Expanding the Landscapes of Irish English Research Stephen Lucek, Carolina P. Amador-Moreno, 2021-11-29 This collection brings together work from scholars across sociolinguistics World Englishes and linguistic landscapes to reflect on developments and future directions in Irish English building on the ground breaking contributions of Jeffrey Kallen to the discipline Taking their cue from Kallen s extensive body of work on Irish English the 20 contributors critically examine advances in the field grounded in frameworks from variationist sociolinguistics and semiotic and border studies in linguistic landscapes Chapters cover pragmatic cognitive sociolinguistic sociophonetic historical and World Englishes perspectives as well as two chapters which explore the border between Northern Ireland and the Republic of Ireland through the lens of perceptual dialectology and linguistic landscape research Taken together the collection showcases the significant role Kallen has played in the growth of Irish English studies as a field in its own right and the impact of this work on a new wave of researchers in the field today and beyond This volume will be of particular interest to scholars of varieties of English variationist sociolinguistics and linguistic landscape research

Complexity in Classroom Foreign Language Learning Motivation Richard J. Sampson, 2016-06-02 This book explores how complex systems theory can contribute to the understanding of classroom language learner motivation through an extended examination of one particular situated research project Working from the lived experience of the participants the study describes how action research methods were used to explore the dynamic conditions operating in a foreign language classroom in Japan The book draws attention to the highly personalised and individual yet equally co formed nature of classroom foreign language learning motivation and to the importance of agency and emotions in language learning It presents an extended illustration of the applicability of complex systems theory for research design and process in SLA and its narrative approach shines light upon the evolving nature of research and role of the researcher The study will be a valuable resource for practitioners researchers and postgraduate students interested in classroom language teaching and learning especially those with a focus on motivation among learners

Corpus Linguistics at Work Elena Tognini-Bonelli, 2001-01-01 This work aims to provide insights into the way a corpus can be used the type of findings that can be obtained the possible applications of these findings as well as

the theoretical changes that corpus work can bring into linguistics and language engineering Topics include the rise of corpus linguistics delexicalization semantic prosodies and different corpora for different purposes *Acquisition in Interlanguage Pragmatics* Anne Barron,2003 This study reports on an investigation designed to in some way meet the need for acquisition research in L2 pragmatics in particular in the form of longitudinal studies and also to meet the need for research into the acquisition of L2 pragmatic competence in German Specifically it concerns a longitudinal study in which the development of the L2 pragmatic competence of a group of 32 Irish learners of German is investigated over ten months spent studying in the target speech community Germany The study is anchored in the field of interlanguage pragmatics and the approach taken is speech act based interest focusing on productions of requests offers and refusals of offers The study also draws on research from discourse analysis in the investigation of offer refusal of offer exchanges The objective of this study was to record any developments whether towards or away from the L2 norm in the L2 pragmatic competence of the current group of learners over time spent in the target community **The Cambridge Handbook of Learner Corpus**

Research Sylviane Granger,Gaëtanelle Gilquin,Fanny Meunier,2015-10-01 The origins of learner corpus research go back to the late 1980s when large electronic collections of written or spoken data started to be collected from foreign second language learners with a view to advancing our understanding of the mechanisms of second language acquisition and developing tailor made pedagogical tools Engaging with the interdisciplinary nature of this fast growing field The Cambridge Handbook of Learner Corpus Research explores the diverse and extensive applications of learner corpora with 27 chapters written by internationally renowned experts This comprehensive work is a vital resource for students teachers and researchers offering fresh perspectives and a unique overview of the field With representative studies in each chapter which provide an essential guide on how to conduct learner corpus research in a wide range of areas this work is a cutting edge account of learner corpus collection annotation methodology theory analysis and applications **Realisation**

Surinder Gill,2010-10-14 One day in the very distant future you will embark on a journey of such transition that you have absolutely no idea what to really expect You will undergo a complete transformation you will have to leave this place shed this body bid farewell to life as you know it and go somewhere you are not familiar with Has that thought ever frightened you You will have to leave behind everything that you love and everyone you adore possibly forever There wont be any occupation to keep you busy out there because you dont need to earn a living to feed clothe and shelter the body which you have left behind You will no longer have the eyes to appreciate a beautiful sunset the nose to smell the fragrance of a flower or the tongue to taste all the foods you once enjoyed Have these thought ever entered your mind Are you prepared for what is inevitable or do you not believe in an afterlife so it is something that does not require any preparation *Development and Realisation of the Concept House 'Delft' Prototype* M. Eekhout,A. van Timmeren,2016-03-10 The Delft Prototype is a single apartment from a not yet realized Concept House Urban Villa which consists of 16 apartments on 4 floors Both the urban villa and the

prototype demonstrate the characteristics of high level industrial production with an extremely low ecological footprint as well as being energy positive in use and both are suitable for multi storey housing The research development production and built prototype resulted in a unique innovation on the Dutch building market a sustainable energy positive apartment system for medium rise energy positive housing This scientific report deals with the history development and realization process of the prototype up to the completion of the building phase after which the prototype was furnished and the garden landscaped culminating with the opening of the prototype in October 2012 The development was initiated by Mick Eekhout s Chair of Product Development at the TU Delft at the specific request of the building industry and was carried out in close collaboration with a consortium of partners from the SME building supply industry Innovation continues to progress in these partner industries The entire project was externally financed for the 8 years of its duration Apart from initiative and natural project leadership the innovative contribution of the Chair included the design coordination and integration of the many components into the single coherent entity of the Concept House Delft Prototype

Hinduism-The Science of Self Realisation Anupam Srivastava ,2025-01-25 Hinduism The Science of Self Realization is a guide aimed at introducing spirituality and religion to readers especially the youth in India and the Indian diaspora It seeks to demystify the concept of self realization which is often shrouded in confusion and complexity in religious and spiritual discussions The book emphasizes that religion and spirituality are essential for understanding oneself and enhancing day to day life experiences It doesn t claim to be a religious text but focuses on extracting the scientific and logical aspects of Hindu scriptures in a way that modern young readers can grasp The central message is that self realization is within reach for everyone regardless of background or knowledge as it involves invoking innate skills and abilities The author s intent is to simplify and encourage young people especially Hindu youth to explore the spiritual dimension of their personalities
