently there are scarcely two students of the route who agree His line of travel through Texas was twice crossed by later explorers in 1541 by the army of Francisco Vazquez Coronado on the eastern edge of the Stake Plains and again in 1582 by Antonio de Espejo on the Rio Grande below the present El Paso These data with the clues afforded by the narrative itself point strongly to a course from the tuna fields about thirty leagues inland from San Antonio Bay to the Rio Colorado and perhaps to the Rio Llano westward across the lower Pecos to the Rio Grande above the junction of the Conchos thence in an approximately straight line across Chihuahua and Sonora to the Rio Sonora where we find Cabeza de Vaca s Village of the Hearts which Coronado also visited in 1540 at or in the vicinity of the present Ures Soon after he reached this point traces of the first Christians were seen and shortly after the Spaniards themselves in the form of a military body of slave hunters As to the character of our chronicler he seems to have been an honest modest and humane man who underestimated rather than exaggerated the many strange things that came under his notice if we except the account of his marvellous healings even to the revival of the dead The expedition of Narvaez was in itself a disastrous and dismal failure reaching an end alike forlorn and fatal but viewed from the standpoint of present day civilization the commander deserved his fate On the other hand while one might well hesitate to say that the accomplishment of Cabeza de Vaca and his three 8 companions compensated their untold sufferings the world eventually became the wiser in more ways than one The northern continent had been penetrated from shore to shore the waters of the Mississippi and the bison of the plains were now first seen by white men and some knowledge of the savage tribes had been gleaned for the benefit of those who should come after There is no blatant announcement of great mineral wealth a mountain with scoria of iron some small bags of mica a quantity of galena with which the Indians painted their faces a little turquoise a few emeralds and a small copper bell were all Yet the effect of the remarkable overland journey was to inspire the expedition of Coronado in 1540 and it is not improbable that De Soto who

endeavored to enlist the services of Cabeza de Vaca may likewise have been stimulated to action After the three Spaniards returned to Mexico they united in a report to the Audiencia of Española Santo Domingo which is printed in Oviedo's Historia General y Natural de las Indias tomo III lib XXXV ed 1853 In April 1537 they embarked for Spain but the ship in which Dorantes set sail proved to be unseaworthy and returned to Vera Cruz Invited to the capital by the Viceroy Mendoza Dorantes was tendered a commission to explore the northern country but this project was never carried out Cabeza de Vaca in reward for his services was appointed governor captain general and adelantado of the provinces of Rio de la Plata Sailing from Cadiz in November 1540 he reached Brazil in March of the following year Here he remained seven months when he sent his vessels ahead to Buenos Ayres and started overland to Asuncion which he reached in March 1542 after a remarkable experience in the tropical forests But the province seems to have needed a man of sterner stuff than Alvar Nu ez for he soon became the subject of animosity and intrigue which finally resulted in open rebellion and his arrest in April 1543 He was kept under close guard for about two years when he was sent to Spain and in 1551 was sentenced to banishment in Africa for eight years a judgment that does not seem to have been carried out for after serving probably a year or so in mild captivity at Seville he was acquitted He died in 1557
