Committee on the Judiciary,1974 **Money and Faith** Michael Schut,2008-08-01 Talking about money in a personal way remains more of a taboo than sex or politics This seems odd within a Christian context since Jesus addressed topics of money poverty and wealth more than any other concerns For many money becomes an idol we see it in our own culture as we pursue economic growth no matter the cost to the overall well being of God s creation When that happens enough is always more than we have right now and scarcity becomes the lens through which we see the world On a personal level this book opens up issues of scarcity and abundance idolatry and freedom on a societal level it invites exploration of greater equity and sustainability On both levels it empowers individuals and groups to apply their faith s values in practical ways while taking pastoral and prophetic stances The author suggests we need to experience the nurturing companionship of a wise compassionate pastor or spiritual guide in our relationship to money while also needing to experience the power strength anger and call to repentance of an Old Testament prophet People want to connect their values with everyday concerns while discovering ways to make a positive difference This book helps them do both Includes a comprehensive study guide within the book for groups and individuals Contributors include Henri Nouwen Dave Barry Walter Brueggemann David Boyle Lynne Twist Lewis Hyde William Stringfellow John Haughey Ched Myers Bill McKibben Sallie McFague William Greider Leonardo Boff Jean Bertrand Aristide Victoria Tauli Corpuz Maria Harris Rich Lang Wayne Muller Sharon Parks Rodney Clapp Ted Nace Lester Brown Pete Barnes Andy Loving Edgar Cahn Sarah Tarver Wahlquist Susan Wilkes Jim Klobuchar

Judiciary,1973 **Israel in the American Mind** Shaul Mitelpunkt,2018-05-10 This book examines the changing meanings Americans and Israelis invested in the relationship between their countries from the late 1950s to the 1980s Bringing to light previously unexamined sources this study is the first to investigate the intricate mechanisms that defined and redefined Israel s place in American imagination through the war strewn 1960s and 1970s Departing from traditional diplomatic histories that focus on the political elites alone Shaul Mitelpunkt places the relationship deep in the cultural social intellectual and ideological landscapes of both societies Examining Israeli propaganda operations in America Mitelpunkt also pays close attention to the way Israelis manipulated and responded to American perceptions of their country and reveals the reservations some expressed towards their country s relationship with the United States By contextualizing the relationship within the changing domestic concerns in both

countries this book provides a truly transnational history of US Israeli relations **The Natural Gas Industry** United States. Congress. Senate. Committee on the Judiciary. Subcommittee on Antitrust and Monopoly, 1973
