Reappraisals in Canadian History Carl Murray Wallace,Robert Matthew Bray,1999 *Canadian Literatures in English, Volume One - Second Edition* Cynthia Sugars,Laura Moss,2025-07-28 The long awaited second edition of Canadian Literatures in English has been updated throughout to include recent scholarship and fresh literary works As with the previous edition the anthology reflects the editors commitment to historical contextualization cultural inclusion and a nuanced understanding of critical debates over the long literary history of what is now Canada New to the second edition are works by Catharine Parr Traill Edith Maude Eaton L M Montgomery Ethel Wilson and others **John A.: 1815-1867** Richard J. Gwyn,2007 But it wasn t easy The wily Macdonald faced constant crises throughout these years from Louis Riel s two rebellions through to the Pacific Scandal that almost undid his government and his quest to find the spine of the nation the railroad that would link east to west Gwyn paints a superb portrait of Canada and its leaders through these formative years and also delves deep to show us Macdonald the man as he marries for the second time deals with the birth of a

disabled child and the assassination of his close friend Darcy McGee and wrestles with whether Riel should hang pub desc v 2

The Gaullist Attack on Canada, 1967-1997 J. F. Boshier, 1999 What lay behind Charles de Gaulle's Vive le Québec libre speech in Montreal on 24 July 1967 Philippe Rossillon's activities in New Brunswick Belgium and Africa and the sinking of Greenpeace's Rainbow Warrior in New Zealand in 1985 J F Boshier argues that the motivation behind all these incidents was a policy of underhanded imperial ambition on the part of France In The Gaullist Attack on Canada he contends that French nationalists have been at work behind the screen of harmless fraternising of international francophonie in order to stimulate French revolutionary nationalism in Quebec and elsewhere and that the Gaullist ideology behind these attempts rests on a set of myths about past events age old resentment of the English speaking nations and a deep rooted belief in the superiority of France its language and its culture The Gaullist Attack on Canada reveals a phase of French imperialism that poses a threat to Canadian Confederation Since the 1960s Boshier argues de Gaulle and his followers have conspired to stimulate Quebec separatism as part of their larger goal to revive France's role as a great power He bases his case on the evidence of France's actions in other former French colonies especially in Africa as well as the writings of such leading Gaullist conspirators as Bernard Dorin Pierre Claude Mallen Pierre de Menthon and Philippe Rossillon who have boasted about their efforts to win Quebec away from Canada for France Boshier criticises the Canadian government for its failure to respond to or even to recognise the Gaullist threat The Under Secretary of State for External Affairs in the 1960s Marcel Cadieux wanted to take vigorous steps against the Gaullist mafia but was overruled by his political superiors Boshier argues that even now by standing up to French aggression the government might weaken the separatist movement in Quebec or at least turn the tide of political support for it

John A Richard J. Gwyn, 2009-03-18 The first full scale biography of Canada's first prime minister in half a century by one of our best known and most highly regarded political writers The first volume of Richard Gwyn's definitive biography of John A Macdonald follows his life from his birth in Scotland in 1815 to his emigration with his family to Kingston Ontario to his days as a young rising lawyer to his tragedy ridden first marriage to the birth of his political ambitions to his commitment to the all but impossible challenge of achieving Confederation to his presiding with his second wife Agnes over the first Canada Day of the new Dominion in 1867 Colourful intensely human and with a full measure of human frailties Macdonald was beyond question Canada's most important prime minister This volume describes how Macdonald developed Canada's first true national political party encompassing French and English and occupying the centre of the political spectrum To perpetuate this party Macdonald made systematic use of patronage to recruit talent and to bond supporters a system of politics that continues to this day Gwyn judges that Macdonald if operating on a small stage possessed political skills of manipulation and deception as well as an extraordinary grasp of human nature of the same calibre as the greats of his time such as Disraeli and Lincoln Confederation is the centerpiece here and Gwyn's commentary on Macdonald's pivotal role is original and provocative But his most striking analysis is that the greatest accomplishment of nineteenth

century Canadians was not Confederation but rather to decide not to become Americans Macdonald saw Confederation as a means to an end its purpose being to serve as a loud and clear demonstration of the existence of a national will to survive The two threats Macdonald had to contend with were those of annexation by the United States perhaps by force perhaps by osmosis and equally that Britain just might let that annexation happen to avoid a conflict with the continent's new and unbeatable power Gwyn describes Macdonald as Canada's first anti American And in pages brimming with anecdote insight detail and originality he has created an indelible portrait of the irreplaceable man the man who made us Macdonald hadn't so much created a nation as manipulated and seduced and connived and bullied it into existence against the wishes of most of its own citizens Now that Confederation was done Macdonald would have to do it all over again having conjured up a child nation he would have to nurture it through adolescence towards adulthood How he did this is however another story He never made the least attempt to hide his vice unlike say his contemporary William Gladstone with his sallies across London to save prostitutes or Mackenzie King with his crystal ball gazing Not only was Macdonald entirely unashamed of his behaviour he often actually drew attention to it as in his famous response to a heckler who accused him of being drunk at a public meeting Yes but the people would prefer John A drunk to George Brown sober There was no hypocrisy in Macdonald's make up nor any fear from John A Macdonald

Reappraisals of British Colonisation in Atlantic Canada, 1700-1930 Karly Kehoe, 2020-05-01 This collection offers new perspectives on the legacy of British colonisation by concentrating on Atlantic Canada a region that was pivotal to safeguarding Britain's imperial ambitions between 1750 and 1930

Introducing Canada Brian Gobbett, Robert Irwin, 1998-04-30 In addition to presenting brief descriptions of more than 1 000 historical monographs dealing with Canada the bibliography introduces the reader to several historiographic debates and places key works within that context

Arming and Disarming R. Blake Brown, 2012-10-23 From the Cole Polytechnique shootings of 1989 to the political controversy surrounding the elimination of the federal long gun registry the issue of gun control has been a subject of fierce debate in Canada But in fact firearm regulation has been a sharply contested issue in the country since Confederation Arming and Disarming offers the first comprehensive history of gun control in Canada from the colonial period to the present In this sweeping immersive book R Blake Brown outlines efforts to regulate the use of guns by young people punish the misuse of arms impose licensing regimes and create firearm registries Brown also challenges many popular assumptions about Canadian history suggesting that gun ownership was far from universal during much of the colonial period and that many nineteenth century lawyers including John A Macdonald believed in a limited right to bear arms Arming and Disarming provides a careful exploration of how social economic cultural legal and constitutional concerns shaped gun legislation and its implementation as well as how these factors defined Canada's historical and contemporary gun culture

Engaging the Line Brandon R. Dimmel, 2016-10-15 For decades people living in adjacent communities along the Canada US border enjoyed close social and economic relationships with their neighbours across the line The introduction of

new security measures during the First World War threatened this way of life by restricting the movement of people and goods across the border. Many Canadians resented the new regulations introduced by their provincial and federal governments, deriding them as outside influences that created friction where none had existed before. Engaging the Line examines responses to wartime regulations in several border communities including Windsor, Ontario, Detroit, Michigan, and White Rock, British Columbia. This book brings to life the repercussions for these communities and offers readers a glimpse at the origins of our modern, highly secured border by tracing the shifting relationship between citizens and the state during wartime. *Canadian History Before Confederation* J. M. Bumsted, 1979

Language, Democracy, and the Paradox of Constituent Power Catherine Frost, 2021-04-19 In this book, Catherine Frost uses evidence and case studies to offer a re-examination of declarations of independence and the language that comprises such documents. Considered as a quintessential form of founding speech in the modern era, declarations of independence are however poorly understood as a form of expression, and no one can completely account for how they work. Beginning with the founding speech in the American Declaration, Frost uses insights drawn from unexpected or unlikely forms of founding in cases like Ireland and Canada to reconsider the role of time and loss in how such speech is framed. She brings the discussion up to date by looking at recent debates in Scotland where an undeclared declaration of independence overshadows contemporary politics. Drawing on the work of Hannah Arendt and using a contextualist comparative theory method, Frost demonstrates that the capacity for renewal through speech arises in aspects of language that operate beyond conventional performativity. *Language, Democracy, and the Paradox of Constituent Power* is an excellent resource for researchers and students of political theory, democratic theory, law, constitutionalism, and political history.

Changing Women, Changing History Diana Pederson, 1996-10-15 *Changing Women, Changing History* is a bibliographic guide to the scholarship both in English and French on Canadian women's history. Organized under broad subject headings and accompanied by author and subject indices, it is accessible and comprehensive.

Gathering Places Carolyn Podruchny, Laura Peers, 2010-09-01 British traders and Ojibwe hunters, Cree women and their Métis daughters, explorers and anthropologists, and Aboriginal guides and informants: these people, their relationships, and their complex identities were not featured in histories until the 1970s when scholars from multiple disciplines brought new perspectives and approaches to bear on the past. *Gathering Places* presents some of the most innovative and interdisciplinary approaches to Métis fur trade and First Nations history being practised today. Whether they are discussing dietary practices on the Plateau, the meanings of totemic signatures, or issues of representation in public history, the authors present novel explorations of evidence that extend beyond earlier histories centred on the archive. By drawing on archaeological material, oral, and ethnographic evidence, and by exploring personal approaches to history and scholarship, these essays mark a significant departure from the old paradigm of history writing and will serve as models for recovering Aboriginal and cross-cultural experiences and perspectives.
