Metrognome And Other Stories:

The Metrognome and Other Stories Alan Dean Foster, 1990 Forget what you thought you knew about the universe and enter the fantastic world of master storyteller Alan Dean Foster OPERATOR ASSISTED CALLS ARE CHARGED AT A HIGHER RATE Mr Parkworthy had a score to settle with the telephone company and he was a man used to getting his own way But he should have remembered that it is not polite to be rude to a lady especially when the lady is Ma Bell THE METROGNOME Charlie Dimsdale was only a little man in the company that ran New York City s subways until some odd little denizens of the city s subterranean tunnels showed him who was really in charge THE TESSELATED TETRAHEXAHEDRAL YELLOW ROSE OF TEXAS Country people in America are a fair but mighty independent bunch So when some government scientists rudely demanded that the Shattucks turn over the UFO that crashed on their Texas ranch the Shattucks became a bit obstinate Besides the shining little spacecraft looked real cute hanging on the barn with the Christmas decorations COLLECTIBLE When young Pearl s life was collapsing around her she could always find comfort in her extensive collection of dragon memorabilia but some youngsters are more fragile than others and dragons can be deadly Plus eleven more stories

Bloodhype Alan Dean Foster, 2002-03-26 Could even the remarkable Flinx stop the deadly drug that was sweeping the galaxy It caused instant addiction followed by an excruciating slow death and there was no known antidote It was a killer Supposedly the drug had been totally eradicated from the humanx galaxy years before At least that s what everyone thought But somehow mysteriously that dreadful substance was back in circulation on Repler and threatening to wreak havoc throughout the known galaxy Someone somewhere was secretly manufacturing Bloodhype but nobody seemed to know where or who

Quofum Alan Dean Foster, 2008-10-28 Bestselling author Alan Dean Foster s new adventure takes place in the amazing Humanx Commonwealth home of the ever popular Pip Flinx Although the dynamic redhead and his daring minidrag do not appear in Quofum this knockout thriller sets the stage for their explosive date with destiny in the duo s final climactic adventure Flinx Transcendent The mission to planet Quofum is supposed to be a quickie for Captain Boylan and his crew Boylan is tasked with delivering four scientists two men one woman and one thranx to the unknown world setting up camp while the experts investigate flora and fauna then ferrying them safely home The first surprise is that Quofum which regularly slips in and out of existence on Commonwealth monitors is actually there when Boylan and company arrive The second surprise is more about what Quofum is not The planet is not logical ordered or rational The team encounters three intelligent warring species some carbon based others silicate based all bizarre along with thousands of unique often unclassifiable life forms Quofum s wild biodiversity doesn t appear to be natural But if it is by design then by whose and for what purpose There are more revelations more highly evolved species waiting to be identified even tantalizing clues to a civilization light years ahead of the Commonwealth s But the crew members are not ready for the real shockers because none of them expect to find a killer in their midst or to discover that their spaceship is missing and with it all means of

communication Of course the marooned teammates know nothing about the Great Evil racing toward the galaxy and they certainly have never heard of Flinx the only person with half a chance to stop it Nor do they know that Quofum could play a crucial role in defeating the all devouring monster from beyond One thing the scientists do know however is how to ferret out the truth But whether that will be enough to alter the course of the oncoming catastrophe is anyone s guess The A to Z of Fantasy Literature Brian Stableford,2009-08-13 Once upon a time all literature was fantasy set in a mythical past when magic existed animals talked and the gods took an active hand in earthly affairs As the mythical past was displaced in Western estimation by the historical past and novelists became increasingly preoccupied with the present fantasy was temporarily marginalized until the late 20th century when it enjoyed a spectacular resurgence in every stratum of the literary marketplace Stableford provides an invaluable guide to this sequence of events and to the current state of the field The chronology tracks the evolution of fantasy from the origins of literature to the 21st century The introduction explains the nature of the impulses creating and shaping fantasy literature the problems of its definition and the reasons for its changing historical fortunes The dictionary includes cross referenced entries on more than 700 authors ranging across the entire historical spectrum while more than 200 other entries describe the fantasy subgenres key images in fantasy literature technical terms used in fantasy criticism and the intimately convoluted relationship between literary fantasies scholarly fantasies and lifestyle fantasies The book concludes with an extensive bibliography that ranges from general textbooks and specialized accounts of the history and scholarship of fantasy literature through bibliographies and accounts of the fantasy literature of different nations to individual author studies and useful websites The Mammoth Book of Comic Fantasy Mike Ashley,2014-04-10 This dazzling new collection of off the wall fantasies features stories from the minds of the funniest writers in the field including Esther Friesner Neil Gaiman Tom Holt Paul di Filippo Adam Roberts and Molly Brown Here are 35 stories guaranteed to reassure us that the next door world will be just as mad as this one It includes a mix of brand new stories and rare finds or forgotten gems with a wide range of tales to suit every taste in humour From the missionary plunged into the bizarre initiation rituals of a lost tribe to the bloke who thought magic would help his love life from a wizard allergic to magic who sneezes his way into chaos to a man who finds his shoes have taken over control of his life The Mammoth Book of Comic Fantasy unflatteringly turns fantasy and horror fiction on its head and makes magic into mayhem A welcome new shot of comic genius in the sphere of fantasy fiction *The Mammoth Book of Seriously Comic Fantasy* Mike Ashley,2014-02-13 A new collection of magic and mayhem from fantasy s funniest wackiest writers including Harlan Ellison Esther Friesner Neil Gailman Craig Shaw Gardner Harry Harrison Tom Hold and Julia Mandala **Body, Inc.** Alan Dean Foster,2012-03-27 New York Times bestselling author Alan Dean Foster has always been on the cutting edge of science fiction In Body Inc he creates a tomorrow where genetic manipulation has become ubiquitous and the very meaning of what it is to be human is undergoing drastic transformation In a world deeply wounded by centuries of environmental damage two

unlikely souls join forces Dr Ingrid Seastrom has stumbled into a mystery involving quantum entangled nanoscale implants a mystery that just may kill her Whispr is a thief and murderer whose radical body modifications have left him so thin he is all but two dimensional Whispr has found a silver data storage thread a technology that will make him wealthy beyond his wildest dreams He is also going mad with longing for Dr Ingrid Seastrom Their quest to learn the secrets of the implant and the thread which may well be the same secret has led them to the South African Economic Combine otherwise known as SAEC Or less respectfully SICK SICK it seems has the answers Unfortunately SICK has also got Napun Mol a cold blooded assassin whose genetic enhancements make him the equivalent of a small army Mol has already missed one chance to kill Ingrid and Whispr and now he has followed them to South Africa This time he is not only going to succeed he is going to make them suffer

Flinx's Folly Alan Dean Foster, 2004-09-28 Bestselling author Alan Dean Foster delivers a Pip and Flinx novel featuring a certain twenty four year old with red hair growing powers and a loyal sidekick who just happens to be a flying mini dragon Flinx s Folly follows Flinx on a thrilling quest to unravel the mysteries of his mind and body It is a quest that forces him to confront a horror almost beyond human comprehension concealed somewhere in the universe and coming closer It s a good thing Flinx is no stranger to trouble because he s swimming in it Even before the latest murderous attack by a new gang of assailants there seems no end to people determined to arrest examine or kill him To add insult to all that injury Flinx has been spirited away and enlisted in a battle against a monstrous extra galactic threat Hidden behind the Great Emptiness in a place where it seems matter and energy have never been there is only evil Pure evil that is approaching him accelerating Against such a quintessence of colossal evil what can one puny human and a formidable mini drag protector do Flinx must tell someone or go out of his already addled mind Choosing a confidant is easy Clarity Held a crush he hasn t seen in six years She is a young woman who has clearly gone on with her life in ways that he soon learns don t necessarily include Flinx Whatever happens Flinx makes up his mind to act quickly His decision is the beginning of a terrifying high stakes adventure through perilous new realms that will rocket him into the very heart of danger and into the arms of the only woman he s ever loved As he and Pip bravely travel to a place where no man or mini drag has gone before Flinx discovers he has a few more friends than he thought and far more enemies than he ever imagined

The Sum of Her Parts Alan Dean Foster, 2012-11-27 In this thrilling science fiction adventure the triumphant conclusion to the Tipping Point trilogy New York Times bestselling author Alan Dean Foster returns to a near future in which genetic manipulation and extreme body modification have changed profoundly what it means to be human Dr Ingrid Seastrom was once a respected American physician Whispr whose body has been transformed to preternatural thinness was once a streetwise thief Now in a world on the edge of catastrophe from centuries of environmental exploitation they are allies thrust together by fate to unravel an impossible mystery even as they are stalked by a relentless killer Ingrid and Whispr are hunted fugitives bound together by a thread a data storage thread made of a material that cannot exist yet somehow does Their quest to learn its secrets and in

Whispr's case sell them to the highest bidder has brought them to South Africa's treacherous Namib desert. Beyond its dangers waits a heavily guarded research facility that promises answers if they can survive long enough to get there. But that won't be easy, not with Napun Mol on their trail. They've already escaped the assassin twice, and as far as Mol is concerned, finishing them off isn't just a job anymore; it's personal.

The End of the Matter Alan Dean Foster, 2002-03-26

Accompanied by his faithful minidrag Pip and a most troublesome alien called Abalamahalamatandra Ab for short, Flinx set out for Alaspin, the ruggedly primitive homeworld of his flying snake. There he hoped to find the giant man with the gold earring who somehow held the key to Flinx's mysterious past and to the strange powers he possessed. Chasing down his heritage was trouble enough, but Flinx didn't know what real trouble was until he realized that the Qwarm, a deadly assassin squad, were three steps behind him with a contract to kill. But the minidrag's homeworld did not offer safety, and Flinx had a terrible time just staying alive, a matter complicated to no mean degree by a collapsar already set on an unstoppable death course across the galaxy.
