Real People Personal Identity Without Thought Experiments

A.M. Ferner

Real People Personal Identity Without Thought Experiments:

Real People Kathleen V. Wilkes, 1988 A study of the scope and limits of the concept of a person covering methodology of thought experimentation real life conditions such as infancy insanity and dementia and looking at different views of the person found in Homer Aristotle the post Cartesians and contemporary cognitive science Personal Identity and Resurrection Georg Gasser, 2010 In *Personal Identity and Resurrection* leading philosophers and theologians present an indispensable resource for anyone interested in the doctrine of bodily resurrection be they philosophers theologians scholars in religious studies or believers interested in examining their faith **The Analytic Imaginary** Marguerite La Caze, 2018-09-05 The notion of the philosophical imaginary developed by Michel Le Doeuff refers to the capacity to imagine as well as to the stock of images philosophers employ Making use of this notion Marguerite La Caze explores the idea of the imaginary of analytic philosophy Noting the marked tendency of analytic philosophy to be unselfconscious about the use of figurative language and the levels at which it works La Caze shows how analytic images can work to define the parameters of debates and exclude differing approaches including feminist ones La Caze focuses on five influential types of images in five central areas of contemporary analytic philosophy analogies and how they are used in the abortion debates thought experiments in personal identity the myth of the social contract Thomas Nagel's use of visual and spatial metaphors in epistemology and Kendall Walton's use of children's games as a foundational model in aesthetics The author shows how the image promotes assumptions and conceals tensions in philosophical works how the image persuades and how it limits debate and excludes ideas In providing an analysis of and reflection on the nature of the analytic imaginary La Caze suggests that a more open ended and reflexive approach can result in richer more fruitful philosophical work *Wittgenstein's Beetle and Other Classic Thought Experiments* Martin Cohen, 2008-04-15 Wittgenstein's Beetle and Other Classic Thought Experiments invites readers to participate actively in discovering the surprisingly powerful and fruitful tradition of thought experiments Gives a lively presentation of an A to Z of 26 fascinating and influential thought experiments from philosophy and science Presents vivid and often humorous discussion of the experiments including strengths and weaknesses historical context and contemporary uses Provides a how to section for engaging in thought experiments Includes illustrations mini biographies and suggestions for further reading Thought Experiment Tamar Szabo Gendler, 2014-01-14 This book offers a novel analysis of the widely used but ill understood technique of thought experiment The author argues that the powers and limits of this methodology can be traced to the fact that when the contemplation of an imaginary scenario brings us to new knowledge it does so by forcing us to make sense of exceptional cases **Organisms and Personal Identity** A.M. Ferner, 2016-04-14 Over his philosophical career David Wiggins has produced a body of work that though varied and wide ranging stands as a coherent and carefully integrated whole In this book Ferner examines Wiggins conceptualist realism his sortal theory D and his human being theory in order to assess how far these elements of his systematic metaphysics connect In addition to

rectifying misinterpretations and analysing the relations between Wiggins works Ferner reveals the importance of the philosophy of biology to Wiggins approach This book elucidates the biological anti reductionism present in Wiggins work and highlights how this stance stands as a productive alternative to emergentism With an analysis of Wiggins construal of substances specifically organisms the book goes on to discuss how Wiggins brings together the concept of a person with the concept of a natural substance or human being An extensive introduction to the work of David Wiggins as well as a contribution to the dialogue between personal identity theorists and philosophers of biology this book will appeal to students and scholars working in the areas of philosophy biology and the history of Anglophone metaphysics **The Bounds of**

Agency Carol Rovane, 2019-03-26 The subject of personal identity is one of the most central and most contested and exciting in philosophy Ever since Locke psychological and bodily criteria have vied with one another in conflicting accounts of personal identity Carol Rovane argues that as things stand the debate is unresolvable since both sides hold coherent positions that our common sense she maintains is conflicted so any resolution to the debate is bound to be revisionary She boldly offers such a revisionary theory of personal identity by first inquiring into the nature of persons Rovane begins with a premise about the distinctive ethical nature of persons to which all substantive ethical doctrines ranging from Kantian to egoist can subscribe From this starting point she derives two startling metaphysical possibilities there could be group persons composed of many human beings and multiple persons within a single human being Her conclusions supports Locke's distinction between persons and human beings but on altogether new grounds These grounds lie in her radically normative analysis of the condition of personal identity as the condition in which a certain normative commitment arises namely the commitment to achieve overall rational unity within a rational point of view It is by virtue of this normative commitment that individual agents can engage one another specifically as persons and possess the distinctive ethical status of persons Carol Rovane is Associate Professor of Philosophy at Yale University Originally published in 1997 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Routledge Companion to Philosophy of Psychology Sarah Robins, John Symons, Paco Calvo, 2009-09-11 The Routledge Companion to Philosophy of Psychology is an invaluable guide and major reference source to the major topics problems concepts and debates in philosophy of psychology and is the first companion of its kind A team of renowned international contributors provide forty two chapters organised into six clear parts I Historical background to the philosophy of psychology II Psychological explanation III Cognition and representation IV The biological basis of psychology V Perceptual experience VI Personhood The Companion covers key topics such as the origins of experimental psychology folk

psychology behaviorism and functionalism philosophy psychology and neuroscience the language of thought modularity nativism and representational theories of mind consciousness and the senses personal identity the philosophy of psychopathology and dreams emotion and temporality Essential reading for all students of philosophy of mind science and psychology The Routledge Companion to Philosophy of Psychology will also be of interest to anyone studying psychology and its related disciplines Forthcoming Books Rose Arny,1994-02 **Proceedings and Addresses of the American Philosophical Association** American Philosophical Association,1994 List of members in v 1 **American Philosophical Quarterly** Nicholas Rescher,2002 **Southern Humanities Review** ,2006 *Freedom and Dispositions* Guus Labooy,G. H. Labooy,2002 Frankfurt M Berlin Bern Bruxelles New York Oxford Wien 2002 Contributions to Philosophical Theology Vol 8 General Editors Gijsbert van den Brink Vincent Brummer and Marcel Sarot **Sexing the Subject of Law** Ngaire Naffine,Rosemary J. Owens,1997 Provides a guide to the conveyancing of licensed premises Focusing on proprietary clubs betting offices and the sale of alcohol the book covers topics such as the qualification of licences preliminary enquiries to be made time limits for notices and seeking approval for structural alterations **Spatial Formations** Nigel Thrift,1996-06-13 This text in the expanding area of social theory and space provides an analysis of how space is socially constructed unmade and reconstructed It shows how social theory can be used to make sense of spatial forms and practices and how spatial relations are made durable over space and time *British Book News* ,1988 **Soul** Christian Kanzian,M. Legenhausen,2010 The leading idea of the book is to focus on the common roots of Islamic and Western traditions and to increase awareness of the chances of systematic philosophical dispute with the aim to promote a substantial dialogue on an academic level Most of the collected papers in this edition are the result of contributions to a workshop organized by the editors of the volume as an integrated part of a visit to the Imam Khomeini Education and Research Institute IKERI of Qom

How Classification Works Nelson Goodman,Mary Douglas,David L. Hull,1992 How Classification Works attempts to bridge the gap between philosophy and the social sciences using as a focus some of the work of Nelson Goodman Throughout his long career Goodman has addressed the question are some ways of conceptualizing more natural than others This book looks at the rightness of categories assessing Goodman s role in modern philosophy and explaining some of his ideas on the relation between aesthetics and cognitive theory Two papers by Nelson Goodman are included in the collection and there are analyses of his work by seven leading academics in anthropology philosophy sociology and musicology **CURRENT CONTENTS ARTS & HUMANITIES JUNE 7, 1993 VOLUME 15 NUMBER 12** ,1993 **Character Engagement** Sir Murray Stuart-Smith,1991
