PHILOSOPHY AND WORLD PROBLEMS -

Volume II John McMurtry, 2011-12-11 Philosophy and World Problems theme is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Philosophy and World Problems deals in three volumes and covers several topics with a myriad of issues of great relevance to our world on Philosophy and World Problems Philosophy resists conclusions because its method across disagreements like modern science to which it gives rise always leaves issues open to counter argument and furtherance of understanding This is how philosophy differs from religious sectarian and other dogmas and closed systems of thinking Yet agreement across the research contributing to this work is implicit or explicit on one meta principle whatever is incoherent with organic social and ecological life requirements through time is false and evil to the extent of its reduction and destruction of life fields and support systems These three volumes are aimed at a wide spectrum of audiences University and College Students Researchers and Educators

The Genealogy of Values Edward Andrew, 1995 Until the time of Karl Marx and John Stuart Mill philosophers generally held economics to be an integral element of moral philosophy These days the language of values moral aesthetic and cognitive dominates philosophic discourse even though contemporary philosophers rarely hold economics to be integral to moral philosophy Examining the thought of Friedrich Nietzsche and the art of Marcel Proust Edward Andrew provides the first sustained critical analysis of values discourse an analysis that deconstructs its content and its form

John Dewey and Environmental Philosophy Hugh P. McDonald, 2012-02-01 Hugh P McDonald s John Dewey and Environmental Philosophy breaks new ground by applying Dewey s insights to a new approach to philosophy of the environment the concern for the rights of animals the preservation of rare species habitats and landscapes and the health of the whole ecology The book summarizes much of the current literature on environmental ethics concentrating on the writings of major figures in the movement Tom Regan J Baird Callicott Holmes Rolston and Bryan Norton The heart of the book consists of a detailed analysis of Dewey s ethics his theory of intrinsic value and his holistic approach to moral justification Arguing against the idea that Dewey s philosophy is anthropocentric McDonald makes a strong case that using Dewey s philosophy will result in a superior framework for environmental ethics

Human Cognition and Social Agent Technology Kerstin Dautenhahn, 2000-03-15 Human Cognition

and Social Agent Technology is written for readers who are curious about what human social cognition is and whether and how advanced software programs or robots can become social agents Topics addressed in 16 peer reviewed chapters by researchers at the forefront of agent research include Narrative intelligence and implementations of story telling systems socially situated avatars and conscious software agents cognitive architectures for socially intelligent agents agents with emotions design issues for interactive systems artificial life agents contributions to agent design from artistic practice and a Cognitive Technology view on living with socially intelligent agents The book addresses both software and robotic agents On the one hand justice is done to the scientific and technical aspects and on the other hand the reader will learn about pioneering technological developments which are necessary for a public discourse and critical evaluation on where social agent technology is leading us and how such a development can be shaped in order to meet the social cultural and cognitive needs of humans The book is suitable for students researchers and everyone interested in this emerging and quickly growing field it does not require any specialist background knowledge Series B

The Mystery of Values Ludwig Grünberg, 2021-11-08 This study of axiology explores the axiocentricity of being human Human beings dwell in the realm of value Values are not simply what persons have values in large part are what persons are The mystique of values is analyzed here in terms of their cultural phenomenological and ontological status The relationship between science and values is debated Values should not be submitted to reductionism Postmodernism raises new problems for the future of a philosophy of values Yet we may direct our hopes toward happiness universalism and humanism as inseparable from value life

Radical Axiology Hugh P. McDonald, 2021-11-08 This book treats values as the basis for all of philosophy an approach distinct from critiquing theories of value and far rarer First Philosophy the effort to justify the foundations for a system of philosophy is one of the main issues that divide philosophers today McDonald's philosophy of values is a comprehensive attempt to replace philosophies of existence being experience the subject or language with a philosophy that locates value as most basic This transformation is a radical move within Western philosophy as a whole since it has never been done in such a thoroughgoing way Hugh P McDonald makes a comprehensive case against first philosophy as metaphysical by mounting a case against all metaphysical systems of philosophy Radical Axiology A First Philosophy of Values is a fresh start for a rebirth of philosophy While other movements debate the death of philosophy this book radically re evaluates the direction of philosophy by discovering values at the basis of all philosophy This reorientation addresses the question of what the love of wisdom can mean for us today

Human Social Evolution Kyle Summers, Bernard Crespi, 2013-06-24 Richard D Alexander is an accomplished entomologist who turned his attention to

solving some of the most perplexing problems associated with the evolution of human social systems Using impeccable Darwinian logic and elaborating extending and adding to the classic theoretical contributions of pioneers of behavioral and evolutionary ecology like George Williams William Hamilton and Robert Trivers Alexander developed the most detailed and comprehensive vision of human social evolution of his era His ideas and hypotheses have inspired countless biologists anthropologists psychologists and other social scientists to explore the evolution of human social behavior in ever greater detail and many of his seminal ideas have stood the test of time and come to be pillars of our understanding of human social evolution This volume presents classic papers or chapters by Dr Alexander each focused on an important theme from his work Introductions by Dr Alexander s former students and colleagues highlight the importance of his work to the field describe more recent work on the topic and discuss current issues of contention and interest Psychology & Christianity Integration Daryl H. Stevenson, Brian E. Eck, Peter C. Hill, 2007 Phenomenology of Values and Valuing J.G. Hart, Lester Embree, 2013-04-17 Although a key aspect of the phenomenological movement is its contribution to value theory axiology and value perception almost all the major figures devoted a great part of their labors to these topics there has been relatively little attention paid to these themes This volume in part makes up for this lacuna by being the first anthology on value theory in the phenomenological movement It indicates the scope of the issues by discussing e g the distinctive acts of valuing openness to value the objectivity of values the summation and combination of values the deconstruction of values the value of absence and the value of nature It also contains discussions of most of the major representative figures not only in their own right but also in relationship to one another Von Ehrenfels Brentano Scheler Hartmann Husserl Heidegger Schutz and Derrida **PHILOSOPHY AND WORLD PROBLEMS - Volume I** John McMurtry, 2011-12-11 Philosophy and World Problems theme is a component of Encyclopedia of Social Sciences and Humanities in the global Encyclopedia of Life Support Systems EOLSS which is an integrated compendium of twenty one Encyclopedias The Theme on Philosophy and World Problems deals in three volumes and covers several topics with a myriad of issues of great relevance to our world on Philosophy and World Problems Philosophy resists conclusions because its method across disagreements like modern science to which it gives rise always leaves issues open to counter argument and furtherance of understanding This is how philosophy differs from religious sectarian and other dogmas and closed systems of thinking Yet agreement across the research contributing to this work is implicit or explicit on one meta principle whatever is incoherent with organic social and ecological life requirements through time is false and evil to the extent of its reduction and destruction of life fields and support systems These three volumes are aimed at a wide spectrum of audiences University and College Students Researchers and Educators *The Nature of Human Values* Milton Rokeach, 1973 Milton Rokeach s book *The Nature of Human Values* 1973 and the Rokeach Value Survey which the book served as the test manual for occupied the final years of his career In it he posited that a relatively few terminal human values are the internal reference points that all people use to

formulate attitudes and opinions and that by measuring the relative ranking of these values one could predict a wide variety of behavior including political affiliation and religious belief This theory led to a series of experiments in which changes in values led to measurable changes in opinion for an entire small city in the state of Washington
