contemporary Anglican theology of the Eucharist through the concept of anamnesis this book seeks to enrich the Church's understanding of transformation and mission Eucharistic theology finds its place in the midst of much contemporary Anglican theology but little attention has been given to the interrelationship between mission and the Eucharist Julie Gittoes engages with the work of David Ford Rowan Williams and Catherine Pickstock who share a common concern to engage with the way

in which the Eucharist shapes the life of the worshipping community as the body of Christ Focusing on the concept of anamnesis remembrance or memorial Gittoes highlights a language of connection in the way in which anamnesis describes the integration of historical sacramental and ecclesial embodiments of Christ The Eucharist looks back to the saving events of Christ s life death and resurrection through it the Church is nourished with the body of Christ participating in it anticipates the eschatological fulfilment of the Kingdom This book explores the connection between the source event of the Church s life and the transformative encounter with Christ in the Eucharist the effects of which are seen in social ethical political action and the Church s mission **Philosophy and the Return to Self-knowledge** Donald Phillip

Verene,1997-01-01 Focusing in particular on the traditions of some of the late Greeks and the Romans Renaissance humanism and the thought of Giambattista Vico this book s concern is to revive the ancient Delphic injunction know thyself an idea of civil wisdom that Verene finds has been missing since Descartes The author recovers the meaning of the vital relations that poetry myth and rhetoric had with philosophy in thinkers like Cicero Quintilian Isocrates Pico Vives and Vico

First Published in 1999 This title is the third volume in the ten volume set titled the Selected Works of Frances Yates

Greyscale illustrations and figures are included throughout alongside the related descriptive work where applicable The art in this volume seeks to memorise through a technique of impressing places and images on memory It has usually been classed as mnemotechnics which appears an unimportant branch of human activity However the author discusses in this title that the manipulation of images in memory must always to some extent involve the psyche *Learning Organizations* Ariane Berthoin Antal, Peter Meusbürger, Laura Suarsana, 2013-11-19 This book is designed to extend the field of organizational learning in several ways The contributors from three continents bring different perspectives on processes and outcomes of knowledge creation and sharing in and between organizations in diverse contexts They use approaches and concepts from numerous disciplines including the arts economics geography organizational studies psychology and sociology The contributions enrich the spatial turn in organization studies by offering fresh insights for researchers who seek to attend to the contextual dimensions of the phenomena they are studying They provide examples of organizational places and spaces that have not yet received sufficient attention as diverse as temporary international organizations and computer screens

The Art of Memory Frances A Yates, 2011-10-31 This unique and brilliant book is a history of human knowledge Before the invention of printing a trained memory was of vital importance Based on a technique of impressing places and images on the mind the ancient Greeks created an elaborate memory system which in turn was inherited by the Romans and passed into the European tradition to be revived in occult form during the Renaissance Frances Yates sheds light on Dante's *Divine Comedy* the form of the Shakespearian theatre and the history of ancient architecture *The Art of Memory* is an invaluable contribution to aesthetics and psychology and to the history of philosophy of science and of literature **The Gift of Truth** Stephen David Ross, 1997-04-24 This volume traces the history of the idea of truth as an ethical movement exploring those developments in Western thought from Plato and Aristotle through Kant and Hegel when ethics was separated from science and philosophy At the heart of the project is a reexamination of the good found in Plato as that which makes being possible which gives authority to knowledge and beckons to art preserved in Levinas as infinite responsibility The idea of the good is interpreted as nature's abundance giving beauty and truth as gifts It gives rise to an ethics of inclusion **The Routledge Handbook of Memory and Place** Sarah De Nardi, Hilary Orange, Steven High, Eerika Koskinen-Koivisto, 2019-08-20 This Handbook explores the latest cross disciplinary research on the inter relationship between memory studies place and identity In the works of dynamic memory there is room for multiple stories versions of the past and place understandings and often resistance to mainstream narratives Places may live on long after their physical destruction This collection provides insights into the significant and diverse role memory plays in our understanding of the world around us in a variety of spaces and temporalities and through a variety of disciplinary and professional lenses Many of the chapters in this Handbook explore place making its significance in everyday lives and its loss Processes of displacement where people's place attachments are violently torn asunder are also considered Ranging from oral history to forensic anthropology from folklore studies to cultural

geographies and beyond the chapters in this Handbook reveal multiple and often unexpected facets of the fascinating relationship between place and memory from the individual to the collective This is a multi and intra disciplinary collection of the latest most influential approaches to the interwoven and dynamic issues of place and memory It will be of great use to researchers and academics working across Geography Tourism Heritage Anthropology Memory Studies and Archaeology

Geopolitics and Business Čedomir Nestorović, 2023-11-29 This book sheds light on the intricate relationship between geopolitics and business and the essential interdependence between corporations and geopolitics Despite apparent animosity practical solutions and theories proposed by geopolitics find resonance within the business world and vice versa Concepts like critical theory disruption hegemony strategic rivalry and cost effectiveness hold common ground in both realms even though they have historically been disregarded Geopolitical authors have often overlooked the vital role played by businesses in shaping global affairs while businesses themselves view geopolitics as a risk to be managed These contrasting viewpoints have given rise to misunderstandings and misconceptions between the two spheres The author sets out to bridge the gap between geopolitics and business exploring how corporations perceive space state and power while also analyzing the influence of classical critical and feminist geopolitics on business strategies This comprehensive analysis reveals that businesses are not mere non state agents among many but indeed the principal non state agents in geopolitics The book is an essential read for scholars researchers and professionals seeking a deeper understanding of the dynamic interplay between these critical forces

Remembering the Story of Israel Aubrey E. Buster, 2022-05-19 In this book Aubrey

Buster demonstrates how methods adapted from cultural and social memory studies and the new formalism can illuminate the communal function of biblical and extra biblical historical summaries in Second Temple Judaism Refining models drawn from memory studies she applies them to ancient texts and demonstrates the development of Judah's speech about their past across the Second Temple period Buster's wide ranging study demonstrates how and where the historical summary functions in the book of Psalms Nehemiah 1 and 2 Chronicles as well as the Qumran Psalms Scrolls Words of the Luminaries Paraphrase of Genesis and Exodus and Pseudo Daniel She shows how the historical summary proves to be a generative replicable and ultimately productive form of memory Crossing the boundaries of genre categories and time periods liturgical performances and literary works historical summaries crafted a highly selective but broadly useful mode of commemoration of key events from Israel's past **Harper's New Monthly Magazine** ,1853 **The Sabbath Recorder** ,1929

Garde-Hansen,H. Grist,2014-04-29 An accessible case study of television heritage *Remembering Dennis Potter Through Fans Extras and Archive* draws on the memories of fans and extras of Potter's productions In providing insight into issues of visibility memory and television production it fulfils a vital need for better understanding of television production history as heritage **Organisational Capital** Ahmed Bounfour,2008-12-04 There is much debate as to how companies carry out their activities in the context of new information and communication technologies influencing organizations to decentralize and develop new managerial practises including outsourcing and networking Recent theories have emphasized the importance of organization as a key component for building corporate competitive advantage and scholars have looked at this from a range of perspectives including in relation to intangible assets human capital work training and the process dimension Yet the concept of organisational capital as such in spite of its indubitable relevance and attractiveness is still to be clarified until now In this book the subject is approached in four ways Firstly from an analytical perspective what is the

status of organisational capital as a concept and how is the defined secondly from a ontological perspective what type of implicit orders can be designed and implemented around organisations thirdly from the measurement perspective what kind of frameworks and what type of metrics can be prototyped and finally the implementation perspective how should organizations integrate the organisational capital perspective in the definition and implementation of their strategies for resources allocation The book provides the first multifaceted and international effort from a broad perspective aiming at clarifying the concept of organisational capital and determining its analytical and operational implications
