Ramseys Gold:

Ramsey's Gold Russell Blake, 2015-10-30 When a forgotten journal materializes decades after Drake Ramsey's father vanished in the Amazon jungle Drake decides to follow in his footsteps and search for the legendary treasure of the Inca empire hidden in the lost Inca city of Paititi

With Golden Visions Bright Before Them Will Bagley, 2012-10-01 During the mid nineteenth century a quarter of a million travelers men women and children followed the road across the plains to gold rush California This magnificent chronicle the second installment of Will Bagley's sweeping Overland West series captures the danger excitement and heartbreak of America's first great rush for riches and its enduring consequences With narrative scope and detail unmatched by earlier histories *With Golden Visions Bright Before Them* retells this classic American saga through the voices of the people whose eyewitness testimonies vividly evoke the most dramatic era of westward migration Traditional histories of the overland roads paint the gold rush migration as a heroic epic of progress that opened new lands and a continental treasure house for the advancement of civilization Yet according to Bagley the transformation of the American West during this period is more complex and contentious than legend pretends The gold rush epoch witnessed untold suffering and sacrifice and the trails and their trials were enough to make many people turn back For America's Native peoples the effect of the massive migration was no less than ruinous The impact that tens of thousands of intruders had on Native peoples and their homelands is at the center of this story not on its margins Beautifully written and richly illustrated with photographs and maps *With Golden Visions Bright Before Them* continues the saga that began with Bagley's highly acclaimed award winning *So Rugged and Mountainous Blazing the Trails to Oregon and California 1812-1848* hailed by critics as a classic of western history

[Buy Gold and Silver Safely](#) Doug Eberhardt, 2010-09-02 We Americans are never taught anything about gold and silver through our education system That's why many gold dealers are able to easily rip off unsuspecting buyers of gold and silver Financial advisors and journalists aren't giving you the truth either as to how gold and silver fit into a properly diversified portfolio So naturally people are looking for answers *Buy Gold and Silver Safely* provides those answers by explaining why gold and silver need to be a part of everyone's portfolio and helping people learn about buying or selling gold and silver the safe way
