[Unsolved Mysteries of Texas](#) W.C. Jameson,2022-10-01 When it comes to historical mysteries Texas offers numerous long perplexing conundrums for readers Several of the Lone Star State s enduring legends are associated with historical figures including Davy Crockett Billy the Kid John Wilkes Booth the outlaws Sam Bass and Bill Longley and the pirate Jean Lafitte Lost mines and buried treasures are also a long standing part of Texas history and lore and the location of several of these riches has baffled searches for well over a century Searches for these elusive treasures represented by gold and silver ingots

and coins have ranged from Texas's mountain ranges to the prairies to the coast and continue to this day Texas may also have been the site of several lost civilizations Growing evidence suggests that Mayans a culture long associated with southern Mexican and Central America may have established settlements in the state after having disappeared from their homeland The Caddo Mounds spread out over a large section of southeast Texas represent what amounted of a city that was once inhabited by thousands of natives The questions of where they came from and what became of them continue to intrigue researchers In *Unsolved Mysteries of Texas* author and professional treasure hunter W C Jameson will cover these and many other mysterious happenings in the Lone Star State

Warren Smith, 1977 [Avenue of Mysteries](#) John Irving, 2015-11-03 Thoroughly modern accessibly brainy hilariously eccentric and beautifully human The New York Times Book Review John Irving returns to the themes that established him as one of our most admired and beloved authors in this absorbing novel of fate and memory In *Avenue of Mysteries* Juan Diego a fourteen year old boy who was born and grew up in Mexico has a thirteen year old sister Her name is Lupe and she thinks she sees what's coming specifically her own future and her brother's Lupe is a mind reader she doesn't know what everyone is thinking but she knows what most people are thinking Regarding what has happened as opposed to what will Lupe is usually right about the past without your telling her she knows all the worst things that have happened to you Lupe doesn't know the future as accurately But consider what a terrible burden it is if you believe you know the future especially your own future or even worse the future of someone you love What might a thirteen year old girl be driven to do if she thought she could change the future As an older man Juan Diego will take a trip to the Philippines but what travels with him are his dreams and memories he is most alive in his childhood and early adolescence in Mexico As we grow older most of all in what we remember and what we dream we live in the past Sometimes we live more vividly in the past than in the present *Avenue of Mysteries* is the story of what happens to Juan Diego in the Philippines where what happened to him in the past in Mexico collides with his future

Asteroid Answers to Ancient Calendar Mysteries Herbert B. Stollorz, 2008-07-03 Ancient calendars found around the world are designed to end one point in time They communicate an urgent warning to everyone alive today Complex bronze and gold clocks with multiple dials are found in museums around the world Why they have such advanced intricacy has stumped scientists for hundreds of years This book reveals why the ancients built so many pyramids observatories as well as those complex gold and bronze clocks with more than one dial It surprised me greatly to discover that their various complex designs in one way or another converge on 21 December 2012 It amazes me that ancient cultures separated by thousands of miles of geography and thousands of years in chronology agree so precisely in the cyclical nature of time history and prophecy which is history written in advance The most famous example is the Mayan Aztec calendar which ends its 25 626 year cycle on that momentous date Some researchers have also found 21 December 2012 in what is called the Bible Code Using very different research methods I discovered it in the Bible's book of Revelation and Daniel's prophecies It is one of the most important dates in the plan of God for all humanity

Serial Killers of Mexico Wensley Clarkson, 2022-06-23 A collection of chilling stories of murders from Mexico one of the world's most prolific hunting grounds for serial killers If I was a serial killer looking for new victims I'd head over the border to Mexico because life is cheap there and the police have got so much other stuff to investigate they don't bother with random killings A former FBI agent For decades America has been considered to be the natural home of serial killers Infamous names like Ted Bundy or Jeffrey Dahmer are internationally known and feared and rightly so But what if just south of the border there was a far more active network of serial killers What if the perfect storm of crime fuelled by this nation's deadly narco wars has turned Mexico into an ideal hunting ground for many of the most bizarre and blood thirsty serial killers the world has ever seen Serial Killers of Mexico delves into this criminal underbelly to tell the stories of the psychopathic loners professional narco assassins and the overwhelmed law enforcement trying desperately to hunt them down *American Book Publishing Record*, 2002
